THE MOST BUSINESS-LIKE HOT-WEATHER SUIT WE KNOW

At Rogers Peet you will find many kinds of Warm-Weather Clothes in many of the coolest materials that America and Britain weave. So . . . having so many good ones . . . we think we're quite unprejudiced in our opinion that a business or professional man's best mid-Summer Suit is a fine, light, all-wool Tropical Worsted . . . designed, cut and tailored in our own workrooms. It stands up and stands out for years!

"THE TUMULT AND SHOUTING DIES"

Reunions are over, graduation is over, another year has passed. Now the Co-op settles down to a quiet summer, with only Summer School and an occasional convention to enliven the Campus.

If you were back for Reunions, you probably visited the store in Barnes Hall or the Co-op booth in Barton Hall, and we want to thank you for your interest in our Cornell Gifts and your many purchases. At the same time, we want to emphasize that you can shop at the Co-op by mail as easily as in Ithaca. A postcard will bring you complete information about any Cornell item in which you are interested.

The Co-op has something for every member of a Cornellian's family—Shirts, Jackets and Caps for the kids; Glassware, Trays and Jewelry for Mother; Neckties, Playing Cards, and Beer Steins for Dad. Hundreds of items, all with Cornell Insignia and all ready for shipment to you on the same day your order is received, most of them postpaid.

VACATION SPECIAL

A fine Tackle Twill Windbreaker, tan with neat Cornell Seal, zipper front, elastic waist, two pockets. Adult sizes small, medium and large.

\$4.95

postpaid

The Cornell Co-op.

Graduates and Guests Crowd Barton Hall for Commencement—Capped and gowned Seniors of the Class of '51 and candidates for advanced degrees were seated in the center section, surrounded on three sides and in the balcony by parents and friends. Trustees and University officials occupied the stage, before a huge backdrop of red decorated with white floral clusters; at either side sat members of the Faculty. *Goldberg, Photo Science*

University Grants 1700 Degrees Acting President Addresses Graduates

ABOUT TWELVE HUNDRED Seniors and 450 graduate students received degrees before an audience of approximately 6500 persons at the eighty-third annual Commencement of the University in Barton Hall, June 11. Every seat for guests was filled fifteen minutes before the exercises started, so more chairs had to be brought in to accommodate those who stayed outside until the last possible moment to watch and take pictures of the academic procession coming up from East Avenue (see cover).

The capped and gowned candidates for degrees formed by Colleges and Schools around the Quadrangle. Class Marshals Walter S. Ashbaugh and Charlotte E. Williams, the Senior Class presidents, led the procession of the groups, each with its respective marshals, across East Avenue and to Barton Hall. Members of the Faculty fell in from Goldwin Smith Hall and then the Acting President, Chaplain, Trustees and other University officials, Deans, and Emeritus Professors, from the east entrance of the Administration Building.

After the singing of "America" by the congregation in Barton Hall, an invocation was pronounced by the Rev. Reginald E. Charles, pastor of St. John's

Episcopal Church of Ithaca. Opening the exercises, 288 ROTC students to receive Reserve commissions (almost a third of the Senior men) were presented by their commanding officers, Colonel George S. Smith, USA, Captain Frederick S. Habecker, USN, and Colonel George T. Crowell, US Air Force. Most of the new officers will report soon for active duty. Of the group, 131 were commissioned in the Army, twenty-seven in the Navy, one in the Marine Corps, and 129 in the Air Force.

According to degrees, Seniors and graduate students were called upon by their respective Deans to stand while Acting President Theodore P. Wright conferred degrees upon them. Student marshals of each group were summoned to the stage for congratulations by the Acting President and their Deans.

Wright Surveys Present Situation

In his Commencement address, President Wright considered the dilemmas facing the individual, the state, and the nation today. He urged "greater restraint" in the current hearings in Washington, but said he believed the inquiries to be useful. "National security can be threatened unless we solve correctly the

dilemma posed by present complete freedom of open discussion of our foreign and military policies, on the one hand, and attendant risk of aid and comfort to potential enemies and also possible national disunity, on the other," he declared. "Although our frequently-recurring 'great debates' have in the opinion of many gone beyond proper bounds, the results will prove the value of all-cards-on-the-table discussions, even in such matters; though one would wish for greater restraint."

He sharply criticized some of the tactics being used to detect subversive elements, deploring what he called "a tendency to convert investigations into witch hunts and due-process procedures into assumptions of guilt by association and even by accusation. The fear generated by these tactics so prevalent today is working great harm to all our people and especially to those in government," he said, "and many methods of investigation now being used are giving great comfort to our enemies. . . . People of integrity and ability hesitate to accept government posts where they will have to face the tactic of character smear practiced by some members of Congress, who are themselves protected from just suits for libel by Congressional immunity. It is hoped that Congress will acquire the courage and wisdom to correct this undemocratic situation."

The President also expressed concern about "overemphasis on secrecy in many fields of science, at the expense of scientific advance." He called the Communist aggressors "a clever gang," and said that collective security, accompanied by our own rearmament and with the United Nations and the North Atlantic Treaty as the starting points, offer the best hope of combatting them.

Pleads for Balanced Judgment

Addressing himself directly to the graduates, he declared: "Life is full of dilemmas, some big, some small. Each requires for solution an analysis of all factors and an on-balance judgment as to the proper course of action to take and where to draw a line between negotiation and appeasement." To his own question, "What are some of the suggested answers?" he replied: "Education, a scientific approach to all problems, a renewed faith in democracy, together with patience and courage."

"We must protect our basic freedoms, assume the responsibilities that they im-

pose, and always attempt to achieve progress by persuasion without resorting to compulsion, conflict, or violence," he concluded.

With the singing of the "Alma Mater" and a benediction pronounced by the Rev. Charles, the Commencement exercises came to a close. After the ceremony, the new alumni scattered with their relatives and friends and to receive their diplomas at the various administrative offices. The Faculty of the College of Arts and Sciences gathered in the lobby of Goldwin Smith Hall to greet the graduates and their families after the exercises. Agriculture Seniors had introduced their parents to their teachers at a reception in the Memorial Room of Willard Straight Hall the afternoon before.

Hold Baccalaureate Services

The Baccalaureate service, Sunday morning, June 10, was also in Barton Hall. Addressing the gathering of Seniors, Faculty, University officials, and other guests, the Rev. Robert R. Wicks, retired dean of the chapel at Princeton University, said that a spirit of love is the sole force that can bring men together. "An understanding of human life under God is needed today to turn us from mere fear of what we are against, to regain the positive strength of what we are for. We stand with creation which moves not backward, but forward through continuous revolution, in an endless experiment to form and reform imperfect society to make new channels for the divine spirit which develops individuals, not in prosperity nor in regimentation, but in responsibility," he said.

A Catholic Baccalaureate sermon was delivered in Barnes Hall by the Rev. Donald M. Cleary, chaplain to the Catholic students. The Mass was celebrated by the Rev. Walter W. Kempf of the Franciscan order, who received the PhD at Commencement.

Engineers in Great Demand

Among the graduates at Commencement were 150 students who were the first to complete the five-year Engineering course. Dean S. C. Hollister of the College of Engineering says that experience with this first group has convinced the University of the soundness of the five-year program. Average starting salaries for the five-year men are comparable to those being paid engineers with Master's degrees, he says, adding that a class four times as large could have been placed. Military service, however will sharply reduce the number immediately available to help relieve the critical engineering shortage in industry. Of twenty-seven graduating in Electrical Engineering, for example, twenty-one were commissioned and ordered to duty;

of forty-nine in Mechanical Engineering, twenty-five went to military service.

Senior Class Celebrates

A Class picnic at Robert H. Treman State Park, June 6, started Senior Week festivities. The Senior banquet was in Statler Hall, June 7, with James J. Munns '14 describing his recent trip around the world. Senior award of a gold watch and scroll from the Federation of Cornell Men's Clubs for the "most outstanding" member of the Class was presented at the dinner to James D. Stocker by the Federation president, Alfred M. Saperston '19. The Senior Ball was June 9 in Willard Straight Memorial Room.

Sunday evening, June 10, rain drove the Seniors to the Memorial Room for Class Day exercises, originally planned for the slope behind McGraw Hall. Class historians Susan L. Pardee and George A. Myers read the Class histories, Keith Seegmiller and Martha K. Palmer presented the Class orations, and Walter S. Ashbaugh passed on the Class pipe to James L. Gibbs, Jr. '52, next year's Senior president.

Alumni officers of the men's Class of '51 are Russell Ross, secretary-chairman, 2114 College Street, Jacksonville, Fla.;

Senior Gets Club Award—At the Senior banquet in Statler Hall, June 7, Alfred M. Saperston '19 (left), president of the Federation of Cornell Men's Clubs, presented a gold watch and scroll to James D. Stocker as "the most outstanding member" of the Class of '51. The son of Professor Marion K. Stocker, Home Economics, Stocker was a member of the Interfraternity Council, the Student Council, and the Senior Class Council, Freshman orientation and University committee on student activities; manager of Varsity baseball; and secretary of the Glee Club. He is a member of Phi Kappa Sigma and Quill & Dagger; was commissioned as ensign, USNR, and ordered to duty on a destroyer; is president of the Class of '51 Alumni Council. The Senior Award includes a year on the executive committee of the Federation. *Cornell Daily Sun*

Stocker, president of the Class Council; Myers, vice-president; Seegmiller, treasurer; William C. McNeal, ALUMNI NEWS correspondent; and Peter H. Rose, Alumni Fund representative. Women's officers are Charlotte E. Williams, president; Jean E. Eagle, 387 Voorhees Avenue, Buffalo 16, secretary; Carolyn E. Kingsley, treasurer; Mary Perrine, ALUMNI NEWS correspondent; Constance Pirnie, Alumni Fund chairman; and Margaret J. Dutcher, Reunion chairman.

Largest Medical College Class

At the fifty-fourth Commencement of the Medical College in New York, June 12, Acting President Wright conferred the MD on eighty-seven graduates. It was the largest graduating class in the history of the College. Dean Joseph C. Hinsey presided and the Commencement address was by Dr. William C. Menninger '24, psychiatrist, of the Menninger Foundation, Topeka, Kans., whose son, Roy W. Menninger, was among the graduates.

Nineteen of the ten women and seventy-seven men who received the MD are graduates of the University at Ithaca. One of them, George H. Carman '48, won third highest honors in the Class; another, Robert L. Hirsch '44, received the Borden Undergraduate Research Award. The John M. Polk Prize for attaining the highest scholastic average for the entire course went to Dr. Stanley J. Birnbaum, who also received the second Bernard Samuels Prize for proficiency in Ophthalmology. Second Polk Prize went to Augusta S. Alba who also won the second Gustave Seeligman Prize for proficiency in Obstetrics.

Besides Drs. Carman and Hirsch, the others who were Cornell undergraduates are Drs. James H. Stephenson '40; Henry L. Hood '43; Robert B. Beede and William W. Ward of the Class of '44; James D. Allan and Philip S. Herbert of the Class of '45; Donn R. Quinn '46; Robert H. Curtis, Philip A. Nichols, Sanford M. Reiss, and James O. Wynn, Jr. of the Class of '47; Esther M. Fincher, Jack M. Gershberg, Peter T. Janulis, William H. Jeffreys, Alfred W. Kopf, and Dewey A. Nelson of the Class of '48.

Announce Concert Series

THREE SOLO ARTISTS and three orchestras will appear in the 1951-52 University concert series in Bailey Hall.

Opening the series with a recital, October 9, will be Eileen Farrell, young American soprano. November 16, the Cincinnati Symphony Orchestra will be here, with Thor Johnson conducting. Rudolf Firkusny, European pianist, will appear December 4, and Joseph Fuchs, American violinist, January 15, 1952. At popular request, the Cleveland Or-

chestra, under its musical director and conductor George Szell, will return February 15. The series will close March 11 with a concert by the Mozart Orchestra, under the direction of Robert Scholz, American-born composer, pianist, and conductor, and with Helen Kwalwasser as solo violinist.

To Study University

APPRAISAL and planning for the future development of the University will be carried on by two committees of members of the Faculty and administration, recently appointed by Acting President Theodore P. Wright.

A committee headed by Professor Andrew Schultz, Jr. '36, Industrial & Engineering Administration, will intensively survey the University internally. Another, headed by the President, will undertake long-range planning and recommend priorities to meet the overall needs of the University to the planning and development committee of the Board of Trustees.

It is expected that the first committee may complete its studies in two or three years. Its objective, as stated by the chairman, is "to make a thorough study of the University from an academic, financial, and physical standpoint, including an appraisal of academic policy, consideration of present and future sources of income, physical capacity for students and instruction, and items such as research, size of the University, fields of offering, etc., related to the problem. Reports and recommendations of the committee will be submitted to the President, and presumably he will refer portions of these to the 'Long Range Committee' for study and guidance."

A subcommittee has been appointed to study and appraise the academic aspects of the University. Professor Robert E. Cushman, Government, will head this study, assisted by Professors Damon Boynton '31, Pomology; William H. Farnham '18, Law; Dexter S. Kimball, Engineering, Emeritus; Malcolm S. McIlroy, Electrical Engineering; Henry A. Myers, PhD '33, English; and Loren C. Petry, Botany. The survey committee will also collect information as to specific plans and needs of the various divisions, and make financial estimates and forecasts.

Serving with Professor Schultz on this survey committee are Vice-presidents George F. Rogalsky '07, Willard I. Emerson '19, and John E. Burton; Deans Carleton C. Murdock, PhD '19, of the Faculty and Paul M. O'Leary, PhD '29, Business & Public Administration; Associate Dean M. Lovell Hulse, PhD '34, Arts & Sciences; Richard Parmenter '17, Co-ordinator of Research; Robert E. Terwilliger, Assistant Treasurer; and Professors Harry Caplan '16, Classics,

Forrest F. Hill, PhD '30, Agricultural Economics, and Herrell F. DeGraff '37, Food Economics.

The Long Range Planning Committee is expected to chart material needs in all areas, in order of priority, after studying the needs as presented by heads of divisions, and make recommendations as to how and when the needs may be met, for guidance of the planning and development committee and the Board of Trustees. Headed now by Wright as

Vice-president for Research, it has in its membership Vice-presidents Rogalsky, Emerson, and Burton; the president of the Student Council, John C. Lanke-nau '52; Robert H. McCambridge, MS '47, Administrative Assistant to the President; and Professors Schultz, Caplan, Hill, DeGraff, McIlroy, and Robert B. MacLeod, Psychology; Clinton L. Rossiter '39, Government; Lloyd P. Smith, PhD '30, Physics; and Frederick M. Wells '26, Architecture.

Alumni Celebrate at Class Reunions Wright Reports on University

Rally Provides Barton Hall Spectacle—Reunion chairmen for men and women range themselves before their Class banners massed upstage, beneath a huge Seal of the University. At the microphone is the Rally master-of-ceremonies and president of the Alumni Association, Harry V. Wade '26. *Smith, Photo Science*

FIVE CLASSES set new records for registration at Reunions, June 8 and 9, when a total of 2245 Cornellians enjoyed two gala days on the Campus.

No Sixty-year Class had ever before registered 18 members, as '91 did this year. Similarly, the Fifty-five-year Class of '96 set a new record of 32 members registered, two more than '95 had last year. The Class of '11 with 151 members registered shattered the previous Forty-year record of 139 made by '09 in 1949. The Class of '16 with 183 members here topped by one the record for Thirty-five-year Classes set by '12 in 1947. And the long-time mark for the Two-year Reunion of 135, which '32 set in 1934, was broken this year by the Class of '49 with 149 members registered.

Classes Get Cups

Cup given by the Association of Class Secretaries for the largest percentage of living members present was received at the Rally by the Fifty-year Class of '01 Reunion chairmen, Walter E. Phelps and Katharine R. Buckley. The cup for largest number of men registered was presented to Walter W. Buckley, acting

for the Twenty-five-year Reunion chairman and Class secretary of '26, Harry V. Wade. A silver Paul Revere bowl for the largest number of women at Reunions, awarded last year for the first time, was received by the '26 women's chairman for the Twenty-five year Reunion, Mrs. H. G. Vogt (Elizabeth Koetsch).

Campus Takes on Color

First Reunion celebrants began arriving in Ithaca early in the week, and Class headquarters in the men's and women's dormitories, the men's tents on Library slope, and the central headquarters in Barton Hall took on life and color early Friday. Men and women in Reunion costumes were everywhere, with music resounding from a fife and drum corps which led the Fifty-year Class, a Scotch bagpipe band of 1916, and bands of '21 and '26. Men of the Class of '31 wore brief red shorts and tattered straw hats, and the '26 women attracted comment for their fanciful "fun hats" decorated with bird-cages and other amusing motifs.

Friday luncheon in Barton Hall was the first general gathering of the Classes,

and the afternoon was devoted to Campus Caravan bus tours of the Campus and environs, many greetings at Class headquarters, and a well-attended session in the Statler Club where four members of the Faculty discussed phases of the general topic, "The Soviet Union and the Community of Nations." About 100 alumni heard Professors Knight Biggerstaff, Chinese History, Alfred E. Kahn, Economics, and Marc Szeftel, History, with Professor Arthur E. Murphy, Philosophy, as moderator, and stayed for nearly two hours asking questions and exchanging ideas on the place of Russia in the world.

Alumni Sing with Seniors

Most Classes held picnics or dinners Friday evening, and many alumni went to the Quadrangle at dusk to sing with the Seniors on the Goldwin Smith portico and listen to the music of the Chimes as the sun set over West Hill. Later, Willard Straight Theater was crowded for the first Senior Week performance of "The Taming of the Shrew" by the Dramatic Club, repeated after successful Spring Day performances, with some changes in the cast. Again the Shakespeare comedy was thoroughly enjoyed and its choice and presentation approved by all who saw it.

Glee Club Pleases Alumni

The Glee Club in Bailey Hall attracted unusually favorable comment in a new show, "Base Cleff," written and presided over by Robert M. Jasinski '53. Under direction of Thomas B. Tracy '31 and led by Lewis B. Ward '52, Harrison P. Efferth '52, and Lee C. Naegely '52, the sixty singers presented familiar Cornell songs mixed with Gilbert & Sullivan, folk songs, spirituals, and novelty numbers. Soloists enjoyed were Edwin C. Gibson '53, Thomas W. Priester '51, John F. Craver '52, William L. Hodges '52, Quentin M. West, Grad, and Stephen E. Michelman '52.

Women Hear of White Diaries

Saturday morning, the annual Reunion breakfast for all Cornell women overflowed the Willard Straight Memorial Room. Sponsored by the Cornell Women's Club of Ithaca, its president, Mary B. Wood '37, introduced as speakers Trustees Mary H. Donlon '20 and Ruth F. Irish '22; Deans E. Lee Vincent, Home Economics, and Lucile Allen; Alumnae Secretary Pauline J. Schmid '25; Martha K. Palmer '51, president of WSGA, and Charlotte E. Williams '51, president of the Class; and Professor George H. Healey, PhD '47, English, who told of the recent discovery of the Andrew D. White Diaries and of their importance to learning of the beginnings of the University. Memorial Room was decorated with flowers for the breakfast

Official registration in Barton Hall. **Bold** figures designate scheduled Quinquennial Reunion Classes.

by Mrs. Philip A. McEachron (Mary Roberts) '35. Chairman of arrangements for the Ithaca Club was Mrs. Chilion W. Sadd (Arlene Nuttall) '32.

Some 500 alumni crowded the Statler Hall auditorium for the annual meetings of the Alumni Association and Alumni Fund, to hear the report of the Alumni Trustee election, elect officers of the Fund Council, and hear Acting President Theodore P. Wright report on the state of the University. (Wright has headed the University since January 27; at its Commencement meeting, the Board of Trustees presented him with a silver bowl, inscribed: "In grateful appreciation of the Board of Trustees of Cornell University for a grand job well done.")

