THE UNIVERSITY TELEPHONE EXCHANGE

Numbers preceded by "Ext" or by "3331" are on the University exchange. All other numbers are outside the exchange.

Within the Exchange.—To make a call within the University exchange, lift the receiver, and when the operator answers give her the extension number of the party that is wanted.

Local Calls Outside:

From Dormitory Telephones.—To call any Ithaca telephone number, lift the receiver and give the number to the operator, being sure to preface the number with "Ithaca" to avoid confusion with extensions having the same number.

From All Other Telephones.—To call any Ithaca telephone number, ask the University operator for "Outside," and as soon as you hear the dial tone, dial the number of the person wanted.

Toll Calls.—To make a toll call, lift the receiver from the hook, and when the University operator answers, say "Long Distance." Wait for the connection to be made with the Long Distance operator. When Long Distance answers give her your name and your University extension number, and then the information necessary concerning the telephone or person that you wish to reach at the distant point.