Name Administration Building for Day

Introduced by President Harry V. Wade '26 of the Alumni Association, President Wright paid tribute to the late President Day and announced that the Trustees had officially named the Administration Building Edmund Ezra Day Hall in his memory and would install in the building a plaque to him and to the late Emmons L. Williams, for many years University Treasurer and the first Comptroller, who left his entire estate of some \$45,000 to be used toward erection of "a suitable and adequate administration building."

President Says Teaching Leads

Having become acting head of the University with a background of experience in industry, business, Government service, and as Vice President for Research, President Wright told the alumni he sees the most important job of the University as the teaching of students. "Research and all the other activities carried on here," he said, "are only justified as they make more fruitful the job of teaching students." He spoke of the University as a little world, or microcosm, "where our students rub elbows with all kinds of persons and solve their problems, gaining knowledge that will grow into wisdom."

Small Decrease Expected

He reported that the University had about 9500 students in Ithaca this year and had budgeted for about 8700 in 1951-52, with prospect of perhaps 200 or 300 more than that because of the three branches of ROTC, additional places for 125 women a year, and an estimated 1000 war veterans and about 1100 men under the draft age of eighteen-and-a-half. Outlining recent steps taken to bring students into closer liaison with the University administration and Faculty and their success in extracurricular activities, including sports and student government, he said, "You have no cause for concern about their stability, morale, and conduct. Cornell stu-

dents are being well fitted for citizenship as well as for successful professional activities."

Faculty Relations Improve

Speaking of the Faculty, he said that relations and communication between Faculty, administration, Trustees, and students have been improved, with resulting improvement in morale, and that all Faculty salaries this spring have been brought to the minimum scales established by the Trustees. These minima, he said, are too low, but he quoted average salaries now as \$3566 a year for instructors, \$4528 for assistant professors, \$5594 for associate professors, and \$7631 for professors in the endowed Colleges. He said these averages are about those of eighteen other endowed colleges and universities, but should be higher because "the Faculty is the heart of the University."

The President said that Faculty counseling of students is being improved, with official recognition given for adequate counselling, along with teaching and research, in consideration of salary increases and promotions. He reported also the establishment of a "due process" procedure for dismissal of Faculty members if that should become necessary, and reiterated the policy announced by President Day, that "there is no place on the Faculty for an avowed or proven Communist." But he warned against assuming guilt merely by association, and spoke of his own investigations of current questionable cases. Of the new University Professorship of American Studies established in memory of John L. Senior '01, he said that candidates were being screened for appointment by the new President, and commended the establishment of the Babcock Professorship of Food Economics in Nutrition to be filled July 1 by ap-

pointment of Herrell F. DeGraff '37.

Research, he said, becomes increasingly important, with some 1280 "exciting projects" sponsored this year for a total of \$11,500,000. He pointed out that only 1.6 per cent of research support comes from the University budget, with most from Government agencies and some from corporations and foundations. He noted the aid to the defense effort from research at the Aeronautical Laboratory in Buffalo and its closer coordination with teaching and Faculty employment, and marked the establishment of over-all centers such as the Social Science Research Center, Aerial Photography Center, Housing Research Center, and the Guggenheim Aviation Safety Center in New York.

Clear University Problems

He described new buildings recently completed, under construction, and soon to be built; mentioned the important discovery of the Andrew D. White Diaries and the authorization of a University Archivist to collect such historical material. Saying that "the University was never better staffed than now, both in Faculty and administration," he spoke most highly of the Trustees' selection of Deane W. Malott as President and commended Vice-president Willard I. Emerson '19 as "just exactly the right choice for that job" in charge of University development. He described the President's "cabinet" as a group to make recommendations to the Board of Trustees and said that the matter of "liaison" between the administration and Trustees as a policy-making Board is being studied. He spoke of new Faculty committees set up to regulate standards of student housing off the Campus and to study the possibilities of expanding visual and sensory aids to education, and of new committees to appraise the ob-

Youngest and Eldest Alumni Here—Martha K. Palmer '51, daughter of James B. Palmer '21 and the former Martha Kinne '24, president of WSGA this year, greets the eldest Cornellian registered for Reunions. He is Charles E. Curtis '85 of Ithaca, who was for many years University Superintendent of Buildings & Grounds. *C. Hadley Smith*

jectives and size of the University and evaluate efforts for its long-range development. The University is at work also, he said, on clarifying its unique relation in operating contract Colleges of the State University of New York.

President Wright reported that this year's balanced budget would be met, and predicted that operations might show a surplus of perhaps \$75,000 to start the next year, July 1. He said that the accumulated deficit would be wiped out by appropriation from unrestricted gifts to the Greater Cornell Fund and that the financial outcome for 1951-52 will depend on the number of students here, but a deficit, if any would be small.

Cites Principal Needs

The University needs, he said, \$25,-000,000 additional endowment for operating income. It needs improved Library facilities and men's dormitories, to increase the level of Faculty salaries, and more endowed professorships, scholarships, and fellowships. Its principal problems, the President said, are to meet the effects of inflation, to continue to hold its Faculty and staff by increasing salaries and improving morale, and to "keep at all costs the liberal heritage that has always marked Cornell."

The announced panel of Trustees to discuss University matters with alumni at the meeting was abandoned because of lack of time, but the Trustees present were called to their feet for recognition by President Wade.

Barton Hall Luncheon Colorful

Saturday Reunion luncheon took most alumni again to Barton Hall. Headed by their bands and in colorful costumes, the Classes marched in order around the tables and to Hoy Field for their group

Bagpipers Lead '16 Reunion—Scottish War Veterans of America Band swings off up Library slope from the Reunion tents, about to head procession of Thirty-five-year Class. *C. Hadley Smith*

pictures and the baseball game with Colgate, while Campus Caravans, the annual meeting of the Federation of Cornell Women's Club's, and the traditional alumni-Faculty get-together in Willard Straight Hall occupied many until the Class dinners that night.

Rally Makes A Spectacle

For the final general gathering, some 4500 alumni and spectators returned to Barton Hall Saturday night for the Reunion Rally, masterfully staged and presided over by President Wade. Lighting of the stage with its red backdrop with huge Cornell Seal Wade had designed, the music of an organ played by C. Wesley Thomas '25 and singing led by Glee Club Director Tracy, with the pageantry of Class banners and uniforms, made it an impressive spectacle.

Wade opened the Rally by reading from Ezra Cornell's dedication of the University. The band marched down the center aisle playing "Cornell Victorious," followed by the Glee Club, then played "Stars and Stripes Forever" as a military color guard brought in the colors, the audience rising to sing the National Anthem. Then to the stage came the Scottish War Veterans Bagpipe Band, leading the Class of '16 to its seats, and played a number on stage, accompanying then their fifteen-year-old Miss MacKenzie in her expert sword-dance. After singing led by Tracy, Wade called to their feet some of the emeritus professors who were seated in a special section down front, and the Cayuga Waiters of the Glee Club sang selections. In the darkened hall, the audience stood in absolute silence in tribute to the late President Edmund E. Day while a bugler blew "Taps" in an outer part of the hall.

Classes Receive Cups

All Reunion chairmen were then called to the stage with their banners for each Class which Wade had made, and the banners were massed at the back with the chairmen standing before them as Wade presented the Association of Class Secretaries cups for Reunion attendance. Next came Richard H. Lee '41, with his unique and well-remembered combined singing and whistling, then songs by the Glee Club on stage, before Wade introduced Acting President Wright for a brief further message to the alumni. "Cornell has never been in better shape in all divisions than it is now," he said. "Your University will continue to grow in stature; will hold its high position among universities; will continue to treat its students as adults; and will maintain its place in the hearts of its alumni." The "Evening Song" in the darkened hall had color pictures of the Campus by Professor Alfred M. S. Pridham, PhD '33, Floriculture, shown

Jessel S. Whyte '13—Re-elected president of Alumni Fund Council for second term.

on a screen while the audience first sang, then stood for a Glee Club repetition, and another on the organ.

From Barton Hall, the visitors returned to their Class tents and headquarters to catch up on the last joys of another Reunion before going home.

Alumni Fund Does Well

RE-ELECTS WHYTE '13

ANNUAL MEETING of the Alumni Fund in Ithaca, June 9, re-elected Jessel S. Whyte '13 of Kenosha, Wis., president of the Alumni Fund Council for 1951-52. New vice-presidents for the year are Ernest R. Acker '17, Willard A. Kiggins, Jr. '21, Eugene M. Kaufmann, Jr. '26, and Edith L. Gardner '36, and William M. Vanneman '31 and Jansen Noyes, Jr. '39 were re-elected. Elected to the executive committee of the Fund Council were Edward S. Jamison '16, Mrs. Walter M. Bacon (Caroline Dawdy) '30, James B. Burke '31, and H. Cushman Ballou '20, with the Class of '51 representative, Peter H. Rose, serving for a year. Harold L. Bache '16 headed the nominating committee.

President Whyte recalled that the Alumni Fund campaign for unrestricted annual gifts had reorganized after the Greater Cornell Fund campaign only last January 1, and said that to June 8, \$109,617 had come to the Fund in gifts, with substantially more expected by the close of the fiscal year, June 30. He reported that the Twenty-five-year Reunion Class of '26, with H. Hunt Bradley as Fund representative, had already exceeded its Q Class quota with \$27,238 collected, beating the previous record of \$25,115 set by the Class of '19. The Thirty-year Class of '21, led by Kig-

gins, had thus far reported \$28,337 and would exceed its goal of \$30,000 for the Fund, as would the Thirty-five-year Class of '16 and perhaps others of the Quinquennial Reunion Classes.

Alumni Societies Elect

REUNION BREAKFAST meetings of the two Senior societies, June 10, elected officers and surveyed the year's activities.

Sphinx Head had fifty-two members present in Willard Straight Hall and later adjourned to the Tomb below the Stewart Avenue bridge, which has been redecorated by the chapter. Foster M. Coffin '12 was re-elected alumni president of the society, with Dean Frank C. Baldwin '22 as vice-president, Charles E. Dykes '36 succeeding the long-time treasurer, Hugh E. Weatherlow '06, and John A. Krieger '49, Alumni Field Secretary, as secretary.

Seventy members of Quill & Dagger, meeting at the Statler Club, elected Thad L. Collum '21 president, succeeding the late Trustee Roger H. Williams '95. Alumni Secretary R. Selden Brewer '40 was re-elected secretary, as was Professor Charles V. P. Young '99, Physical Education, Emeritus, treasurer. Professor Young reported progress on the pictorial history of the University for which he is collecting material with grant of \$500 a year from the society, and showed copies of the Cornell Day program which Quill & Dagger had provided.

Women's Clubs Report

TWENTY-SEVEN CLUBS were represented at the annual meeting of the Federation of Cornell Women's Clubs in Ithaca, June 9, which heard reports on all Federation activities during the year. Mrs. James H. Zimmer (Orpha Spicer) '27, treasurer of the Federation Scholarship Endowment Fund, reported its total now as \$50,548, with \$2,388 raised for the Fund this year by member Clubs. Mrs. Horace E. Shackelton (Alberta Dent) '20, chairman of the awards committee, announced that Federation Scholarships of \$500 each would go next year to Marion E. Schott, Senior in the Veterinary College (second award); Martha J. Trevor, Junior in Agriculture; Beverly H. DeJong, Sophomore in Industrial & Labor Relations; and Melvina B. Miller, entering Arts & Sciences from Montclair, N. J.

A Cornell Plate for the greatest increase in membership this year was presented by the president, Mrs. Edwin S. Knauss (Dorothy Pond) '18, to Mrs. Henry P. Schott (Eleanor Tehle) '45 for the Cornell Women's Club of Schenectady. The meeting was addressed by

Trustees Mary H. Donlon '20 and Ruth F. Irish '22 and by Dean E. Lee Vincent, Home Economics.

Delegates elected Mrs. Thomas W. Hopper (Helene Miner) '29, first vice-president of the Federation. She has been successively president of the Cor-

nell Women's Club of Boston and secretary and president of the Cornell Women's Club of Philadelphia. Mrs. William E. Balden (Dawn Rochow) '39, this year president of the Cornell Women's Club of Rochester, was elected third vice-president.

Alumni Elect Mrs. Arnold & Taylor To University Board of Trustees

ALUMNI TRUSTEES of the University, elected by degree-holders for five-year terms beginning July 1, 1951, are Mrs. John W. Arnold (Dorothy McSparran) '18 of New York City and Reese H. Taylor '22 of Los Angeles, Cal. The new Trustees succeed Edward E. Goodwillie '10 and Victor L. Butterfield '27, whose terms expired June 30.

At the annual meeting of the Cornell Alumni Association, June 9, Charles H. Dykes '36, chairman of the committee on elections, reported that the committee had counted 13,742 ballots of the 13,898 received by mail at the Treasurer's office; 156 being invalid. This was 792 more ballots than the 12,950 counted last year, an increase of 6 per cent. About 49,000 ballots were mailed to degree holders this year. Committee on elections also included Mrs. Nan Willson Bruff '09, Mrs. Charles I. Sayles (Dorothy Fessenden) '25, Ray S. Ashbery '25, and John F. McManus '36.

Mrs. Arnold received 7774 votes; Taylor 7346. The other candidates recommended by the Alumni Association committee on Alumni Trustee nominations were William H. Hill '22 and H. Victor Grohmann '28.

Mrs. Arnold (above) is assistant professor of English and dean of women in

Washington Square College of Arts & Sciences of New York University. She received the AB in 1918, studied at Yale and Pennsylvania, and taught at Bryn Mawr and at Illinois and Minnesota. Elected to Phi Beta Kappa as a Senior, she has been president of the chapter at NYU, where she is a member of faculty committees on curriculum, standards, and residence, chairman of the committee on the university commons, and of the board of control for women's athletics. She has been a director and vice-president of the Cornell Alumni Association and the Cornell Women's Club of New York and from 1948-50 she represented the Federation of Cornell Women's Clubs on the committee on Alumni Trustee nominations. Her sister is Mrs. Ruth McSparran Abrom '20.

Alumni Trustee Taylor (above) has been president of Union Oil Co. of California since 1938, having been superintendent of Llewellyn Iron Works and worked up from production manager to president of Consolidated Steel Corp. He is a director of the Federal Reserve Bank of San Francisco, American Petroleum Institute, and Freedoms Foundation; a member of the National Industrial Conference Board, National Petroleum Council, and public policy com-

mittee of the Advertising Council; and a trustee of California Institute of Technology. Son of the late Waller Taylor '95, he entered Sibley College in 1918 and in 1920-transferred to University of California, where he received the AB in 1922. He was chairman of special gifts for Southern California in the Greater Cornell Fund campaign and is a member of the University Council and of Zeta Psi. His son, Reese H. Taylor, Jr., graduate of Stanford in 1949, has just completed his second year in Law.

Trustee Board Organizes

At its Commencement meeting, June 11, the Board of Trustees re-elected for five-year terms, beginning July 1, Trustees Nicholas H. Noyes '06, who has been on the Board for eighteen years; Robert E. Treman '09, twenty years on the Board; and Mary H. Donlon '20, a member for fourteen years. The Board did not fill the vacancy caused by the death of Trustee Franklin W. Olin '85, for the term expiring June 30, 1953. It re-elected for one-year terms Trustee Frank S. Columbus, Louis Hollander, and Thomas A. Murray from the field of labor, who have been members since the positions were instituted six years ago. Harold M. Stanley '15 was re-elected to the Board for 1951-52 by the New York State Grange, as he has been since 1943.

The Board re-elected Arthur H. Dean '19 chairman of its executive committee for the year beginning July 1, as it did Joseph P. Ripley '12, chairman of the investment committee; John S. Parke '23, chairman of the buildings and grounds committee; and George R. Pfann '24, chairman of the law committee. Francis H. Scheetz '16 was elected chairman of the planning & development committee, succeeding Larry Gubb '16, and J. Carlton Ward, Jr. '14 succeeds Edward E. Goodwillie '10 as chairman of the membership committee.

Set New Advisory Council

An Architectural & Engineering Advisory Council, which had been authorized by the Trustees to supercede the former Architectural Advisory Council and Engineering Advisory Council, was constituted by the Board. Its members are Dean Thomas W. Mackesey, Architecture, chairman; Dean S. C. Hollister, Engineering, vice-chairman; three members of the Faculty, Professors Frederick M. Wells '26, Architecture, Frederick S. Erdman, PhD '41, Engineering, and Donald English, Economics and Business Administration; two alumni, Morgan B. Klock '16 and Frederic C. Wood '24; and the Superintendent of Buildings & Grounds, Robert M. Mueller '41, ex-officio.

The Council will assist and advise the buildings & grounds committee of the Board of Trustees in matters involving

architecture, landscaping, and engineering and may recommend changes or developments in the University plant. "In general, this Council will make recommendations in matters pertaining to design and planning of buildings, grounds, and utility services, from the standpoint of their architecture and en-

gineering. They will advise in connection with the preparation of the Campus Development Map, standards of construction, and broad studies leading to the rehabilitation of the existing plant." Except the Deans and Buildings & Grounds Superintendent, members are appointed for two-year terms.

Eleven Faculty Members Retire

EIGHT PROFESSORS and two associate professors retired June 30. Two are from the Medical College in New York. Also retiring this June would have been Professor Lyman P. Wilson, Law, who died April 20, and Professor Earle N. Burrows '07, Civil Engineering, who died May 6.

Eugene D. Montillon '07 became professor of Landscape Architecture, Emeritus, but will teach part-time next year. With Professor Frederick W. Edmondson '36, he teaches the course in Land Planning which was instituted in 1949. Professor Montillon became an assistant in 1910 and was appointed instructor in Landscape Art in 1912, after he received the BArch. In 1917, he was appointed assistant professor of Landscape Art, changed to Landscape Architecture in 1922, and in 1934 he was promoted to professor. He has been a member of the policy committee for development of the Cornell Plantations; is a member of Phi Kappa Tau, American Society of Landscape Architects, and Gargoyle; and has been chairman of the Ithaca Planning Commission.

Dr. George N. Papanicolaou of the Medical College becomes professor of Clinical Anatomy, Emeritus, but will continue to teach. He discovered a new test for detection of uterine cancer and with Drs. Frederick G. Panico, Surgery, and William A. Cooper '32, Clinical Surgery, designed a widely-heralded silk-brush balloon to help detect stomach cancer. Borden Award of \$1,000 and gold medal for 1948 were presented to him for his outstanding contributions in cancer diagnosis and he won the 1950 Lasker Award of the American Public Health Association for his work on early diagnosis of cancer by cytological methods. He was one of six scientists to share \$21,000 in prizes awarded in December, 1949, by the American Academy of Arts & Sciences for research in disorders of the human organs, and last year received a grant of \$36,720 for cancer research from the Federal Government. A native of Greece, Professor Papanicolaou took the MD at the University of Athens in 1904 and the PhD at the University of Munich in 1910. Coming to the United States in 1913, he joined the pathology department of The New York Hospital and became successful instructor, assistant professor, as-

sociate professor, and professor of Clinical Anatomy in the Medical College.

Bessie A. R. Parker, Associate Dean of the Nursing School in New York, retired June 30; was appointed professor of Nursing, Emeritus, last January. Professor Parker joined The New York Hospital in 1932 as administrative director of evening nursing service and assisted in bringing about the consolidation of the Cornell University-New York Hospital School of Nursing in 1942. In 1946, she became Associate Dean of the School and associate director of nursing service of The New York Hospital. A graduate of Rhode Island Hospital Training School for Nurses, she attended Teachers College at Columbia; was secretary of the New York State League of Nursing Education and has served on various committees of the National League of Nursing Education and of the American Nurses' Association. Last November, she was awarded a "President's Chair" by the board of governors of the Society of The New York Hospital in recognition of her many years of loyal and able service to the Hospital. Faculty and students at the School of Nursing honored her at a dinner, May 22. She lives in Cragmoor.

Professor Clifford N. Stark, PhD '27, Bacteriology, Emeritus, has retired after twenty-seven years at the University. He was an instructor until he received the PhD and then was appointed assistant professor. In 1932, he was promoted to professor of Bacteriology. Professor Stark received the BSA at Middle Tennessee State College in 1920; the BS in 1923 and the MS in 1924 at George Peabody College for Teachers. Before coming to Cornell, he was a high school principal and teacher of agriculture in Christiana, Tenn., and superintendent of schools in Calhoun, Ky. As a researcher in food bacteriology, he developed a method of determining contamination in water, milk, and other foods which was officially accepted by the American Public Health Association. He has published more than sixty papers. He is a fellow of the American Association for the Advancement of Science and a member of Sigma Xi and numerous professional societies. He and Mrs. Stark, formerly an instructor in Bacteriology, are returning to the family farm on Duck River in Hickman County, Tenn.

Professor Homer C. Thompson, Vegetable Crops, Emeritus, headed the Department of Vegetable Crops for thirty years. He was one of the first to develop graduate work in vegetable crops and more than half of the men in this country with advanced degrees in that field were trained under him. Besides numerous articles and bulletins, he has written three books: Vegetable Crops, now in its fourth edition and considered the standard text for the study of vegetables in most agricultural colleges in the United States; Sweet Potato Production, and Asparagus Production. He discovered that chilling induces seed stalk formation in biennial plants. Coming to Cornell as professor of Vegetable Gardening in 1918, he was previously on the faculties of Mississippi State College and of Clemson College and horticulturist with the USDA. At Ohio State he received the BS in 1909, the MS in 1922, and the PhD in 1926. A former president of the American Society of Horticultural Science, he is fellow of the American Association for the Advancement of Science and member of Sigma Xi and other professional societies. In 1935, he was asked by the Government to direct a campaign to familiarize farmers and dealers with the potato-control section of the Agricultural Adjustment Act and in World War II was chairman of the Extension Service victory garden committee. Present and former graduate students in Professor Thompson's department presented a portrait of him to the College of Agriculture last September. This summer, Professor and Mrs. Thompson will go to Costa Rica, where he will be acting head of the plant industry department of the Inter-American Institute of Agricultural Sciences at Turrialba for a year. While on leave from the University several years ago, he was a consultant and visiting scientist at the Institute, an agricultural center for most of the Latin-American countries. David D. Thompson '43 and John F. Thompson, PhD '44, are their sons.

Ralph H. Wheeler '09, Assistant Treasurer of the University since 1932 and Director of Finance for the State Colleges since 1945, becomes professor of Extension Service, Emeritus. Professor Wheeler entered the College of Agriculture in 1905, left after three years for the home farm in East Bloomfield, but returned in 1909 to teach a course in public speaking in the Department of Extension Teaching. He also started a course in parliamentary law and taught Extension organization and policies. Appointed an instructor in 1910, he was put in charge of Farmer's Week, having been a member of the student committee for the first Farmer's Week in 1908, and for many years he directed Farm & Home Week and was in charge of State Fair

exhibits for the College. He received the BS and was appointed assistant professor of Extension Teaching in 1912, was promoted to professor in Extension Service in 1917. In 1924 and 1931, he was acting Director of Extension. Professor Wheeler helped to establish a salary classification system for the State divisions of the University and to get employees accepted in the State retirement system. He is a member of Alpha Gamma Rho; Epsilon Sigma Phi, national Extension fraternity, which awarded him a certificate for outstanding service in 1943; and other agricultural organizations. His children are Mrs. Richard C. Crosby (Elizabeth Wheeler) '31, Kenneth E. Wheeler '35, and Ralph H. Wheeler, Jr. '37. His colleagues honored Professor Wheeler at a dinner in Statler Hall, May 9.

Professor **Paul Work**, MSA '13, Vegetable Crops, Emeritus, has taught at Cornell since 1910. Before leaving for Army service in World War I, he was superintendent of the Department of Vegetable Crops. In 1920, he was appointed professor of Vegetable Gardening. He received the AB at University of Tennessee in 1907, the BS in 1910 at Pennsylvania State College, and the PhD in 1921 at University of Minnesota. He is the author of a book, *The Tomato*, and a textbook, *Vegetable Production & Marketing*, which he plans to revise. He has been in charge of Variety Field Days at the University for seedsmen and experiment station workers and has written many bulletins on vegetable varieties in the last fifteen years. He was an organizer of the New York State Vegetable Growers Association in 1911 and for eight years was its first secretary. He is associate editor of *Market Growers Journal*, of which he was editor from 1928-42; a fellow of the American Society for the Advancement of Science; a member of Pi Kappa Phi, Sigma Xi, Phi Kappa Phi, Lambda Sigma Delta, and American Society of Horticultural Science. Mrs. Work is the former H. Grace Nichols '14 and their children are Mrs. Winfield S. Stone (Margaret Work) '40, Richard N. Work '42, Ralph Work '43, and William Work '44. His sister is Eunice Work, PhD '24.

Professor **John A. Lennox**, Extension Service and assistant State 4-H Club leader, retired June 30, to become manager of the 1100-acre Meridale Farms in Delaware County. A graduate of Syracuse University, he was 4-H Club agent in Delaware County from 1922-43, then became assistant State leader, was made assistant professor in Extension Service in 1944, associate professor in 1947, and professor last year. He developed 4-H Club camping programs, particularly the training of camp counselors; was the first chairman of the

State Committee on Young Adult Work; headed the in-service training of 4-H Club agents working in agriculture; and was chairman of the State 4-H health committee for twenty years. He was president of the Central New York section of the American Camping Association and is a member of Epsilon Sigma Phi, Theta Gamma, and other organizations.

Associate Professor **Thomas L. Bayne**, PhD '26, retires after thirty-one years in the Department of Rural Education. From 1940-46, he was executive secretary of the Faculty committee in charge of the University testing program. A former student at Yale and a graduate of North Carolina State College, he received the MS at Cornell in 1923 after returning from Army service in France and Germany. He was engaged with a rural school survey of New York State, a Texas educational survey, and a study of college and university library problems, and worked on New York State Regents examinations and on early studies of "experimental neurosis" in animals. He is a member of Kappa Alpha (South), Phi Kappa Phi, and the National Society for the Study of Education. He will teach in the Summer Session and next fall will teach mathematics and science in a private school.

Florence E. Wright, associate profes-

sor of Housing & Design, Emeritus, has written numerous articles for national magazines and several bulletins published by the College of Home Economics, including *Three Centuries of Furniture*, used as a text for refinishing classes and by antique clubs. The US Department of Agriculture gave her a superior service award in May, 1950, and in tribute to her knowledge of early decorative design, she was appointed in 1946 director of the Esther Stevens Brazer Guild of the Historical Society of Early American Decoration. In 1947, she won an Epsilon Sigma Phi certificate for highest achievement in written material advancing the Extension Service. A graduate of Columbia, where she also received the MS, Professor Wright came to the University in 1929 as assistant Extension professor and in 1941 was promoted to associate Extension professor. She had been school supervisor of art in Ames, Iowa, instructor at Teachers College, St. Cloud, Minn., and adjunct professor at Texas University, Austin. Professor Wright will continue to teach Extension classes. She was the guest at a Department tea and open house, June 1.

Leland E. Weaver '18, for thirty years Poultry Extension specialist, retired April 1 as associate professor of Poultry Husbandry, Emeritus, to his poultry farm near Ithaca. He received the BS

Materials Laboratories Committee Starts—Just before its organization meeting in Ithaca, June 7, Alumni Trustee Walker L. Cisler '22 (second from left) chairman of the alumni committee to raise funds for completing the cost of Kimball and Thurston Halls for the College of Engineering, looks over a brochure which describes the new buildings, now under construction. Of the \$1,736,000 cost \$1,175,000 has been given, leaving \$561,000 to be obtained. Pictured at left above is Acting President Theodore P. Wright; at right, Dean S. C. Hollister, Engineering, and Vice-president for University Development Willard I. Emerson '19. Twenty-two of the thirty-nine members of the committee attended the meeting. Since our report of June 1, new members are J. Wright Taussig '08, George T. Minasian '19, Spencer T. Olin '21, Carl F. John '22, Frederic C. Wood '24, and Francis J. Trecker '35. The booklet on the Materials Laboratories may be obtained from the University Development Office, Administration Building, Ithaca.

Goldberg, Photo Science

in 1918 and took the MS at University of Wisconsin. He taught agriculture in Greigsville, was an Extension specialist in Kentucky, and organized and managed the Kentucky hatchery at Lexington. In 1945 he assumed direction of the Standard Official Egg Laying Test at Stafford and a year ago, with Professor J. Herbert Bruckner, PhD '35, initiated the New York Random Sample Poultry Test at Horseheads, the first of its kind in the East. Professor Weaver is a member of Acacia, Epsilon Sigma Phi, and the Poultry Science Association. For more than twenty years, he has been a contributing editor of *American Agriculturist*. In 1939-40, he was exchange professor at the University of Hawaii and in 1945 was with the War Food Administration in Washington. He is the brother of S. Pearl Weaver '23, for many years assistant manager of the dining department of Willard Straight Hall, Mrs. William L. Norman (Dorothy Weaver) '25, G. Arthur Weaver '23, and Harvey A. Weaver '23.

Two Professors Die

TWO MORE senior teachers of the University, both of whom had been here more than forty years, died last month. Professor Julian P. Bretz, American History, Emeritus, died June 15 in Sayre, Pa., where he had been hospitalized, and Professor Forest M. Blodgett '10, Plant Pathology, died suddenly, June 11.

Professor Bretz, retired since 1944, came to the University in 1908 as assistant professor of History, was made professor two years later, and appointed to the Goldwin Smith Professorship of American History in June, 1941. He received the AB at William Jewell College, Liberty, Mo., in 1899; the PhD at

University of Chicago in 1906. He was secretary of the University Faculty, 1920-26, was for three years Faculty representative on the Board of Trustees, and served on many Faculty committees, including the committee on the selection of a President in 1935-36. A member of Phi Beta Kappa and Kappa Alpha (Southern), he was prominent in Ithaca and Tompkins County politics as Democratic County chairman and State committeeman. In 1930, 1932, and 1934 he was Democratic candidate for Congress in the 39th Congressional District and later, American Labor Party candidate for Congress from this district. He was instrumental in the formation of and president of a Labor Legislative Conference of the district, about

five years ago.

Professor Bretz lived with his only relative, his sister, Mary Bretz, at 225 Kelvin Place.

Until his death, Professor Blodgett for many years directed research at the Uni-

versity on control of potato diseases. His principal interest was potato diseases caused by viruses, fungi, and bacteria and he wrote a number of Extension bulletins and numerous articles in professional journals on the subject. He was vice-president in 1940 and president in 1941 of the Potato Association of America. As Hermann Frasch Fellow after he received the BS in 1910, Professor Blodgett received the PhD in 1914. He was appointed assistant professor of Plant Pathology in 1915 and had been professor since 1937. He was a member of Sigma Xi, the American Association for the Advancement of Science, and the American Phytopathological Society.

Mrs. Blodgett lives at 217 Bryant Avenue. Their daughter is Mrs. Catherine Blodgett Ellis '45; sons, Edward Blodgett '40 and Allen R. Blodgett '50.

Ithaca Alumnae Elect

CORNELL WOMEN'S CLUB of Ithaca, meeting May 7 at the home of Mrs. Robert C. Osborn (Agda Swenson) '20, elected Mary B. Wood '37, president; Mrs. J. William Conner (Margaret Sturm) '35, vice-president; Mrs. Roswell F. Elliott (Emma Curtis) '37, secretary; Mrs. Russell H. Bradley (Sarah Lockwood) '43, treasurer; and Mrs. Robert W. Storandt (Jean Cummings) '42, a director. A Club bridge party, March 3, netted \$305 for the Federation Scholarship Fund.

Alumnae Elect Officers

HOME ECONOMICS ALUMNAE Association, meeting for dinner in Martha Van Rensselaer Hall, June 8, had 117 members present. Newly-elected president, and thus a director of the Cornell Alumni Association, is Mrs. Horace E. Shackelton (Alberta Dent) '20. She succeeds Mrs. James A. McConnell (Lois Zimmerman) '20, who presided. Professor Katherine W. Harris '22, Institution Management, who has been chairman of the scholarship committee for many years, was elected vice-president. Professor Helen Paine Hoefer '27, Home Economics Education, is secretary; Mrs. Lee C. Naegely (Constance Price) '50, assistant secretary; Ellen C. Watson '25, Residential Halls, treasurer; and Professor Helen L. Ripley '40, Institution

Management, scholarship chairman.

Dean E. Lee Vincent spoke on the relations of the College to the State University of New York; Mrs. John Vandervort (Helen Bull) '26 reported as the Association member of the committee on Alumni Trustee nominations; Professor Esther Stocks, secretary of the College, reported on placement; and Professor Harris urged increasing the present annual scholarship award of \$75. The Home Economics Cafeteria was decorated for the meeting by Mrs. Homer B. McNamee (Olive Worden) '31 with flowers from her garden.

Alumnus Aids Library

AN ALUMNI NEWS subscriber of the Class of '14, who wishes to remain anonymous, has made a gift to the University which will make possible a new department in the Library to give proper care to its rare books and manuscripts. He was moved to make his gift after reading in the March 1 ALUMNI NEWS Professor George H. Healey's account of the discovery of the long-lost Diaries of President Andrew D. White.

Interested, he wrote to Assistant Library Director G. F. Shepherd, Jr., who had discovered the Diaries in a dust-covered wicker suitcase locked in a forgotten closet, that he is "an easy touch for both scholarship and bibliothecs," and suggested that "if, sometime, you will give me an idea as to what you would like in the way of funds to finance a proper exploration of the materials in the library, I will be glad to do something about it."

Since Shepherd and Director Stephen A. McCarthy were already embarked upon a systematic search of all the Library nooks and corners, which will require time more than funds, they were able to convince the alumnus that the crucial financial need was to provide for a Rare Books and Manuscripts Department in which the many valuable items already in the Library and to be discovered and acquired could be assembled and organized, their contents investigated and cataloged, and where they could be shelved properly, some repaired and rebound and others put in manuscript boxes, to make them all accessible for use by students and scholars. The project met with the donor's enthusiastic support, which was followed by a first gift of about \$11,000, sufficient to meet the estimated cost of operation for the first year, and with his intention expressed of making similar gifts annually for the next four years.

"The new Rare Books and Manuscripts Department will be located in the southwest stacks, on floors 1, A, and B," Director McCarthy says. "The area will be air-conditioned to provide suitable atmospheric conditions for preser-

vation of these valuable materials, and floors A and B will be equipped with shelves and cases for their security. An office and work area will be on floor 1, near the entrance to the Department, and the stalls on this floor will be reserved for users of rare books and manuscripts. There will be no rare book reading room, as there is no suitable space available.

"The recent gift of a hand book-binding by Mrs. Clyde H. Myers and the continuing gift of her services in rebinding and repairing the Library's rare books becomes an asset of the greatest importance to the new Department, as even a casual survey of the Library's rare book holdings shows. Limited funds for binding, lack of suitable housing, and lack of a staff specifically responsible for rare books has permitted many of them to deteriorate. Fortunately, they can now be cared for properly. It is interesting that President Andrew D. White should have been the catalyst to bring about this important development in the Library."

Washington Club Elects

CORNELL CLUB of Washington, D.C., has elected as president for 1951-52 Edward D. Hill '23, who is chief for organic chemicals in the office of International Trade, US Department of Commerce. He succeeds Howard B. Noyes '27, who becomes a director. The Club elected Ralph L. Hill, Jr. '31 first vice-president and Harold W. Robbins '08, second vice-president. Corresponding secretary is Adelbert P. Mills '36; recording secretary, Bernard W. Graham '43. Robert B. Garrabrant '22 was elected treasurer.

Infirmary Recollection

ROMEYN BERRY: I enjoyed your piece in the May 15 ALUMNI NEWS about the Infirmary. The stucco addition to the Infirmary was added while I was in college; I don't remember just when.

At the beginning of my Freshman year, September, 1910, the University took over the Schuyler mansion at the corner of Schuyler Place and Seneca Street and used it as an annex for contagious cases. I was assigned there when I had the mumps in January, 1911. As I look back at it now, the University did a good job in taking care of its sick undergraduates; of course, we didn't think so then! I am pleased that you took your own "under the weather" situation to point out to us just how good the University was. I hope that you have recovered and are pushing around on the farm as usual.—THOMAS I. S. BOAK '14

Now In My Time!

Romeyn Berry

AFTER TWO DAYS of glibly naming old friends back for their Reunions, and not a few total strangers, we've begun to develop some interesting theories on enduring marks that identify an individual long after the appearance of his face and figure have changed beyond all recognition. There he stands and smirks, either completely disguised or a remote caricature of the boy you once knew in another geological epoch. And yet there's something familiar about the exhibit, some trick of speech or intonation, some peculiarity of expression, that revives an atrophied cell of memory; until presently out of the fog emerges the clear picture of Luke Smith '03 just as he was the night he attended the Masquerade Ball in the character of George Washington, and after the raid was chased by the police half-way to Renwick.

But there's one change, we discovered, that defies and defeats all attempts at recognition. That's when the flaming red hair of 1901 has become the white cotton thatch of 1951. We pondered the phenomenon for two days in the Drill Hall and developed this plausible explanation: Subconsciously, in youth, you have come to mark the man sufficiently by his distinctive topknot, and have never bothered to impress his other physical peculiarities upon your mind. Consequently, when the red hair goes, the identity departs. We got a dozen old gaffers to check the point upon their Classmates. All reported ours was an extremely sound theory which had been fully substantiated by their independent observations.

Another interesting discovery was that the Scottish bagpipe was not adapted to the lucid rendition of the Cornell "Alma Mater." The Class of 1916 brought along a peculiarly gifted and enduring group of authentic Scots who performed willingly, and almost constantly, upon the pipes at any and all occasions. But before they did the "Alma Mater" at Saturday's crowded luncheon in the Drill Hall, they really should have announced the name of the piece to save embarrassment. After a few bars, to be sure, a handful of trained musicians recognized the air amid the pandemonium of the pipes and stood up, but the bulk of the 3000 assembled, unmindful of their manners,

went right on with their chicken and potato chips all the way through to "looks she proudly down."

Altogether, we thought it a most satisfactory Reunion; well planned and smoothly executed in detail. The weather served to emphasize the breath-taking beauty of Ithaca in June, although regarded as chilly by the men of 1931 whose abbreviated costumes exposed a vast expanse of bare, blue legs against which the varicose veins of early middle-life were revealed with the utmost candor.

Acting President Wright's report to the alumni on the state of the University was received with enthusiasm. The steady customers who have heard a good many of those things found themselves relieved and refreshed, I think, when this year's report stressed the academic aims and accomplishments of the University; passed a little more lightly over its fiscal anxieties. One got the impression that Cornell's usefulness would be augmented if it had more tools and resources to work with, but that it was doing reasonably well with what it had. That's a less lugubrious theme-song than the one our ears have grown accustomed to in recent years. Moreover, this one sounded true!

After it was all over—the Reunions, the meetings, the parades, the Baccalaureate Sunday, the Commencement—when the captains and the kings had departed and the throngs of lesser folk had vanished in the manner of small birds in their September flitting, the peace of God which passeth all understanding descended momentarily upon an empty and silent Quadrangle. But only momentarily, as every Campus-dweller knows too well! A day or two in which to muse anxiously on the immediate destiny of the Class of 1951, and what universities are really for, and what's being done to help or hinder them in the realization of their aims, and we'll be all overrun again with meetings of learned societies and 4-H Clubs until Summer School bursts upon us. Cornell is given no opportunity nowadays to draw its fires or let its boilers cool. All repairs and adjustments must be made under steam and at full speed ahead!

Before this reaches you, a new captain will have taken over on the bridge. But the voyage will continue as charted, and without interruption. We suggest that this is a good time for the owners of the line to put away their Reunion costumes and get a good night's rest!

On the Sporting Side

By "Sideliner"

Baseball Season Ends

THE BASEBALL TEAM played four games during Reunion week and won three of them, to bring the season's record to thirteen games won and five lost. Sampson Air Force Base was defeated at Ithaca, 5-1, June 6. Donald E. Unbekant '53 was the winning pitcher, although he needed the help of Edward P. Winnick '51 in the ninth, after filling the bases with one out. Cornell broke a 1-1 tie in the seventh when Gordon H. Gowen '52 hit a triple with the bases full. William F. Scazzero '51 had two hits in four tries.

The Varsity defeated the Quantico Marines, 14-13, on Hoy Field, June 7. The game took three hours and twenty-four minutes, with thirty-four hits (twenty by Cornell), fifteen bases on balls, and fourteen errors. Paul J. Gerwin '51 started as pitcher for Cornell, but was replaced by Hugh S. MacNeil '51, regular right fielder, in the fourth. Cornell, behind 11-6, took the lead in the seventh with a 6-run rally. The Marines took the lead again in the eighth with 2 runs, but Cornell tied it at 13-13 in the last of the same inning. The winning run was scored with two out in the last of the ninth. MacNeil, the winning pitcher, had four hits, one a home run, in five trips to the plate. Captain Robert J. Haley '51, Richard T. Cliggott '53, and William J. Whelan '53 had three each. Winnick poled out a long home run for his only hit.

Reunion Games Even

Colgate and Cornell traded victories in the annual Reunion games. Colgate won at Hamilton, 8-5, June 8, and Cornell took the one in Ithaca the next day, 7-1. The Varsity blew a 5-0 lead at Hamilton and lost the game when Colgate scored three times in the eighth.

The game at Ithaca before 2,500 alumni celebrants was a splendid farewell for Ed Winnick, Varsity pitcher and outfielder for three years. Besides limiting the visitors to four hits, he hit a home run with the bases full in the sixth inning. Scazzero was robbed of a

home run, also with the bases full, on a spectacular running catch by Colgate's Al Egler in the same inning. Haley had three hits and Joseph W. Eberhardt, Jr. '52, two.

Cornell's Eastern Intercollegiate League record was five wins and three losses, which tied Navy for fourth place. Princeton won the championship with 7-2. Brown was second and Columbia, third. Haley won the Princeton A A Cup, awarded each year to the player who steals the most bases. Haley pilfered nine in eight games. Roger W. Chadwick '52 was Cornell's leading hitter in the League, with an average of .341.

Haley and Winnick have both signed contracts to play professional ball. Haley, a third baseman, is going with the Boston Braves and will probably play with Denver of the Class A Western League. Winnick has joined the St. Louis Cardinals organization.

The team elected Eberhardt and Chadwick as co-captains for 1952. The former is from Denville, N.J., and is in Hotel Administration. He is a member of Psi Upsilon. Chadwick is in the School of Industrial & Labor Relations and a member of Lambda Chi Alpha. He is also co-captain of basketball.

Runners Go West

CORNELL sent five track men to the National Collegiate Athletic Association track meet in Seattle, Wash., June 15 and 16. One of them, Co-captain Robert C. Mealey '51, was scratched and did not compete. The other four, Co-captain Charles H. Moore, Jr. '51, Captain-elect Meredith C. Gourdine '52, Walter S. Ashbaugh '51, and James M. Lingel '53, scored 40 points, enough to give Cornell a second place, behind the University of Southern California which amassed 56. Moore led the Cornellians with a first in the 220-yard low hurdles and second in the 440-yard run. He won the hurdles in the brilliant time of 22.7 seconds, a new Cornell record and four-tenths of a second shy of the world's record. Gourdine was second to Moore

in the hurdles and second in the running broad jump. Ashbaugh was fourth in the 120-yard high hurdles and Lingel was fifth in the 440.

Hard Luck at Marietta

CORNELL CREWS fared poorly in the annual regatta of the Intercollegiate Rowing Association, held for the second year on the Ohio River at Marietta, Ohio, June 16. The Varsity was eighth; the Junior Varsity, fourth; and the Freshmen, sixth. Wisconsin was a surprise winner in the Varsity event, finishing a length ahead of favored Washington. Princeton was third. California won the junior varsity and University of Washington took the frosh race.

Rowing conditions were poor for the race, as they were a year ago. A strong current, which gave crews in the center lanes a real advantage, developed as a result of several days of rain. The varsity and J-V races were rowed at two miles instead of three because of the current and the debris which filled the river, despite valiant efforts of the Coast Guard to clear the course. It seems likely that the next year's regatta will be removed from the Ohio River course. Invitations have been extended by Seattle, Syracuse, Poughkeepsie, and Marietta. The board of stewards of the IRA will decide at its July meeting where the 1952 race will be.

Sport Shorts

Joan D. Stewart '54, captain of the women's Varsity golf team, qualified for the championship flight in the Women's National Collegiate Golf Association matches on the Ohio State University course in Columbus, the week of June 12. She was eliminated in the first round by Barbara Bruning of Wellesley, who went on to win the championship.

Reunion Baseball Attraction — On Hoy Field before the game, Laurie Petrie, a piper in the Scotch bagpipe band brought by the Class of '16, meets the rival captains, Robert J. Haley '51 of Cornell and Nelson MacCollum of Colgate. C. Hadley Smith

Maryland Club Elects

CORNELL CLUB of Maryland has elected S. James Campbell '43, president; Edward E. Lipinski '33, vice-president; John H. Hessey IV '44, secretary; and Seth W. Heartfield, Jr. '46, treasurer. Edward H. Carman, Jr. '16 remains as chairman of the secondary schools committee. Seth W. Heartfield '19 will be in charge of collecting the Club Scholarship funds.

The Club joined with the Cornell Women's Club of Maryland for a theater party at Hilltop Summer Theater, June 27. About 100 attended.

Michigan Officers

CORNELL CLUB of Michigan will be headed next season by William H. Worcester '40 of Birmingham. Other officers for 1951-52 are Peter C. Higbie '48 of Bloomfield Hills, vice-president; Robert G. Lyon '35 of Detroit, treasurer; and P. Evans Landback '25 of Detroit, secretary.

Sigma Xi Elects

SIGMA XI CHAPTER at the University elected to membership this year one alumnus, nine Faculty members, and 122 graduate students; and as associate members, four undergraduates and twenty-eight graduate students. Acting University President Theodore P. Wright, one of the new members from the Faculty, spoke on "Some Aspects of Academic Freedom" at initiation ceremonies, April 13, in Martha Van Rensselaer Hall.

C. Luther Andrews '30 was elected an alumnus member. Others from the Faculty are Professors Gordon P. Fisher, Charles D. Gates, Howard M. Giff, Benjamin K. Hough, and Arthur J. McNair, Civil Engineering; William L. Garman, Agronomy; Charles R. Henderson, Animal Husbandry; and Karl D. Brase '35, research associate in Pomology at the Geneva Experiment Station.

Among the graduate students elected members are Olin W. Smith, Jr. '40, Stanley W. Davis '41, Robert M. Frank '41, Russel H. Bradley '42, Edward H. Heiderich '42, Jimmie W. Killian '42, Robert W. Perry, Jr. '43, Jay D. Wright '43, Laurie M. Brown '44, Robert F. Miller '44, Glenn V. Russell '44, Charles H. Van Middlelem '44, William K. Jordan '45, Ernest R. Knobil '46, Murray Peshkin '46, Ernest P. Gray '47, John P. Keller '47, Brina Kessel '47, Edwin N. Lightfoot, Jr. '47, Philip J. Schapiro '47, Stirling A. Colgate '48, Ralph E. Crabill, Jr. '48, Kenneth Goodwin '48, Frederic H. Johnson '48, August D. Pis-

tilli '48, Richard A. Ryan '48, and Leonard N. Zimmerman '48.

Associate members include graduate students Gerson B. Robison '30, Myron B. Brookfield '48, Gilbert Levine '48, Albert C. Condo, Jr. '49, Norman R. Jennings '50, and Robert C. Rustay '50, and four Seniors, William H. Arnold, Jr., Michael Cohen, Edith C. Halbert, and E-an Zen.

Professor William J. Hamilton, Jr. '26, Zoology & Conservation, was elected president of the chapter for 1951-52. Vice-presidents are Director William R. Sears, Graduate School of Aeronautical Engineering, and Professors Benjamin E. Clark '38, Seed Investigations, Geneva Experiment Station, and Walter F. Riker, Jr. '43, Pharmacology, Medical College in New York. Professor Fredric W. Hill, PhD '44, Poultry Husbandry & Animal Nutrition, was elected secretary for two years.

Albany Club Elects

CORNELL CLUB of Albany, at its annual meeting, June 4, elected Arthur C. McHugh '27, president; John W. Gatling '28, first vice-president; Chester B. Pond '27, second vice-president; Frederick A. Moore '48, secretary; Frank J. Warner, Jr. '41, assistant secretary; and David L. Kessler '27, treasurer. Elected directors for three years were Norman S. Weiss '42 and Dr. Milford E. Becker '43.

Wright Receives Hiscock Papers—Acting President Theodore P. Wright accepts for the University a volume containing thirty-two addresses of the late Judge Frank H. Hiscock '75 from his daughter, Mrs. William H. Eager. Dating from 1904, some of the speeches in the leather-bound book were delivered at Cornell during the fifty years that Judge Hiscock was a Trustee of the University. He was chairman of the Board from 1917-39 and Chief Justice of the New York State Court of Appeals from 1916-26. He died in 1946.

C. Hadley Smith

Academic Delegates

THE UNIVERSITY was represented at the 100th anniversary celebration of The Hill School, Pottstown, Pa., June 9, by Burnett Bear '22 of Coopersburg, Pa.

Cornell delegate at the centennial-year commencement exercises of the College of the Pacific, Stockton, Cal., June 10, was Professor Dexter S. Kimball, Engineering, Emeritus.

June 11, the University was represented at the inauguration of Malcolm A. Love as president of the University of Nevada, in Reno, by Stanley G. Palmer '10, dean of the college of engineering there.

Alumni Get Grants

NINE CORNELLIANs are among the 154 recipients of fellowships this year from the John Simon Guggenheim Memorial Foundation. Awarded annually to persons "who have demonstrated unusual ability for productive scholarship or unusual creative ability in the fine arts," the grants are each worth approximately \$3,000.

Professor Donald J. Grout, Music, was awarded a grant for a study of early-sixteenth-century church music. He will do research in Italy next fall.

A fellowship was again granted this year to Edwin G. Nourse '06 to continue his studies on the possibilities of an approach to dynamic stabilization of free enterprise within the structure of free government which he began last year with the assistance of the Foundation, after his resignation as chairman of President Truman's Council of Economic Advisers.

A second grant also went to Francis Harper '14 to continue work on his book on the life and letters of the early American naturalist, William Bartram. He is now living on RFD 1, Mt. Holley, N.J., to be near the Philadelphia libraries.

W. Oliver Strunk '21, professor of music at Princeton University, has received a grant for a study of the music of the Byzantine Liturgy. He is the son of the late Professor William Strunk, Jr., PhD '96.

Awards went to three Cornellians at California Institute of Technology, at Pasadena. Sterling H. Emerson '22, professor of genetics there, has a grant for his project on the interrelated gene-controlled reactions in the fungus neurospora. He is the son of the late Professor Rollins A. Emerson, Plant Breeding. Robert B. Corey, PhD '24, received a grant for research on the structure of proteins. Arthur W. Galston '40, senior fellow in biology at the Institute, will use his grant for research on the biochemistry of floral initiation.

A fellowship for studies leading to-

ward a book on The Technique of Public Order was awarded to George H. Dession '26, professor of law at Yale.

Harold L. Lehrman '31 of New York City has received a fellowship to study the internal problems of the State of Israel.

Rulon S. Wells III, husband of Virginia Bennett '29 and assistant professor of philosophy at Yale, has a fellowship for studies of meaning, with emphasis on natural languages.

Poems by Truman '00

POEMS. By Nathan E. Truman '00. Exposition Press, New York City. 1950. 48 pages, \$2.

The author has been a pharmacist in Bainbridge for many years. Three years ago, he published a rhymed translation of Sophocles's "Oedipus the King" and he has written extensively for local periodicals. This collection contains forty poems, mostly in sonnet form, on themes ranging from traditions and history of upstate New Yorkers, landscapes, religion and philosophy, to humorous comments on golf and chess. Many of the poems are dedicated to friends or written about friends. He tells an artist friend:

Since Art may ostracize stern Father Time
Your trees will not stand leafless in the blast
Of winter with wild tempests whirling by,
But flourish in their own enchanted clime,
Where coming years merge with a mystic past.
Yon clearly-sketched old man need never die.

Primer of Citizenship

THE 1950'S COME FIRST. By Edwin G. Nourse '06. Henry Holt & Co., New York City. 1951. 184 pages, \$2.

Since he was released as chairman of the President's Council of Economic Advisers, Dr. Nourse has travelled and spoken extensively; he gave the first Victor Emanuel Lectures at Cornell last November. This book is a clear and forceful exposition of the thesis that the outcomes of this present mid-century are likely to determine whether the American system of free enterprise will stand or fall.

"Whatever war burdens may be thrust upon us by the Soviet imperialism, our greatest chance of surmounting them depends upon our ability to work out social-scientific solutions rather than fumbling among the expediences of politics." That sentence sets the tone of this book.

The author speaks as an economist.

Without mincing words, he devotes several chapters to the self-seeking pressure-groups of labor, farmers, and business men, and pays his respects to the growing demands for "security" and the "gimme spirit." From these political developments, he shows the inevitable results in inflation and "lack of economic morale among our people."

If this book could be read by every thinking citizen, the future of America would be safe. "For myself," the author concludes, "I would rather risk criticism now for being a partisan of hard-won solvency than live pleasantly as a collaborationist of inflation."

Estimate of President White

CHARACTERIZATION of President Andrew D. White by Professor George L. Burr '81, who had been his secretary, has come to the NEWS from Mrs. Harriet Connor Brown '94. It was written to Mrs. Brown in 1923, after Professor Burr had spoken at a meeting of the Cornell Club of Washington, D.C., celebrating President's White's birthday. Mrs. Brown had written to Burr about his speech. Professor Burr replied:

"To understand President White, it is fundamental to know that he was a liberal, not a conservative; a liberal, not a radical. What I was mainly concerned with was the former antithesis, for it grieves me to the heart to see Cornell grow so conservative as it has in the last quarter-century, and notably the last decade. But I am frank to add that I wish the choice were not merely, as it now so largely is, between conservatism and radicalism. I believe the world still has great need for liberals. The radical is too often extreme and intolerant, and the radicalism of today is often the conservatism of tomorrow; but the liberal is, above all, a *believer in liberty*. Whatever his platform, he is open-minded, tolerant, generous, and in the long run he may even get further than the radical. I am much more concerned for the atmosphere of freedom which he creates than for his contribution to progress. But worse than even the loss of the liberal, to me, would be a world all liberal, with no conservatives and no radicals; I will even add, with no reactionaries. And let me again protest that I was not sketching President White as a model for anybody else, but only trying to picture him as he was and to protest against Cornell's losing—whatever else it may gain—the touch that he gave it."

Consider Rushing Effects

DEFERRED RUSHING by fraternities will be considered next fall at hearings open to all members of the University who wish to be heard. A committee of Fac-

ulty and students which has been studying fraternity rushing as it effects the work of the University made a preliminary report to the Faculty committee on student activities last month, and will collect further information as a basis for recommendations.

In its first report, the committee found that "The University orientation program suffers when the Freshman's attention is taken up by other demands. Academic programs which require immediate application on the part of the Freshmen likewise are subject to dislocation. It is a question whether this disruption would be minimized if rushing were transferred to some other part of the academic year. . . . Movement to any other part of the first term would heighten the competition for the then increased academic demands on the student's time. Deferral of formal rushing to the second term would probably not decrease dislocation. . . . It is highly probable that the same number of Freshmen [about 1200] would be involved and would spend about the same amount of time if rushing were deferred until the beginning of the spring term."

The special committee appointed by the Faculty committee on student activities has been at work with three Seniors appointed by the Interfraternity Council since last December. Its chairman is Professor Carl A. Hanson, PhD '48, Industrial & Labor Relations, with Professors George H. Healey, PhD '47, English, and Loren C. Petry, Botany; and Donald T. Armington, Albert B. Bishop, and John A. McDonald, Jr. of the Class of '51.

MONDAY, JULY 2

Ithaca: Summer Session opens

SATURDAY, AUGUST 11

Ithaca: Summer Session closes

WEDNESDAY, AUGUST 15

Los Angeles, Cal.: Dance, Ivy League & Seven College Conference of Southern California, Beverly Hills Hotel

TUESDAY, SEPTEMBER 11

Ithaca: Freshman Camps open

FRIDAY, SEPTEMBER 14

Ithaca: Freshman orientation program begins

MONDAY, SEPTEMBER 17

Ithaca: Fall term registration begins

WEDNESDAY, SEPTEMBER 19

Ithaca: Installation of President Deane W. Malott
University instruction begins, 1

SATURDAY, SEPTEMBER 29

Ithaca: Football, Syracuse, Schoellkopf Field

Cornell team of Michael Cohen '51, John H. Gay '51, and Michael Horowitz '52 won the William Lowell Putnam Mathematical Competition for 1951. Sponsored by the Mathematical Association of America in cooperation with the trustees of the Willard Lowell Putnam Fund, the contest is open to undergraduate teams from colleges and universities in the United States and Canada. Cash awards went to the winners and to the Department of Mathematics.

Hearse of 1936 vintage took four Outing Club members on a recent junket to Old Forge. Its owner, Walter R. Dunlap '52, says it has real advantages over the pick-up truck formerly used: it provides warmth and comfort for the passengers in all seasons and its casket rollers simplify loading and unloading equipment. College banners brighten the purple-plush-lined interior.

Octagon Club will be headed next year by Sidney Goldstein '52. Richard Schwartz '52 will be executive vice-president; John W. Bond '52, technical vice-president; Martha A. Hopf '53, public relations chairman; Leon F. Banigan, Jr. '53, publicity chairman; Ross L. Firestone '55, treasurer; and John M. Otter III '53, director.

Sigma Nu alumni and active members celebrated during Reunions, June 8 and 9, the fiftieth anniversary of the founding of the Cornell chapter. Principal speaker at the anniversary banquet was Acting President Theodore P. Wright. He is a member of Delta Theta Chapter of Sigma Nu at Lombard College, where he graduated in 1915.

Cornell doctors participated in a recent series of five CBS broadcasts describing the education of a doctor from pre-medical student to practicing physician, featured on the program, "You and the World." June 12, the day he received the MD at the Medical College, Dr. Frederic F. Flach, discussed "The First Steps in Becoming a Doctor." The next day, Dr. David Barr '47, interne at the New York Hospital, spoke on "Gaining Experience as a Doctor." Dean Joseph C. Hinsey of the Medical College closed the series, June 15, with a talk on "The Education of a Doctor."

British cosmologist, Dr. Hermann Bondi, lecturer in applied mathematics at Cambridge University and co-originator of the "theory of continuous creation," spent last term in research on stellar energy at the Newman Laboratory of Nuclear Studies and conducted seminars in theoretical physics. Dr. Bondi and Thomas Gold of Cambridge developed the theory that hydrogen is constantly being created, to explain the receding of galaxies and other features of the universe. They

calculate that approximately an atom of hydrogen for each liter of space is created every billion years. Dr. Bondi's book, *Cosmology*, will be published by the Cambridge University Press next winter.

Bess Berlow Cohan Prize, annual award of \$100 for the Senior showing the greatest ability and progress in the study of Classics and English, was won this year by Marjorie G. Mahoney '51 of Flushington, L.I.

Ithaca Rotary Club delegates to the recent convention of Rotary International in Atlantic City, N.J., were Emerson Hinchliff '14, Ralph C. Smith '15 (president-elect of the Ithaca Club), Harvey J. Couch '01, and Robert C. Osborn, husband of Agda Swenson '20. Nagakazu Shimizu, Grad, son of Koichiro Shimizu '27, participated in a forum of Rotary Foundation Fellows.

Graduate Prize in Philosophy, of \$25, was won by Marcus G. Singer of Great Neck for his paper, "Some Aspects of Rationalism in the Sciences."

Credo, organization of women students to promote fellowship and understanding among all races and religions, has elected Pearl R. Schwartzberg '52, president; Judith Roenberg '52, vice-president; Anne M. Stewart '54, secretary; and Juanita C. Miller '52, treasurer.

DIARIES of Andrew D. White were featured in the Reunion exhibit at the University Library. The sixty-nine volumes were recently discovered in a wicker suitcase in a library closet. Also displayed in the exhibit, which was enjoyed by many alumni, were first issues and their current counterparts of the *Cornellian*, *Cornell Review*, *Cornell Daily Sun*, *Widow*, and *Cornell Countryman*; with the *Crank*, *Sibley Journal*, and *Cornell Civil Engineer*, predecessors of *The Cornell Engineer*; and old photographs of the Faculty, athletic teams, and Campus views.

Eleven couples were married in Sage Chapel in June, starting June 6 and six of them after Commencement. Selections played on the Chimes after the ceremonies were varied: besides the traditional "Wedding March," "Because," and "I Love You Truly," there were hymns, Cornell songs, and even one time "Poor Little Buttercup."

Martin Wright Sampson Memorial Prize of \$100 for honors in English went this year to Harold I. Bloom '51 of the Bronx for his essay "Wuthering Heights: the Analogical Level in Fiction." Bloom has a scholarship to study at Edinburgh University this summer and a Phi Kappa Phi Fellowship for study at Yale next year.

C. Wesley Thomas '23, pianist and tenor of the Savage Club Quartet, plays the organ, under friendly protest, at the Reunion Rallies in Barton Hall. This year he recounted to Alumni Secretary Brewer that "after the Rally, a gentleman asked me if I played the Hammond Organ regularly, to which I replied that I had played it only three or four times in my life. 'I thought so,' he remarked. 'I am Larry Hammond [16]. I manufacture them. They can be played beautifully.'"

Cornell Chapter of the National Association for the Advancement of Colored People has elected Robert S. Waill '52, president for next year. Shepherd I. Raimi '52 was elected vice-president; Suzanne Libby '53, secretary; and Juanita C. Miller '52, treasurer.

French executives here last term in the School of Business & Public Administration to study American business methods organized a new fraternity, Lambda Epsilon Phi, the Greek letters standing for "Liberty, Equality, Fraternity," the famed French rallying cry. Strictly for fun, the fraternity has no officers, initiations, or national affiliations. A consuming interest of the French brothers, in addition to their studies, is said to be American jazz.

Tsun-Hsien Kwan, graduate student in Nutrition, told of her recent five-State tour under sponsorship of The Borden Co. over the Voice of America, June 20. The program in four dialects reached Chinese nationals in all parts of the world. Borden's features her story and pictures in its current annual report to stockholders and employees.

Thomas W. Priester '51, son of Walter A. Priester '15 of Davenport, Iowa, won the Eric Dudley Memorial Award of \$50, made annually to the outstanding Glee Club member and given by Evan J. Morris and Mrs. Morris. Priester was treasurer and a soloist in the Glee Club.

Senior Societies Elect

MAY ELECTIONS to the Senior honor societies of men and women added seventy-one members to their undergraduate chapters. Among them are sixteen children of Cornellians and nine holders of National Scholarships. Mortar Board elected eight women of the Junior Class; Sphinx Head, twenty-nine men. Among the thirty-four new members of Quill and Dagger are several members of the Class of '51; most of these will remain in the fifth year of Engineering or Architecture, but a few graduated this year. The lists of new members follow.

Mortar Board

Fraeda P. Aronovitz, Industrial & Labor Relations, Rochester; Sophomore & Junior Class president, Student Council, Debate Association, WVBR staff, dormitory vice-president, WSGA president, Industrial Relations Research Association secretary-treasurer.

Jean L. Brown, Home Economics, Glenside, Pa.; Women's Glee Club secretary-treasurer, Sophomore & Junior Class Councils, CURW administrative vice-president, National Scholarship; Delta Gamma.

Mary Lou Bussing, Home Economics, Edgewood, R.I.; Freshman student board, Freshman orientation committee, Campus Charities committee, Corinthian Yacht Club, dormitory vice-president; Sigma Kappa.

Carolyn K. Lovejoy, daughter of Frederick K. Lovejoy '24 and Mrs. Lovejoy (Elizabeth Beattie) '24, Home Economics, Leonia, N.J.; dormitory president, Campus Charities committee, Senior Class Council, National Scholarship; Kappa Kappa Gamma.

Martha L. Ludwig, Arts & Sciences, Snyder; WSGA House of Representatives, Freshman Camp counsellor, Dean's List; Delta Delta Delta.

Wilma M. Robbins, Home Economics, Bloomfield Hills, Mich.; bowling, hockey manager, Sophomore, Junior & Senior Class Councils, dormitory vice-president, Freshman Camp counsellor, Freshman orientation committee; Kappa Alpha Theta.

Patricia Thornton, daughter of George H. Thornton '21, Arts & Sciences, Rosemont, Pa.; Women's Glee Club, Freshman student board, CURW board, Sophomore & Junior Class Councils, Freshman Camp counsellor, dormitory vice-president, Dean's List; Alpha Phi.

Martha H. Washburn, Arts & Sciences, Concord, Mass.; Junior & Senior Class Councils, Independent Council, Arts College Council; Credo.

Sphinx Head

John M. Ash IV, Mechanical Engineering, Philadelphia, Pa.; rowing, cross country; Theta Delta Chi.

John R. Boehringer, Mechanical Engineering, Drexel Hill, Pa.; Interfraternity Council president, 150-pound rowing, Cornell Day chairman, Freshman Camp director, Dean's List, National Scholarship; Beta Theta Pi.

Lynn Bradt, Mechanical Engineering, Monterey, Mex.; Student Council vice-president, lacrosse, Freshman Camp director; Chi Psi.

Rocco J. Calvo, Arts & Sciences, Bethlehem, Pa.; football; Psi Upsilon.

Bruce R. Campbell, Electrical Engineering, Larchmont; swimming captain; Sigma Phi Epsilon.

Thomas W. Cashel, Arts & Sciences, Hempstead; Widow board, 150-pound football, lacrosse, Senior Class secretary; Theta Xi.

Harry B. Coyle, Jr., Hotel Administration, Lancaster, Pa.; Student Council vice-president, track.

William R. Denton, Arts & Sciences, Ironwood, Mich.; rowing; Phi Gamma Delta.

James N. Diefenderfer, Arts & Sciences, Bethlehem, Pa.; J-V basketball, Willard Straight Hall president; Sigma Chi.

Fred J. Eydtt, Hotel Administration, Binghamton; basketball co-captain; Alpha Sigma Phi.

Ronald E. Gebhardt, Civil Engineering, Clinton, N.J.; soccer co-captain; Delta Phi.

Larry J. Goldsborough, Arts & Sciences, Philadelphia, Pa.; basketball; Pi Lambda Phi.

Sidney Goldstein, Arts & Sciences, Utica; Octagon Club vice-president, Senior Class Council.

John S. Hopple, son of William H. Hopple '06, Mechanical Engineering, Cincinnati, Ohio; golf, Interfraternity Council secretary; Chi Psi.

William B. Kerr, son of William T. Kerr '19, Arts & Sciences, Fredonia; Widow business manager; Pi Delta Epsilon.

St. Clair McKelway, Jr., Arts & Sciences, Cold Spring; Widow editor; Delta Kappa Epsilon.

Arthur W. Mellen III, son of the late Arthur W. Mellen, Jr. '17, Civil Engineering, Orange, N.J.; Freshman Orientation Committee chairman, National Scholarship; Chi Psi.

Stuart O. H. Merz, son of Harold O. Merz '22, Industrial & Labor Relations, Elberon, N.J.; football, track, National Scholarship; Psi Upsilon.

Charles W. Metzler, Mechanical Engineering, Brooklyn; football, National Scholarship; Chi Phi.

Monte H. Morgan, Civil Engineering, Waterbury, Conn.; basketball co-manager; Psi Upsilon.

John C. Noonan, Arts & Sciences, Webster Groves, Mo.; fencing captain, 150-pound football, Sophomore Class Council; Psi Upsilon.

Victor A. Pujo, Arts & Sciences, Lynn, Mass.; football captain; Sigma Alpha Epsilon.

O. William Rittenhouse, Industrial & Labor Relations, Clinton, N.J.; Freshman Class president, rowing, Freshman Camp manager, Student Council, student activities committee; Theta Delta Chi.

Redding K. Rufe, Hotel Administration, Chalfont, Pa.; Freshman Camp manager, 150-pound football, baseball, Sophomore Class president, Student Council; Theta Delta Chi.

William F. Scazzero, Agriculture, Bronxville; football, baseball; Delta Tau Delta.

Murray N. Shelton, Jr., son of Murray N. Shelton '16, Industrial & Labor Relations, Fredonia; football co-manager, Sun board; Delta Phi.

David B. Stone, son of Mrs. Leslie P. Stone (Imogene Noyes) '25, Arts & Sciences, Cortland; Sun business manager, Pi Delta Epsilon; Delta Phi.

Murray R. Wigsten, son of Frank M. Wigsten '21, Arts & Sciences, Pleasant Valley; Widow managing editor, 105-pound rowing; Delta Kappa Epsilon.

Eugene A. Zeiner, son of Eugene F. Zeiner '19, Mechanical Engineering, Bala-Cynwyd, Pa.; swimming, track, cheerleader; Chi Psi.

Quill & Dagger

Sheldon A. Appel, Arts & Sciences, Brookline, Mass.; 150-pound football co-captain, Interfraternity Council community service committee chairman; Zeta Beta Tau.

William D. Bair, Agriculture '51, Ford City, Pa.; polo co-captain, Agriculture livestock judging team, Phi Kappa Phi; Sigma Pi.

Peter A. Berla, Arts & Sciences, West Or-

ange, N.J.; rowing coxswain, cheerleader, Freshman orientation committee chairman; Beta Sigma Rho.

Alfred Blumstein, Engineering Physics '51, New York City; Engineering Council president, Student Council, Class of '51 Council, Desk Book editor, Cornell Engineer assistant editor, Pi Delta Epsilon; Sigma Alpha Mu.

Joel S. Breslau, Arts & Sciences, Washington, D.C.; Station WVBR manager, CURW board.

Lawrence D. Breslau, Arts & Sciences, Washington, D.C.; lacrosse, Cornell Review editor, Liberal Education Forum chairman.

David W. Buckley, Arts & Sciences, Scarsdale; football co-manager; Delta Tau Delta.

Roger W. Chadwick, Industrial & Labor Relations, Leonia, N. J.; basketball captain, baseball, Junior Class secretary, National Scholarship, Board on Physical Education & Athletics; Lambda Chi Alpha.

Richard E. Chittenden, Civil Engineering '51, Edmonds, Wash.; Cornell Engineer editor, Pi Delta Epsilon, National Scholarship; Sigma Phi.

Robert F. Clark, Architecture '51, Rochester; rowing, soccer, L'Ogive; Delta Upsilon.

Eugene N. Feingold, Arts & Sciences, Brooklyn; Independent Council president, Student Activities Center president, Student Council, student conduct committee, Alpha Epsilon Delta; Watermargin.

Manuel J. Ferreira, Arts & Sciences, Little Compton, R.I.; Willard Straight Hall board of managers; Phi Kappa Sigma.

Philip A. Fleming, son of John R. Fleming '21 and Mrs. Fleming (Margaret Cushman) '23, Arts & Sciences, Chevy Chase, Md.; Sun sports editor, Sigma Delta Chi; Psi Upsilon.

James L. Gibbs, Jr., Arts & Sciences, Ithaca; Senior Class president, Sophomore Class Council, Student Council, NAACP president; Watermargin.

Meredith C. Gourdine, Engineering Physics, Brooklyn; track captain, Student Council, Sophomore Class secretary, Society of Engineering Physics vice-president, McMullen Regional Scholarship, Board on Physical Education & Athletics; Telluride.

Herman A. Hanemann, Jr., son of H. Andrew Hanemann '17, Electrical Engineering '51, New Cumberland, Pa.; rowing, Eta Kappa Nu vice-president, AIEE secretary; Phi Kappa Psi.

Edward C. Hanpeter, Arts & Sciences, St. Louis, Mo.; Sun managing editor, Sigma Delta Chi, National Scholarship; Theta Xi.

Walter A. Harrison, Engineering Physics, Toledo, Ohio; Junior Class president, Student Council secretary, student conduct committee, Dean's List; Delta Upsilon.

Walter K. Hildebrandt, Agriculture, Wiliston Park; J-V football, Campus Conference on Religion co-chairman, Student Christian Movement; Sigma Nu.

John C. Huttar, Jr., son of John C. Huttar '23, Agriculture '51, Trumansburg; track, cross country, 150-pound football, Ag-Domecon Association treasurer, Freshman Camp manager; Phi Kappa Psi.

Donald C. Irving, son of Mrs. Harry A. Irving (Elizabeth Clark) '28, Agriculture, Port Washington; rowing; Alpha Gamma Rho.

Robert D. Jensen, Mechanical Engineering '51, Baltimore, Md.; 150-pound rowing, CURW president, Student Council, Student Christian Movement State executive committee; Kappa Tau Chi.

Loren F. Kahle, Jr., Mechanical Engineering '50, Edmonton, Can.; swimming manager, Engineering Council president, Student Council, Tau Beta Pi, Kappa Tau Chi Award, Pi Tau Sigma; Chi Psi.

John C. Lankenau, Electrical Engineering '51, Germantown; Student Council treasurer, Inter-cooperative Council president, Independent Council governor, Eta Kappa Nu,

McMullen Regional Scholarship; Cayuga Student Residence Association.

J. Russell Little, Jr., Arts & Sciences, New York City; soccer co-captain, lacrosse, Alpha Epsilon Delta; Phi Kappa Sigma.

Norman S. Pava, Arts & Sciences '51, Springfield, Mass.; Sun feature editor, Big Red Band, Concert Band, Sigma Delta Chi president; Watermargin.

David W. Plant, Mechanical Engineering, Toledo, Ohio; Cornellian business manager, Pi Delta Epsilon, McMullen Regional Scholarship; Delta Upsilon.

Henry L. Rather, Hotel Administration, East Lansing, Mich.; Red Cross, Cornell Shows chairman; Phi Sigma Kappa.

James T. Ream, Architecture, Somerset, Pa.; Junior Class Council, Freshman Camp assistant director, Freshman Club advisers chairman; Sigma Chi.

Robert L. Robertson, Jr., Industrial & Labor Relations, Port Jefferson; track co-captain, cross country.

Peter T. Schurman, son of George M. Schurman '13, Arts & Sciences, Katonah; Glee Club, lacrosse; Sigma Phi.

Michael Scott, son of Irvin L. Scott '20 and Mrs. Scott (Dorothy French) '22, Arts & Sciences, Hastings-on-Hudson; Sun associate editor, Junior Class Council, Sigma Delta Chi; Delta Phi.

George W. Sutton, Mechanical Engineering '51, Brooklyn; Cornell Engineer managing editor, Student Council, Tau Beta Pi, Pi Tau Sigma, Kappa Tau Chi, Atmos, Mu Tau Sigma, Pi Delta Epsilon; Tau Delta Phi.

Robert E. Vogel, Electrical Engineering '51, Baltimore, Md.; 150-pound football co-captain, lacrosse; Phi Kappa Sigma.

Faculty Sets Responsibility

BOARD OF TRUSTEES has amended the University By-laws to make effective resolutions adopted by the University Faculty defining its concept of academic freedom and responsibility. At a meeting May 30, the Faculty voted to reaffirm the following resolution which it had adopted May 8, 1918:

"The Faculty maintains that each of its members in writing or speaking has the same rights and duties as any other citizen. The Faculty believes that each of its members in exercising his right of free speech should realize that in the minds of many citizens he occupies a representative position and that, in consequence, the reputation of the University lies partly in his hands. The Faculty recognizes that each of its members is bound in the present crisis to safeguard the reputation of the University with especial care."

In addition, this resolution was adopted:

"It is the sense of the Faculty that any member of the Faculty who, publicly, or in his contacts with students, advocates the overthrow of the government of the United States, or of a State or Territory of the United States, by force or violence, or the accomplishment of political change by a means not permitted by the Constitution of the United States, is guilty of such misfeasance as makes him unfit to participate in the relationship of teacher to student."

At the recommendation of the Faculty, the Trustees amended the By-laws to read:

"The University reserves the right to dismiss and discontinue the appointment of any member of its Faculties, on reasonable notice and after giving such member an opportunity to be heard, for failure to perform the duties required of the position which he holds or for such personal misfeasance or nonfeasance as makes him unfit to participate in the relationship of teacher to student."

Thirty-five Years Ago

July, 1916—Work on the new Drill Hall is proceeding, but very slowly. . . . The new Observatory north of Beebe Lake is well along toward completion.

Ten Years Ago

July, 1941—You may not enter Willard Straight Hall in slacks or shorts. That's a new rule introduced with this year's Summer School. People who live here divided on the wisdom of it. . . . When interviewed on slacks and shorts by your reporter, Mr. Foster Coffin, Director of Willard Straight Hall, said in substance: "We were under great pressure. We had to have a rule to show we had a rule, because most of our patrons seemed to think there weren't any rules. It wasn't that the entire Summer School wore slacks and shorts; merely that the wrong ones wore the wrong slacks and shorts, and mostly around Willard Straight. Slacks can be, I know, chic, smart, modest, and pretty, but you'd never know it just from hanging around here. We couldn't say smart slacks can come in and the other kind must stay out, could we? It was all or nothing. . . ."

—R. B. in "Now In My Time!"

Four Get Fulbright Grants

FULBRIGHT SCHOLARSHIPS to four Cornellians for study abroad during 1951-52 have been announced by the US State Department.

Constance K. Eberhardt '41, who is a member of Governor Dewey's legal staff in Albany, has a grant to study international law at the University of Oslo, Norway. She received the LLB in 1943. Jules Brody of Brooklyn will study French literature at the University of Rennes, France. John W. Mellor '50, of Springfield, Vt., a candidate for the MS in the Graduate School, will use his award to study agricultural economics in Lincoln College of Oxford University in England. Robert F. Gatje '51 of Brooklyn, a member of the graduating

class in Architecture, will also go to England, to study at the Architectural Association School of Architecture.

Set Fall Homecoming

DIRECTORS of the Cornell Alumni Association, meeting in Ithaca, June 8, approved plans for Alumni Homecoming next fall on Saturday, October 13, when Harvard plays football with Cornell on Schoellkopf Field. A special committee of Alfred M. Saperston '19 and Mrs. Edwin S. Knauss (Dorothy Pond) '18 is in charge of arrangements, which will include luncheon in Barton Hall and perhaps a dinner after the game in Statler Hall for which advanced reservations will be required.

President Harry V. Wade '26 reported to the directors that since he took office last fall he has travelled more than 10,000 miles visiting twelve Cornell Clubs and conducting meetings for the Association. He finds "a live, active, and genuine interest in the University and in alumni activity" and reported that the program of the Association is going forward well. Wade suggested either a new organization of Class officers or that the Association of Class Secretaries be enlarged to bring in Class presidents, treasurers, Alumni Fund representatives, ALUMNI NEWS correspondents, and members of Class councils "so that they can get the Cornell picture in a more intimate and closely-connected manner" to make the Class organizations more effective.

Report for the Association publications committee showed that the ALUMNI NEWS has now passed 10,000 subscribers for the first time, with four Classes collecting annual dues for Group Subscriptions, with the Class of '24 soon to start and others interested. William M. Vanneman '31 reported as chairman of the committee on Alumni Trustee nominations; George Munsick '21 and Mrs. Peter C. Gallivan (Margaret Kelly) '24, for the secondary schools committee; and John L. Munschauer '40, director of the University Placement Service, reported for Sterling W. Mudge '13, chairman of the committee on alumni placement. Reports were given also by the presidents of the Federation of Cornell Men's Clubs, Saperston; Federation of Cornell Women's Clubs, Mrs. Knauss; Association of Class Secretaries, Frederic C. Wood '24; and Alumni Fund Council, Jessel S. Whyte '13.

The directors elected as chairman of the committee on secondary schools for 1951-52, J. Dean Johnson '30 of Rochester, with Mrs. Andrew O. Stilwell (Charlotte Crane) '34 as vice-chairman and Joseph C. Gardner '22, M. Gregory Dexter '24, and Louis J. Dughi '36. Associate Director of Admissions Robert W. Storandt '40 is executive secretary.

The Faculty

Vice-president **Theodore P. Wright**, Research, will represent the Cornell Aeronautical Laboratory in Buffalo at a technical conference of the Royal Aeronautical Society of London and the Institute of the Aeronautical Sciences in England next September.

Dean **William I. Myers '14**, Agriculture, has been appointed by Governor Thomas E. Dewey to the New York State Defense Council which will lead preparations against atomic attack in the State. Dean Myers spoke, June 30, at a fiftieth-anniversary celebration of the first farm power line in the State, sponsored by the New York Farm Electrification Council near St. Johnsville. He also spoke at the dedication of Lipman Hall at Rutgers University, June 12.

Dean **Charles W. Jones, PhD '32**, of the Graduate School received the honorary Doctor of Letters at Oberlin College, June 11.

Mrs. **Neal Dow Becker**, wife of the chairman of the University Board of Trustees, died June 12, in New York City, after a brief illness. Becker '05, who is president of Intertype Corp. in Brooklyn, attended Commencement exercises and presided at the Trustees' meeting in Ithaca, June 11.

A \$3300 Langley Fellowship of the American Institute of Architects has been awarded to Professor **Frederick M. Wells '26**, Architecture, for study in Europe this summer and fall. He will study the design of historic buildings and methods of teaching architecture in France, the Netherlands, and Scandinavia, and will spend some time at the American Academy in Rome, Italy.

Dean **Joseph C. Hinsey** of the Medical College has been appointed Associate Dean of the Graduate School in charge of graduate instruction in New York City. Dean Hinsey received the honorary Doctor of Science at Northwestern University commencement exercises, where he was cited for "his noteworthy contributions to medicine as a teacher, investigator in the field of neuro-anatomy, administrator, and editor and writer for medical journals."

President-elect of the American Heart Association is Dr. **Irving S. Wright '23**, professor of Clinical Medicine at the Medical College in New York.

Professor **John K. Loosli, PhD '38**, Animal Nutrition, has received a \$1,000 Borden Award and gold medal for his fundamental research on nutritional requirements and biochemistry of minerals, fats, protein, and vitamins with dairy cattle and other farm animals, and for his ability in guiding students. The award was made at the annual dinner of the American Dairy Science Association in Knoxville, Tenn., at which Professors **Loosli, William Hansel, PhD '49**,

Robert H. Foote, PhD '50, John T. Reid, and Samuel T. Slack, MS '49, Animal Husbandry; and Professors **Vladimir N. Krukowski, PhD '35, and Frank V. Kosikowsky, MS '44**, Dairy Industry, presented papers.

A year of special research on a perennial GI gripe was begun June 1 by Professor **Carl S. Pederson, PhD '29**, Bacteriology at the Geneva Station. He heads the stability division of the Army Quartermaster Corps Food & Container Institute in Chicago, Ill. where civilian scientists are studying chemical and bacteriological problems in preserving and storing foodstuffs for soldiers in the field.

Professor **Maurice F. Neufeld**, Industrial & Labor Relations, has been appointed to a State University of New York council on graduate study, newly-formed to coordinate graduate work, supervise or administer such programs, and consider the condition and needs of research work within the State University.

Professor **George S. Butts '25**, acting head of the department of Extension Teaching & Information in Agriculture, married professor **Orrilla Wright**, Extension and assistant State leader of home demonstration agents, June 1. They live at 423 Oak Avenue, Ithaca.

The Infectious Diseases of Domestic Animals (second edition) by Drs. **William A. Hagan, MS '17, and Dorsey W. Bruner '37**, Veterinary Medicine, has been published by Comstock Publishing Co. It gives special reference to etiology, diagnosis of diseases, and biologic therapy.

Professor **Paulis P. Bijlaard**, Civil Engineering, presented two papers at the first National Congress of Applied Mechanics in Chicago, June 11-16. He is also the author of papers published in the May issue of the Journal of Aeronautical Sciences, Engineering News Record of April 26, and the April issue of the Swiss "*Zeitschrift Für angewandte Mathematik und Physik*."

At meetings of the Federation of Biological Societies in Cleveland, Ohio, April 30-May 4, Dr. **McKeen Cattell**, Pharmacology at the Medical College, was elected president of the American Society for Pharmacology & Experimental Therapeutics and Dr. **Vincent du Vigneaud**, Biochemistry, was elected president of the American Society of Biological Chemists.

Professor **John P. Willman, PhD '33**, Animal Husbandry, received the Professor of Merit Award of Ho-Nun-De-Kah, senior society in Agriculture, for the professor receiving the most votes from the Seniors in the College. The award, a miniature walking plow, was presented at a reception for Faculty members, seniors, and their parents, June 10.

"The Bird's Year," by Professor **Arthur A. Allen '08**, Ornithology, is featured in the June issue of National Geographic Magazine with his photographs in color and black and white.

John G. Kirkwood, professor of Chemistry from 1934-37 and 1938-47, has been named Sterling Professor of Chemistry and chairman of the department at Yale. Speak-

ing of Kirkwood, Yale provost Edgar S. Furniss said, "Men in chemistry consider him one of the best chemical theorists, a first-class mathematician, and a very profound scholar. One of his teachers says that of all the men who have come up in the United States in the past thirty years, Mr. Kirkwood has the broadest scientific interest, and in competence is second to none."

Professor **J. Barkley Rosser**, Mathematics, presided at the annual meeting of the Association for Symbolic Logic at Columbia University in New York City. The program, held in conjunction with a meeting of the American Mathematical Society, was planned by Professor **Wallie A. Hurwitz**, Mathematics.

Writing Mature Prose, a college textbook by Professor **Baxter Hathaway**, English, has been published by Ronald Press of New York City. The text is intended as a guide to good writing through sentence mastery and includes illustrative passages by several authors.

Travelling fellowships have been granted to Entomology Professors **J. Chester Bradley '06**, who will attend an international congress on entomology in Amsterdam this summer and do taxonomic work in European museums, and **Ferdinand H. Butt, PhD '34**, who will study in Britain, France, and Italy.

An essay, "The Life and Mind of Morris R. Cohen," by Professor **Milton R. Konvitz, PhD '32**, Industrial & Labor Relations, appears in Freedom and Reason: Studies in Philosophy and Jewish Culture, recently published by Free Press.

Taxation of soft drinks would reduce consumption of these "bottled sugar solutions" and encourage greater use of calcium-rich milk, Professor **Clive M. McCay**, Nutrition, told a State Dental Society meeting in Buffalo. Studies of tooth erosion have shown damaging effects of acids in cola drinks, he said, and added that, "Among the common beverages that produce no erosion are beer, root-beer, and cultured milk."

Professor **Henry S. Jacoby**, Bridge Engineering, Emeritus, who had lived in Washington, D. C., since his retirement in 1922, has moved to the Yingst Nursing Home in Quakertown, Pa. He was a member of the Faculty for thirty-two years.

"Before many months have passed, the name of **Arthur C. Dahlberg** will be known to dairy farmers throughout the country. Dr. Dahlberg [Grad '27-'28, Dairy Industry] . . . is in charge of a National Research Council project on milk quality and milk regulations. His findings to date promise that this subject will make a very major contribution toward the establishment of sane, sensible milk regulations in our milk markets."—*Hoard's Dairyman* editorial

Professor **Charles A. Gulick** of the University of California will be visiting professor in Industrial & Labor Relations next fall. He will teach a graduate and an undergraduate seminar in comparative labor movements and will consider the economic, political, social, and other institutional as-

pects of several foreign labor movements. He is the author of three books and has contributed articles to professional journals.

Professor **Robert C. Bald**, English, has received a fellowship from the Huntington Library in San Marino, Cal., for research there during the next academic year. He plans to complete a biography of John Donne and to work with material on other seventeenth-century poets.

A technical article on metal cutting by Professor **Erik K. Henriksen**, Materials Processing, appeared in the May issue of the Transactions of the American Society of Mechanical Engineers.

"The Genesis of Cornell University's Collection of Regional History," by Mrs. **Edith M. Fox '32**, has been reprinted from the April issue of The American Archivist. Mrs. Fox has been Curator of the Collection since 1945. By action of the Board of Trustees at its Commencement meeting, she also becomes University Archivist, to collect and preserve for use the historical records of the University.

Professor **Arthur Larson**, Law, will study legal aspects of social legislation in England on a Fulbright grant for research at the University of London from February to September, 1952.

Professor **Horace L. Jones**, Greek, Emeritus, lives at 2887 Howell Mill Road, NW, Atlanta, Ga. He taught here from 1910-47.

Dr. **Connie M. Guion '17**, professor of Clinical Medicine at the Medical College, received the Northfield Award for Significant Service, May 20, at Northfield, Mass., School for Girls, of which she is a alumna.

Students To Honor Wilson

MEMORIAL FUND to honor Professor Lyman P. Wilson, a member of the Law Faculty for thirty years until his death in April, is projected by students of the Law School. Fund efforts, with a goal of \$3,000 to be used for a portrait of Professor Wilson and an endowment in his name, will be started next fall among students and Ithaca associates of Professor Wilson.

Howard Fernow '45 and John S. Adams '45 of Ithaca are co-chairmen of the project, and Eugene de O. LeFever '51 of Geneva is secretary-treasurer. Other members of the student committee are Edward P. Abbott '44; Donald W. Geerhart and Donald D. Gulling, Jr. of the Class of '47; Roger A. Williams '48; Joseph Namisniak '49; Henry E. Byers, Charles R. Hann, Curtis L. Lyman, Edward A. Merdes, Robert S. Palmer, Osco W. Peterson, Arthur E. Piehler, G. Thomas Schnurr, E. W. Dann Stevens, George N. Wakelee, Jr., Frederic R. Woodruff, Jr., and Roger W. Zaenglein, Law '51; and C. Richard Oviatt '52. All the committee, except Adams and Oviatt who are still in the Law School, received the LLB this June.

July, 1951

NEWS OF THE ALUMNI

Personal items, newspaper clippings, or other notes about Cornellians of all Classes will be welcomed for these pages. Addresses as printed are in New York State unless otherwise designated.

Certain Classes, principally those which send the ALUMNI NEWS to all members, have special columns written by their own correspondents. Each such column is designated at its beginning with its Class numerals. Material for those columns may be sent either to the NEWS for forwarding or directly to the respective Class correspondents, whose names and addresses follow:

1910 Men—Roy Taylor, Old Fort Road, Bernardsville, N.J.

1913 Men—M. R. Neifeld, 15 Washington Street, Newark 2, N.J.

1915 Men—C. M. Colyer, 123 West Prospect Avenue, Cleveland 1, Ohio.

1919 Men—Alpheus W. Smith, 705 The Parkway, Ithaca.

1920 Men—W. D. Archibald, 8 Beach Street, New York City 13.

1921 Men—Allan H. Treman, Savings Bank Building, Ithaca.

1945 Men—William D. Knauss, 409 East Cedar Street, Poughkeepsie.

* * *

MORE REUNION group pictures and Class reports will appear in the next (September) issue. Class correspondents may submit reports for that issue up to August 14. Please type, double spaced, not more than two pages, and sign your name.

'00 ME—**Marcus M. Drake** is president of Mechanical Marine Co., Inc., producers of valves for oil tankers, at 17 Battery Place, New York City 4. He lives at 80 Revere Road, Roslyn Heights.

'90 AB—**Edwin Emerson**, author and retired lieutenant colonel, lives at L Motel, New York City 4. He lives at 80 Revere Road, Roslyn Heights.

'90 ME—**Sherwood J. Larned** writes from Saugerties, where his address is Route 3, Box 284, that he sits in an easy chair by the fireside or on the porch, reading and listening to the radio or recorded music.

'95, '97 BL—**Robert H. Haskell** writes that he and the following members of the Class of '95 gather for luncheon occasionally at the Cornell Club of New York "to promote the friendships engendered by a loyalty to their Alma Mater:" **James R. Aikenhead, Clinton L. Babcock, Carroll Blake, Elmer W. Firth, David Joyce, Reginald H. Keays, Mrs. Herbert Marples (Mary Banks), Jesse F. Orton, Ellis L. Phillips, William E. Schenck, Erle W. Whitfield, and George E. Waesche.**

'03 CE—**Ernest D. Hendricks** is a consulting hydraulic engineer in Albany, where his address is 380 Quail Street.

'06 Reunion—Our Club gives a hearty "hand" to the combined local groups which set up and carry out over-all plans for the Reunion program. General publicity, direction and help, lodging, food, entertainment, all reflect much foresight and effort. Take a bow, Cornell in Ithaca!

Fifty 1906 men signed in at headquarters for the Class. Sixty sat down for the dinner

Forty-five-year Class of '06—**Top row** (left to right): Mrs. Hemingway, J. C. Hemingway, L. D. Perry, Larry Bennett (Ora Lee's grandson), Ora Lee, W. J. Durkan, H. W. Martin. **Fourth Row:** J. Kissick, Mrs. Kissick, R. P. Schoenjahn, V. R. Gage, H. E. Carver, S. H. Woods, J. F. D. Hoge, J. L. Braman, L. C. Welch. **Third row:** W. W. Burns, G. C. Brown, W. A. Robinson, D. P. Morehouse, J. W. Persons, J. S. Gorrell '05, C. D. Hutton, L. M. Champaign. **Second row:** A. W. Mellowes, J. L. Elwood, R. H. Coit, F. B. Crandall, Mrs. Crandall, T. B. Gilchrist, G. E. Wynkoop, L. D. Childs, E. T. Foote, C. T. Darby. **Front row:** H. L. Aller, H. W. Slauson, W. D. Orvis, G. D. Carpenter, Bessie Speed, Jane Cheney, C. F. Landmesser, N. C. Failor, A. M. Mellowes, H. A. Travers (in front), J. E. Garabrant.

Photo Science

Saturday night. We were proud to have several 1905 men, among others, celebrate with us. We will see you in force in 1956!

—Hugh E. Weatherlow

'04, '05 AB—**George C. Robertson**, retired since 1947, lives at 1956 Coffee Pot Drive, St. Petersburg 4, Fla. He lived nearly thirty years outside the US, including twenty-four years in Latin America and more than four years in the Far East before World War II.

'08—**William H. McCaully** lives at 1501 Temple Drive, Winter Park, Fla.

'09 ME—**Frank P. Rhame** resigned January 2 as president of the Lunkenheimer Co. of Cincinnati, Ohio. He is retained as adviser to the company, but has moved to 1440 Rogers Street, Clearwater, Fla.

Richard C. Upton (above) had his ups-and-downs, with the downs of his early years abundantly offset by the soaring ups of his more recent ones.

**1910
MEN**

Upton was not able to go all the way through with the Class of 1910. When the money gave out, he left college in his Junior year and went to work for the Lackawanna Steel Co. as an open-hearth keeper. In three years of diligence and constant application, he had worked up to first keeper and then, finding the going slow, he transferred his talents to Western Electric Co., for whom he installed electric switchboards while endeavoring, on his own time but without any funds (or success), to develop an electrically-operated calculating machine.

The upturn in the Upton fortunes came when he broke loose from the shackles of a wage slave and set up for himself as an independent electrical contractor. Eight years of this sufficed to give him the tonic of budding prosperity and to turn what must have been an inherently eager curiosity to the subject of electrically heated and controlled molten salt-bath furnaces in their application to metallurgy.

That sounds mildly on the esoteric side to most folks, but it turned out to be the niche in life toward which Richard Upton had been fumbling. Finally located in the right spot, the man has soared to the ownership and presidency of Upton Electric Furnace Co. of 16806 Hamilton Avenue, Detroit, Mich., manufacturers of those molten

salt-bath furnaces referred to above. His son, **Norman W. Upton '46**, is with him in the business as chief engineer and Dick writes that "we think we're doing fine." Detroit agrees.

Upton and Mrs. Upton live at 38071 Union Lake Road, Mt. Clemens, RD 8, Mich. Their original investment of one son and one daughter has been built up into four grandchildren evenly divided between boys and girls.

After thirty-seven years with Standard Oil Co. of New Jersey and its offshoots, **Arthur F. Lydemann**, 1910's football captain, has retired and now lives at 114 South Catherine Avenue, La Grange, Ill. He has one son, **Arthur Lydeman, Jr. '42**, three daughters, and six grandchildren. He reports that he plays fair billiards and poor golf, but swings a mean rocking chair.

Leon E. Jackson is senior engineer with Rochester Gas & Electric Corp. and lives at 32 Kingsley Road, Rochester.

George F. Hewitt, Jr. is retired and lives at 40 South Mountain Avenue, Montclair, N. J. He had four boys, three girls, and at last reports, eight grandchildren. Tennis and photography have become his hobbies and the Classmates he sees most frequently are **Clarence Pope**, **Marty Rutherford**, **Rudy Christensen**, and **Alan Trimpi**.

'11 BSA—**George B. Birkhahn** is district manager of RTA Distributors, Inc., Albany wholesale distributors of RCA-Victor radio, television, records, and household appliances. Mrs. Birkhahn was **Helen Fisher**, **Winter Course '18**. They have two sons, **Paul D. Birkhahn**, who is in the research division of General Chemical Co. in Wilmington, Del., and **Charles D. Birkhahn**, who works in the electronics department of General Electric Co. in Schenectady.

'12 BS—**Harlan B. Munger** is president of US Farm Credit Administration of Springfield, Mass., which includes the Federal Land Bank, Intermediate Credit Bank, Bank for Cooperatives, and the Production Credit Corp. He lives at 85 Pleasantview Avenue, Longmeadow, Mass.

'12 ME—**John W. Magoun** is secretary of the Harrisburg, Pa., chapter of the National Society of Professional Engineers. He lives on Route 3, Mechanicsburg, Pa.

MORE ON LITTLE DIVIDENDS

A baker's half-dozen '13ers claim four little dividends. At the time these notes were written, **Sterling Mudge** reported four grandsons and predicted one granddaughter shortly. We had not yet heard that you could gamble with safety on that kind of medical prediction. Mudgie is director of training for Socony-Vacuum Oil Co., 26 Broadway, New York City, where he has worked for the last twenty-seven years. He must be an extrovert, for he confesses to the peculiar pleasure of making speeches. He gripes for more news about ordinary '13ers. If you ordinary and not-so-ordinary '13ers will send in hard news, he'll get it and you'll get it!

Four grandsons without any other qualifying predictions are submitted by **Lionel Herrman**, who is now manager, Special Products Division, Towle & Son Co., famous for special metal parts and assemblies, Philadelphia. Heinie's new address is Apt.

B, 1008 Park Drive Manor, Philadelphia 44, Pa.

Don Beardsley, investment banker, from the staid city of Father William Penn and '13 Class treasurer, has three grandsons and one granddaughter.

The same score is posted by **Joseph W. Ward** of 25 East Avenue, Caledonia. Noted as a hard worker in student days, "Bones" maintains the habit. He is president of Wm. Hamilton & Son, Inc., millers and grain merchants in his home town, and since 1942 he has been elected representative of Livingston County in the New York State Assembly.

An equal split between male and female grandchildren, of four each, are reported by **George W. Rosenthal** and **Arthur W. Beale**. Rosie is head of a long-established family firm of commercial printers and magazine publishers in Cincinnati, Ohio. Art writes from Rochester that Cornell is well represented in the Beal Construction Co., with himself as president and **Art, Jr. CE '46** as VP.

Everett S. Greer makes up the seventh of the baker's half-dozen, with one male and three female little dividends. Ev moved to that farm of his in April, and can be reached at Box 31, Zanesville, Ohio. He is a great booster for the June Intercollegiate boat races at Marietta.

A few gramps and near-gramps wise-crack about their grandfather status. **Sessler** shrugs it off when he deprecatingly says, "None to speak of." Every winter, Sessler potters with his oils and paintbrushes on the west coast of Florida, and Clef (that's Mrs. Sessler) has a field day with chamber music. And odd things happen to them. Did you ever hear of winning a prize at a costume ball because of the lack of one? This happened to Sessler at the Beaux Arts Ball in Sarasota, and there were 600 Bohemians present!

Classmates who visit San Francisco have a cordial invitation to look up **Fred H. McClintock**, manager of the real estate department of Standard Oil Co. of California. Fred sends on a glowing tribute extended to Classmate **Alfred Carl Hottes** by the A. T. De La Mare Co., Inc., publishers of garden books. Al, who lives at 481 Rosemont Street, LaJolla, Cal., is an inspiring teacher, lecturer, editor, authority on flowers, shrubs, and trees, and a prolific writer on home gardens.

The president of the National Manufacturing Co. (asphalt roofing, paints, and varnishes, Tonawanda) voices the secret longing of many Classmates who to date have reported no grandchildren. **Clinton W. Brown's** hope is "Maybe soon!"

To the slim report of one grandson, **Donald B. MacDonald**, master builder at Kingston, Pa., adds the comment, "I am not proud of the score; am working on it." If you discover a successful formula, pass it on to your Classmates! Don's wife is sister to Mrs. **John Paul Jones**.

Word has come that coronary occlusion carried off **Alfred E. Bannister**, ME '13, March 10, 1951. You may remember him as a member of Kappa Alpha and of the Varsity track team. Mrs. Bannister and two sons, **Alfred E., Jr.** and **Chester C.**, can be reached at Box 274, Algonac, Mich.

'14 LLB—**John F. Greaney** spent six weeks last fall in Saudi Arabia, consulting

and advising the Minister of Finance on contracts and drafting tax legislation. His law offices are in the Warner Building, Washington 4, D. C.

BABY CONTEST A DRAW!!

Dick Shurter—Cornell 1915

Beth Shurter—Born Nov. 14, 1946

1915 MEN

Stop the presses! There is a surprise entry in the 1915 Baby Contest. Beth Shurter was born November 14, 1946. Father: **Stewart R. A. Shurter**, Ridley Park, Pa. Late on June 1 (closing date for entries in the contest) we received the following by air mail from the proud father: "I have a daughter, Beth, who was born November 14, 1946. I never married until June 16, 1945, and Beth is the only issue. The wonder is that there was any issue whatsoever."

We officially declare the 1915 Baby Contest a draw. **LeClair Smith's** boy (announced as the winner in the June 15 *ALUMNI NEWS*) you will recall, was born November 15, 1946. Smitty and Dick were crowding the middle fifties when these children were born. (I should be the one to decide who is the head man!) Both are entitled to the Blue Ribbon (Department of Animal Husbandry please note.)

The 1915 Baby Contest is at an end. Stop the production lines!

In the June 1 *ALUMNI NEWS*, **Walter Priester** and I engaged in a bit of friendly banter as the saying is, in a plea for the payment of Class dues. This noble effort has so far produced two checks for \$5 each. Would anyone like to hire a couple of sales promotion guys?

Walter, in reply to my needling on his engineer's handbook English, slays me with: "Sir: Re: your insulting remarks re: my English structure (CE variety), I checked my copy. Any dumb Arts student, but certainly not a LLB, would have recognized that the simple elimination or exclusion, if you will, of the word 'to' would have made very clear the intended thought. Glad to help you out." Is that clear to everyone? If not, refer to the course in English on the back page of the Engineer's Handbook.

Bill Cosgrove is just back from Europe (Paris). Says the mademoiselles look different than they did in 1918. (Wonder why?)

Bob (**Robert B.**) Lea is with the Sperry

Corp., 30 Rockefeller Plaza, New York City. Bob says "I was in Mexico for a short survey trip this winter and have made tentative plans to accompany an engineering group abroad this fall. If I knew of any '15 men abroad, I might have a chance to look them up."

Charley Comfort (C.A.) writes from Middletown: "Still operating a dairy and poultry farm. Our children: two sons, one daughter. We have nine grandchildren." (Wow!)

Bill (W. H.) Mayer sends change of address to Beech Terrace, Pines Lake, RFD 1, Paterson, N. J.

Carl C. Cooman is in the engineering ★ department of Rochester Gas & Electric. Four children; Son **Bob**, CE '49, now enroute to the Philippines as private, first class. Home address: 1511 Five Mile Line Road, Penfield.

Bev (B. H.) Coiner retired from the Army as colonel in 1949. Writes: "Just completed a house to live in the rest of my life," 807 Ivy Lane, San Antonio, Tex.

Rube (H. H.) Ingersoll is with Atlantic Refining Co. (Didn't say where.) Two children; younger son, '51 ME. Rube says he's "getting old." (Who ain't?)

'16 Men's Reunion—With the help of the girls, the Class of 1916 set a new record for Thirty-five-year Reunions, with 183 Classmates registered in Barton Hall. The previous record was 182 set by '12 in 1947.

Our bagpipers were there, almost to a man; with two extra girl pipers this time! A more complete report will appear in the next *ALUMNI NEWS*, as the deadline for this issue didn't permit more than a "hello" and "goodbye." All returned safely, and to those who missed it, we missed you!

—Franklin H. Thomas

'16 Women's Reunion—When the clouds lifted on Monday morning, June 11, little remained but the memory of a glorious Reunion of the women of the Class of 1916. Two days were crowded with genuine enjoyment of our Thirty-five-year Reunion.

Thirty-five-year Class of '16 Sets New Reunion Record

Photo Science

Thirty-four of the old crowd, housed in Balch I, joined in to make the occasion one long-to-be-remembered. From Chile came Dorothy Winner, while Nebraska, Tennessee, Michigan, Virginia and other states were represented. The banquet, held in the small dining room of Risley, got off to a peppy start and was high-lighted with the pricking of festive balloon table decorations, which added continual gaiety. There were fascinating revelations of the past. Gerty Bates brought back "The Working Girl" much to the amazement of eleven innocent undergraduate waitresses. It was interesting to learn what professors had really influenced thirty-five years of living. Among men mentioned were: Liberty Hyde Bailey, George Lincoln Burr, T. F. Crane, Charles E. Bennett, James G. Needham, Martin W. Sampson, Lieutenant Tweston and others.

According to the present day policy, as recommended by the Class Secretaries' Association, the Class held a meeting and elected officers. There was general acknowledgment of appreciation of the thirty-five years of service of our Class secretary, Evelyn Flack. New officers elected for a five-year period were: Secretary-treasurer, "Mickey" Irish Moore; President, MK Church Reed; Reunion Chairman for 1956, Marion Gushee Gourley; Alumni Fund Representative, Mrs. Moore.

—Lois Osborn & Madeline Church Reed

'18—**Manley S. Inscho**, an associate with Dennis Gray Real Estate Co. in Coral Gables, Fla., writes that he, "**Dutch**" Hoffman, and **Jo H. Cable** held their annual Reunion at the Hialeah Club House. Inscho lives at 3638 St. Caudens Road, Coconut Grove, Fla.

'18, '41 WA—**N. Herbert Long** is vice-president of Fidelity Trust Co. of Baltimore. He is also a director and treasurer of the Heart Association of Maryland, lives in the Garden Apartments, Fortieth & Stony Run Lane, Baltimore 10, Md.

'18—**Richard G. Warren** is in the construction division of the Metropolitan Dis-

trict Commission in Boston, Mass. He has three grandchildren; lives at 65 Bay State Road, Boston 15.

1921 MEN

Francis L. Abreu is president of Abreu & Robison, Inc., in Sea Island, Ga.

Hyman Adelsberg is a partner in Adelsberg & Co., New York City.

John R. Aikins is plant design engineer for the Gulf Research & Development Co., Pittsburgh, Pa.

Rembert G. Allen is an architect with the US Air Force in connection with the expansion of the Air Force Program, Washington, D.C.

William Barasch is a civil engineer with the Department of Public Works in New York City.

Charlie Beckwith is an industrial engineer with Socony-Vacuum Oil Co. at Newark, N.J.

Bob Bennett is district sales manager of Malleable Iron Fittings Co. in Branford, Conn.

Sam Bird is secretary, a director, and member of the executive committee of Jos. Bancroft & Sons Co. which is a dyeing industry in Wilmington, Delaware, and is vice-president of the Wilmington Rotary Club. "Glad to see anyone who is in this vicinity at any time."

Bruno Biker, attorney in Milwaukee, Wis., is carrying on a number of projects including running a local interurban line as trustee for the Court.

Frank Bolan is an auditor for the New York Telephone Co. in New York City.

Hank Bosworth is director of Tropical Regions, US Forest Service in Rio Piedras, Puerto Rico.

John Bradley is with the Gear Grinding & Machine Co., Detroit, Mich.

J. A. Colston is branch manager of Norvell Wilder Supply Co. in Corpus Christi, Tex.

Bill Combs practices law in Rochester, and is a member of the firm of Strang, Bodine, Wright & Combs.

Dick Crisfield is an engineer in the Bell Telephone Laboratories New York City.

Al DeGraff is an employment interviewer, New York State Employment Service, living in Adams Center.

John Dickinson is field organization manager, Eastern States Farms Exchange in Springfield, Mass.

Walt Dockerill is sales manager of Payne Coal Sales Co. Inc. in New York City. **Walt, Jr.** graduated from Cornell this year and another son is hoping to enter this fall; two girls also.

Harry Donovan is president of Educational Thrift Service at 22 Park Place, New York City 7, and recently received the "Silver Beaver" National Scouting Award for service to boy scouting.

J. C. Downey is works manager of US Gypsum Co. in Genoa, Ohio.

Paul Drake is a member of Drake & Tut-hill Associates, architects and engineers, 100 Summit Avenue, Summit, N.J. and president of the Alumni Association of the College of Architecture.

Don Fabel is chairman of Department of Mechanical Engineering and Metallurgical Engineering, Penn College, Cleveland, Ohio.

Harold Fanaberia is building houses under a government plan in Montreal, Quebec.

Sam Fisch is teaching in New York City and his son, **Harold**, was a Freshman at Cornell.

Tony Gaccione is president of Toga Paper Co. at 120 Wall Street, New York City.

E. C. Gates is president and general manager of Jackson Lumber Co. in Lockhart, Alabama, vice-president of Crossett Lumber Co., Crossett, Ark., and vice-president of Fordyce Lumber Co., Fordyce, Ark.

Walt Gerould is secretary and comptroller of A. G. Spaulding Bros. Inc. in Springfield, Mass.

'21 Women's Reunion—One of the best Reunions, and always a rejuvenating experience to spend a few June days at Cornell! Forty-eight 1921 women were back with Deborah Cummings Knott coming the greatest distance, California. Carol Curtis Bell and Margaret Kirkwood Taylor came from Washington, D. C.; Dorothy Cushman Littlewood from Maryland; Gretchen Schwitzer Grigson, Gladys Saxe Holmes, Margaret Remsen Rude and Kay Duddy Smith from Pennsylvania; Mildred Aldrich Hamblen from Ohio; Marcelle Pendry Dunwoody, Nellie Buck Quick and Marjorie Cole Tinkler from New Jersey; and Jane Disbrow, Grace Corwin Rademacker and Dorothy Stewart Rowland from Connecticut. The Metropolitan area was represented by Esther Brause Acker, Sophie Deylen Davis, Lillian Brotherhood Donovan, Agnes Fowler, Martha Martin Dunphy, Jo Sniffin Nichols, Sara Spicer Miller, Katherine Badger Robbins, Marjorie Parbury Roedelheim, Rosalie Ulrich Rosenberger, Marie Reith, May Regan, Elsa Schlobohm and Hazel Dates Schumacher.

Coming back from various New York "upstate" communities were Barbara Kephart Bird, Ethel Faulhaber Brown, Elizabeth Wolfe Cook, Jo Bryan Catchpole, Helen Dates, Theresa Fox Dennis, Elizabeth Cooper Baker, Florence Beck, Hazel Day Beagle, Helen Bateman Heath, Irma Barrett, Marie Turpin Gilbert, Betty Keiper, Mary Morgan Nordgren, Esther Young Plank, Stella Quattlander, Lydia Godfrey Sears, Ruth Newman Van Horn, and Irene Zapf Witkop.

To those who did not get back, those of us who were there can only say that you were inquired about, and that we missed you. At the last minute Hilda Goltz, Helen Stankiewicz Zand, Jean Bright Waller, Olma Levi and Helen DePue Schade could not return.

The Alumni Office's planning made everything run smoothly from Campus tours, luncheons in Barton Hall, our own gathering Friday evening in Balch Recreation Room where we were unhurried in our exchange of news and telling of our interests, to our Banquet in the beautiful North Room of the excitingly handsome Statler Hotel. Our usual Sunday morning picnic was rained out. Breakfasting in a group in Balch Hall was so pleasant that it was recommended that in the future we would picnic indoors. Time has changed us from wanting to use the mountain goat trail to the gorge for picnics!

We did all the things that Reunioners do. Many of us eagerly went to all the scheduled events; many leisurely chatted until all hours; we gathered for Senior Singing; we marched around the baseball diamond to have our pictures taken; we attended the Alumni meeting in the Statler auditorium; we roamed to familiar Campus spots and all in all we had a thoroughly Cornell weekend. The undercurrent of enjoyment and recollections of past amusing happenings are noteworthy.

Officers elected for the next five years are: Class Secretary, Sara S. Miller; Recording Secretary, Marjorie R. Roedelheim; Reunion Chairman, Helen Dates; and News Correspondent, Elsa Schlobohm. The latter's witty Class history was the high spot of the Banquet. Betty Keiper arranged

Class of '21 at Thirty-year Reunion

Photo Science

the flowers; Lydia Sears graciously was Banquet Chairman; and May Regan and Marjorie Roedelheim did many details for Reunion. A Class directory including a short sketch of each one's present status and interests will be forthcoming.

This report would not be complete without acknowledging the spirit of real helpfulness, and desire to make every detail pleasant that came from our Alumnae Secretary, Pauline Schmid, both before the big weekend and during it.—Sara S. Miller

'22, '23 ME—**Martyn Z. Bentley** is president of The Snyder-Bentley Steel Co., Youngstown 1, Ohio.

'22 LLB—**Jerome Cantor**, who practices law at 17 Court Street, Buffalo, has been elected president of the University Club in Buffalo.

'22, '23 ME—**Carl C. Weichsel** is executive vice-president of Great National Life Insurance Co., 1604 Main Street, Dallas 1, Tex.

'23 AB—**Robert O. Brannan** is executive vice-president of Cleveland Steel Barrel Co. and president of Cleveland Metal Fabricating Co. He lives at 3103 Falmouth Road, Shaker Heights, Ohio. His son is **Robert M. Brannan '54**.

'23 AB—**Jane A. Carboni** is head of the modern languages department of Sewanhaka High School in Floral Park. She received the Doctor of Education at Columbia in 1949 and is president of the Cornell Women's Club of Long Island. Her address is 19 Revere Drive East, Floral Park.

'23 BS—**Marvin A. Clark** of Freehold, N. J., is county agricultural agent in Monmouth County.

'24—Colonel **Charles W. Skeele** recently returned from a good-will mission with the Air Force in Europe. He visited most of the ECA countries as president of the Reserve Officers Association. He lives in De Ruyter.

'25 ME—**Fred M. Dorris** of 216 East Third Street, Tulsa 3, Okla., is a sales engineer with Weiss Supply Co. He handles power transmission equipment, including Morse Chains from Ithaca.

'26 Men's Reunion—One hundred seventy men of '26 returned to the Campus to make the Twenty-five-year Reunion a howling success. They came from all over the United States and from foreign countries. Chuck Parsons, plant manager for Ingersoll-Rand, flew over from Manchester, England. Wessels Middaugh, food and agricultural officer with the ECA, returned from Austria to be with his fellow Classmen. Fred Hirsh traveled all the way from Pasadena, California, by bus. Del Vincent, Hugh Breckenridge, Ken Owen and Harry Hartman arrived via DC-3 plane from Texas and Louisiana, preceded by Trustee Tom Pew from Houston. Also arriving by plane from Kenosha and Milwaukee were Fred Hinrichs and George Brumder. From the moment the '26 "returnee" registered, he was swept up in a full round of activities. The first stop was at Founder's Hall headquarters where rooms were assigned and costumes were distributed by intercollegiate broad jump champion Flash Gourdine and Glee Club star, Jack Carver. The '26 tent on Library slope was a most popular second pause, where under the keen eyes of beer chairman John Eichleay, liquid refreshments were graciously doled out.

The first roll call for the Class as a group was held at the Drill Hall luncheon on Friday noon. Thanks to Ted Foster, chairman of the badge committee, this year's innovation of readily distinguishable name tags made it possible to recognize many whose weight or lack of hair would otherwise have disguised them.

At 5 o'clock in the afternoon the Seneca Falls Italian band, hired a year ago by chairman Harry Wade, put in their appearance at the tent. From then on, in this twenty-nine piece outfit, garbed in red pith helmets with silver '26's in front, provided plenty of additional noise and fine Cornell music.

Over 150 crowded the Memorial Room of Willard Straight Hall for Friday night's dinner at which Norm Stagg acted as master of ceremonies. The guests and speakers included: Bill Emerson, Vice-president for University Development, Professor John Perry of the Civil Engineering School, and Lou Montgomery, coach of this year's

championship track team. Short talks were made by Chairman Wade, President Walt Buckley, Treasurer Gene Kaufmann, Registration Chairman Tom Fennell, and Fund Raiser Hunt Bradley who announced that the \$27,500 raised towards the \$25,000 objective had smashed the Class of 1919's previous twenty-five-year record.

From Willard Straight and led by the band the Class marched in columns of two to the steps of Goldwin Smith to highlight the Senior singing. Naturally the center of activity for the rest of the night was the tent on Library Slope.

Saturday morning's big event was the Annual Alumni Meeting in Statler Hall which was presided over by our efficient Secretary and Alumni Association President, Harry Wade. Returning to the Drill Hall on Saturday noon for luncheon, the Class paraded around and around behind its magnificent band and easily dominated the whole show. "Marching" to the ball field just prior to the Colgate game, the Class had its official picture taken. Cooling refreshments were served just off first base from the back of John Eichleay's station wagon which made the 7-1 Cornell victory a most happy occasion.

Promptly at 5:30 p.m. the members of the Class gathered at the War Memorial Towers for a most impressive service conducted by Walt Buckley in memory of the seventy-six men who have died. The service consisted of taps, a reading of the names and short passage from a selection by Victor Hugo.

A banquet to end all banquets was held in the Statler Hall auditorium on Saturday evening. Toastmaster Warren Bentley stole the show by arranging for the personal appearance amid fanfare and trumpets of "General Douglas MacArthur" who in answer to Bentley's question, "Which is the greatest class to ever graduate from Cornell" . . . replied, "Why naturally the Class of 1926!" This "spittin'" image of the General turned out to be none other than Carv Pope. Other events at the dinner included a forty-five-second talk by Dean Mike O'Leary and the drawing for door prizes which were won by Harold Uris, Randy Martin, Bob Stier, George Hall, Hugh

Women and Men of 1926 Both Win Attendance Cups at Their Twenty-five-year Reunion

Photo Science

Breckenridge, and Bill Jones.

The grand finale to a fine Reunion took place in the Drill Hall at the Reunion Rally for all Classes, planned and sparkplugged by our own indomitable Harry Wade. The feature event was the awarding of the cup for top Reunion attendance to President Walter Buckley of the Class of '26 which marked the third time our Class has taken home the bacon. Hats off to Harry Wade and his efficient organization for the most successful '26 Reunion ever!—H. H. B.

'26 Women's Reunion—The most exciting thing that happened to '26 Women at the Rally was to see Tommie Koetsch Vogt in the back seat of a convertible rolling up to the speakers' platform in Barton Hall. For this meant that the Class of '26, with 83 women and 170 men back for their Twenty-five-year Reunion, had won the Paul Revere Bowl trophy for the largest number of women returning. (Of course, we were just as delighted to see the '26 men represented in the convertible, too.) It was truly "Nineteen twenty-six Night" at Barton Hall.

In addition to the usual fine program of Reunion events, the '26 Women added something a little different: a cocktail party in the women's lounge at the Statler. The party was tailored to individual tastes: choose-what-you-like and pay-as-you-go, and in the beautiful surroundings of the lounge it was an unqualified success. After that, those who were not eligible for the Home Economics Alumnae dinner got together for dinner in Clara Dickson, where a welcome "joiner" was Alumni Trustee Ruth Irish. Another innovation that was well liked: a combination business and social meeting was held at Class headquarters in Clara Dickson Friday night after the concert. New officers were elected, and tentative plans were made for the 1956 Reunion. That cleared the slate of business so that the Saturday night banquet was purely social. At the banquet brief autobiographies from everyone present brought up to date, with considerable humor, the 1926 autobiographies quoted from the Cornellian. The banquet was held in Risley dining room, where a portrait of Miss Gertrude Nye, seated at her piano, brought pleasant memories.

Newly elected officers are: Charlotte Beach Owens, Reunion Chairman for 1956, and Jeannette Gardiner Powell, Class Treasurer. (By the way, a sizeable goodwill offering to our depleted treasury from the Men of '26 helped immeasurably in defraying the pre-Reunion expenses.) Re-elected were Billie Burtis Scanlan, Class Secretary (an incomparable one, too!) and Jerry Tremaine Thompson, our Class President since graduation. Heartfelt thanks were given to Tommie Koetsch Vogt for her fine work as Reunion Chairman and to Estelle Randall Burnette for her long and excellent service as Treasurer.

The hard work that helped to make the Reunion so successful was done by these Classmates (in addition, of course, to the indefatigable Billie and Tommie) with their committees: transportation to the Reunion, Bea Boyer Beattie; costumes, Dale Davis Clark; banquet, Jeannette Gardiner Powell; hospitality, Rebe Biggs Smith; publicity, Mildred Elkes Wallens (a last-minute illness kept Mildred away, to everyone's regret).

Toastmistress at the banquet was Frances Eagan.

And now a note on hats! No Easter bonnet ever received such awestruck admiration and utterly sincere compliments as did the 1926 costume hats. They were so distinctly wearable that many men thought they were just "women's hats" until they saw eighty-three of them bobbing together; and at the same time they were so outrageously fascinating that a few startled spectators could only stare at them. The hats were stylish Mexican straws, colorful and gay, and were trimmed with everything from bird cages to horses, from Mexican cowboys to bicycle riders, from sombreros to flower pots full of flowers, and with other items too numerous to mention. They were fun to wear as well as fun to look at.—Fatanitza L. Schmidt

'27 BS—Marjorie Grant of 10 Agassiz Street, Cambridge, Mass., received the Master of Public Health at Harvard in March.

'27 CE—Gilbert B. Lamb of 100 Walworth Avenue, Scarsdale, is a traffic facilities engineer for New York Telephone Co. His daughter, Barbara Lamb, is a sophomore at Bucknell and his son, Gilbert K. Lamb, is in Trinity Pawling School.

'29 BS—G. Lamont Bidwell is plant manager and a director of Riegel Paper Corp. in Milford, N. J. His son, John Lee Bidwell, attended Cornell Day and, if accepted, will represent the third generation of his mother's family to attend Cornell. Bidwell lives at 20 Delaware Avenue in Milford.

'29 AB—V. Frank Mashek, Jr. is a mortgage broker at 208 South La Salle Street, Chicago 4, Ill. He lives at 1320 North State Street in Chicago.

'29 BS—Russell J. Smith writes that his son, Richard Smith, will enter the College of Agriculture this fall. Smith is district manager of the GLF in Batavia, where he lives at 110 Ross Street.

'30 AB—Theodore R. Lurie is managing editor of the Jerusalem Post in Jerusalem, Israel. He has two daughters.

'31 Women's Reunion—It was another good Reunion. We returned full of cheer and great good will. Fifty of us were at dinner Saturday night. Our official count was fifty-two.

The men of the Class appeared ninety-two strong and as young hayseeds. To match up, a rush to the University farm produced wheat and oats to wear in the hair as an Ag counterbalance to Olive Espenschied Emslie's chic identification buttons. Our Ithaca cohorts were their usual capable selves, planning for and welcoming all of us. Frankie Young as chairman was assisted by Alice Schade Webster, Ellen Kuney Whetzel, and Helena Merriman Stainton.

A bit of business was transacted. We elected a new Class Secretary in place of Kat Ganzenmuller who steps down after twenty years. Alice Schade Webster has our best wishes. May we overwhelm her at our Twenty-five-year Reunion!

—Dorothy King Hoyt

'32 ME—Melville C. Case is assistant purchasing agent with Rohm & Haas Co., in Philadelphia, Pa. He has two children, Constance Case, age fifteen, and Marshall Case, age ten. They live at 822 Morgan Avenue, Drexel Hill, Pa.

'32 AB—Edward L. Corlett, an orthodontist in Santa Barbara and Santa Maria, Cal., married Susan E. Groome of Caldwell, Idaho, March 29. He has three children by a previous marriage. His address is 15 East Arrellaga Street, Santa Barbara.

'33 AB—Dr. G. Walter Montellone is associate attending surgeon at St. Francis Hospital, Port Jervis, and has been elected to the International College of Surgeons. His address is 150 East Main Street, Port Jervis.

'33, '34 BArch—Garrett V. S. Ryerson, Jr. is an architect with Ferrenz & Taylor in New York City. He has a two-year-old son, Peter Taplin Ryerson; lives at 1402 Brooklyn Avenue, Brooklyn 10.

'34 AB—Preston Beyer is a director and recently re-elected assistant treasurer of the New York Shoe Manufacturing Board of Trade. He lives at 135-12 Seventy Eight Drive, Kew Gardens Hills.

'35 BS—L. Murray Boyer is vice-president and treasurer of Halsey-Lanson Corp., which recently added the Hotel Brighton in Watertown to its chain of Northern New York hotels. Boyer lives in the Hotel Woodruff in Watertown.

'35 ME—**Thomas E. McMahon** recently became district manager of the Kansas City, Kan., office of Combustion Engineering-Superheater, Inc., at 461 Board of Trade Building. He has three children, Patricia McMahon, age nine, Thomas McMahon, seven, and Donald, age three. They live at S426 Pawnee Lane, Kansas City 3, Kan.

'38 ME—**George L. Brainard, Jr.** has received a Sloan Fellowship for a year of study at MIT, beginning June 9. The fellowships are given for training in executive development of industrial executives nominated by their employers. Brainard lives at 408 Crandall Avenue, Youngstown, Ohio.

'38 AB—**William C. Kruse** has re-turned to active duty as a lieutenant commander in the Navy. His home is at 55 Rosedale Avenue, Wayne, Pa.

'38 AB—**Dr. Leonard M. Roberts** has a son, Edward Paul Roberts, born May 10, joining daughter Lynne Nancy Roberts, who is almost three years old. They live at 350 Central Park West, New York City 25.

'38 AB, '40 LLB—**John G. Tausig**, an attorney with Butler, Tausig & Brown, Investment Building, Washington 5, D. C., argued his first case in the US Supreme Court, "Snyder vs Busk, Paymaster General of Navy," last October; a five-to-four decision went against his client with Justices Clark and Frankfurter writing separate dissenting opinions. He has a new home at 3326 North Albemarle Street, Arlington, Va., where he lives with Mrs. Tausig and their four children. Their second boy, William Butler Tausig, was born October 14, 1950.

'39 BArch—**Prescott E. Nead, Jr.**, an architect-engineer with J. L. Ottenheimer, consulting engineer, is master of Wadsworth

Lodge and secretary-treasurer of the Albany Masonic District Masters & Wardens Association. He has three children and is an amateur farmer with thirty acres under cultivation on Lape Road, Route 1, Nassau.

'39 AB—**Lyndon H. Stevens** is a furniture manufacturer's representative at 1255 South Grand Avenue, Pasadena 2, Cal. He has a daughter, Vicki Stevens, age four-and-a-half.

'40 BS—**Robert J. Bear** is a lieutenant ★ colonel in the Marine Corps, stationed at Marine Corps Headquarters, Washington 25, D. C.

'40 BS, '43 MS—**Saul M. Katz** received the AM at Harvard last March. He lives on RD 1, Belle Mead, N. J.

'40 AB—**Harold Robins** has a son, Anthony Wayne Robins, born last November 18. Robins is a manufacturer; lives on South Mountain Road in New City.

'40 DVM—**Dr. Emery G. Wingerter**, Box 14, Red Bank, N. J., has a son, Rex Blard Wingerter, born last January 1.

'40 BME—**John H. Zink, Jr.** is vice-president of The Heat & Power Corp., Baltimore 2, Md. He lives at 3920 Beech Avenue in Baltimore.

'41 Women's Reunion—While drinking a beer at the '41 Men's tent, a certain familiar Campus figure of long standing confided to me that, of all the classes ever at Cornell in his time, he thought the Class of '41 was the very best. Even if that fellow says the same words to every reuning class, you can bet that '41 is a proud and loyal, if a rather loud and slaphappy crowd. Our Reunion weekend was complete and wonderful.

To the many '41 gals returning for the first time in ten years the Campus Caravan

Last month we reminded you that **The Triangle** has the official men's and women's **Cornell Class Rings**. The response was so gratifying that we feel justified in calling them to your attention again. If you have wanted a ring but have postponed buying it, why not order one from us now? Give us your size, Class numerals, and initials, and we will send your ring postpaid.

Men's—10 carat gold:

8 pennyweight, military gold finish\$27.50

10 pennyweight, rose gold finish\$33.00

Plus 20% Tax

Women's—10 carat gold:

8 pennyweight, with Class Numerals and block "C" inscribed in red or dark blue stone...\$17.75

Plus 20% Tax

You'll enjoy the **Cornell Records** of Glee Club, Band, and Chimes:

Four Records for standard players, 8 sides, in attractive Cornell AlbumDelivered, \$8

All on one **Long Playing Record**, two sides\$4.85

In addition to our popular children's "19???" T-shirts at \$1.25, we also have a **White Cardigan Sweater**, with Cornell Seal on breast pocket, in juvenile sizes (2-8 yrs.) at \$1.95

Endicott, N. Y.

Interviews arranged in your city

tours were a must, for the Campus in our time was a wooded area compared to the many beautiful and progressive new buildings standing there now. A big change too, was the friendly attitude of the '41 Men who invited us to their party at Zinck's and reminisced with us over much good cold beer in their party tent on Library Slope.

Especially enjoyable was our banquet in Balch III where we had a super steak dinner followed by snappy remarks by each of the fifty girls attending. They say laughter is good for the digestion. There were gales of laughter. Just ask anyone who was there to repeat, if she dares, a few of the comments by the gals, as each in turn got up to tell about her activities since graduation. Oh rare, informal Class of '41!

We have our Class picture at Reunion to prove we haven't aged very much (not more than ten years, that is,) but the '41 Men sure looked different. We watched them reluctantly taking off their caps when requested by the photographer, and we noticed that they all sat close together to appear thin and collegiate. Never did find out who won the men's prize for baldness, nor would Ray Kruse or my husband tell me who ordered a size 54 costume, but we all knew who has had the most children, for the proud '41er was sashaying his Cornell wife around with him all weekend.

We gals went to the meetings, performances and parties which interested us and came home to the dorm too late and too tired each morning for any bull sessions. We all left the Campus on Sunday feeling the need for just such a weekend again in five years. At that time we hope that even more of our Class of '41 will realize their desire to return to our Cornell for Reunion.

—Grace O'Dare Kimball

'42 BME—William C. Fleming, Jr. is a mechanical engineer and director of Acousti Engineering Co. He married Phyllis Johnson, Vassar '45, in 1947, and they are building a home. He may be addressed PO Box 2147, Jacksonville, Fla.

'42 BME; '43—William D. Graham, Jr. and Mrs. Graham (Elizabeth Francel) '43 have two children, Elizabeth Tolley Graham and William Dalton Graham III. They are building a home at 311 Country Club Drive, Greensboro, N. C., and hope to move into it this summer. Meanwhile, they live at 429 West Gaston Street in Greensboro. Graham, a sales engineer for The Trane Co. of LaCrosse, Wis., is busy selling air conditioning in the South.

'42 DVM—Dr. Wilbur P. Schwobel wrote June 10 that he wanted friends to write him at 250 West Water Street, Harrisonburg, Va. His wife and three children were on a three-week vacation "and it's getting lonesome!"

'42—Florence Walker is on leave from the Extension Service to do graduate work at Ohio State University. She may be addressed care R. Hinchman, RD 1, Lebanon, N. J.

'43 BCE—Theodore J. Hildabrand works in the construction division of Consolidated Western Steel Corp. He has a baby daughter and lives at 5541 Bayview Avenue, Richmond, Cal.

'43, '44 AB—Arnold Hoffman is an attorney with the Wage Stabilization Board

A Yale '13 reader says of Rym's book:

"It is so delightfully and unobtrusively personal and of Cornell, and yet for everybody everywhere in the world of universities. . . . I hope the book reaches the thousands of readers in and out of its community who, like myself, will enjoy it for its own sake and as an initiation into some of the secrets that have made Cornell such a great school."

'44 BME—**Burnett W. Wright, Jr.** works with Pacific Pumps, Inc., in Huntington Park, Cal. He lives at 6337A Gifford Ave., Bell, Cal.

'45 BS—Mrs. Neil A. Armstrong (**Phyllis R. Storm**) retired as home demonstration agent of St. Lawrence County, May 31, and now lives in Holland Patent.

'45, '44 BS—Mrs. Richard A. Atwell (**Mary Louise Dondero**) has moved to 5107 Ratama, Houston 17, Tex.

'45, '44 BS—**Patricia McLean Barton**'s husband has been recalled to service and is stationed at the Port of Embarkation in New Orleans, La. They live at 4314 Perlita Street, New Orleans.

'45, '44 AB—Mrs. Arthur W. Braendel (**Eleanor K. Strum**) lives eighteen miles from Anchorage, Alaska, on a 160-acre homestead, where she and Braendel do a little farming. He is an engineer for the CAA. They both play in the Anchorage Symphony Orchestra, he the cello and she the viola. They have two young sons. Address: Box 206, Anchorage, Alaska.

'45, '44 BS—A daughter, Jane Marie, was born to Mrs. Edward A. Conger (**Barbara J. Birkland**), March 15. They also have a

two-and-one-half-year-old son, Thomas Edward Conger. Address: 25 Center Street, Warsaw.

'45 BS—A son, Jeffrey Allen, was born, March 16, to Mrs. Robert D. Cramer (**Betty Jane Leventhal**) of 2834 Lafayette, St. Joseph, Mo.

'45, '47 MD; '45, '44 BS—**Dr. Rodney ★ H. Dusinger** has been called into the Army at Fort Smith, Ark. He and Mrs. Dusinger (**Marilyn Roesicke**) '45 have adopted a baby girl, now six months old. They live at 504 South Twelfth Street, Fort Smith, Ark.

'45, '44 BSinChemE, '47 AB—**Charles M. Holmes** teaches freshman English to engineers at Tufts College. Says, "They love it as dearly as most engineers do." He lives at 38 Professors Row, Medford 55, Mass.

'45 DVM—**Dr. Russell K. Jones** received the MS last August and is now doing research in virus diseases at Purdue. He has two sons, Douglas Jones, born February 25, 1950, and Timothy Jones, born last May 5. His address is 122 West State Street, West Lafayette, Ind.

'45—**William D. Knauss** was unanimously elected men's secretary of the Class of '45 at a meeting during their five-year Reunion.

'45, '44 AB, '48 AM—**Priscilla A. Okie**, instructor of speech at Wellesley, acted in the "Double Door" with a community dramatics group and directed "The Mikado" for another group. She was registrar for the Northeastern speech convention in Boston last November. She lives at 33 Kimlo Road, Wellesley Hills 82, Mass.

'45 AB—**Eleanor Porter** is an associate editor of Collier's magazine; lives at 55 Greenwich Avenue, New York City 14.

'45, '48 MD—**Dr. Roderick C. Richards** has begun final residency training in pediatrics in Presbyterian Medical Center Babies Hospital in New York City. He lives at 18 Withington Road, Scarsdale.

'45, '48 AB—**William E. Tuttle** is with the order and production department of St. Regis Paper Co. in New York City. He lives in the Saxon Gardens Apartments, 23 Old Mamaroneck Road, White Plains.

'45 DVM—**Dr. Carl N. Wallace** is a ★ captain in the Army Veterinary Corps and lives, with Mrs. Wallace (**Pauline Upson**) '45 and their two daughters, at 102 Merriam Court, St. Joseph, Mo.

'46 Men's Reunion—Our Five-year-Reunion is over and everyone that attended is eagerly awaiting the next one, I'm sure.

For those of you in the Class of '46 who could not attend I will try to give you a brief resumé of the weekend. We started off Friday afternoon on the Library Slope in our Class tent where everyone enjoyed meeting each other again, and then progressed to Lower Enfield Park for a combined Class picnic with the women. Under the guidance of Mavis Gillette Sand and Joe McConnell everyone enjoyed lots of good food and drink. The evening passed so quickly that we went back to the tent for shelter and many more good stories.

Saturday noon our Class along with the other reuniting classes gathered in Barton Hall for a buffet luncheon. Afterwards the traditional parade to Hoy Field for the Class pictures took place. With a keg of beer at the baseball game, we all had an ex-

ceptionally good time and with Cornell winning the game, we were all left in a favorable mood to gather at Zinck's for our Class Dinner. Swifty Bohrmann, the new manager of Zinck's, put on a swell steak dinner and again a good time was enjoyed by all.

After the dinner many of the boys were having to think about leaving but others stayed around and returned to the tent. Even though it had started to rain a large group stayed at the tent until 3 a.m.

During the week end the Class Council held its first meeting and even though there were only a few members present, they decided to elect officers; so that the Class could get underway. The following members were elected to office: President, Bill Beale; Vice-president, Dave Day; Secretary-chairman, Stu Sailor; Treasurer, Norm Dawson; Newsletter, Pete Verna; Alumni Fund, Chuck Hansen; Reunion Chairman, Park Metzger.

I'm sure the twenty-five men who returned to Reunion will agree that their return visit to the Alma Mater was worthwhile and especially enjoyable. Absent from the Class picture which will appear in the September issue but in attendance were: Chuck Hansen, Pete Murphy, Paul Christensen, Dick Hammond, Jack Kunz, Joe McConnell, Bob Hubbard, Bob Cowen, and Park Metzger. We missed those of you who could not make it and will be looking forward to seeing you at the Ten-year Reunion, if not sooner. Let's start thinking about 1956 now, not three weeks before that time.—Bill Beale

'46, '50 BS—**Paul C. Girolamo** is a salesman with Armour & Co. He married Margaret Cullen of Cedarhurst, April 7, and lives at 630 Gramatan Avenue, Fleetwood.

'47 BEE—**Norbert W. Burlis** is an electrical engineer with Emerson Electric Manufacturing Co. in St. Louis, Mo. He is also a partner in Custom Engineering & Development Co., making electronic medical instruments. His address is 6910 Eugene, St. Louis 16, Mo.

'47 AB—**Charles D. Cornwell** received the Doctor of Philosophy at Harvard, in March. He lives at 5100 Twenty-fifth Road, North, Arlington, Va.

'47, '45 AB, '46 AM—**Edward D. Moldover** is an attorney with Schmer & Lynton in New York City. He may be addressed care Rheingold, 317 West Ninety-ninth Street, New York City.

'47 BS—**Gustav F. Papanek** of 1 West Sixty-fourth Street, New York City, received the Doctor of Philosophy at Harvard, in March.

'48 BME—**Thomas A. Foss** is foreman of the railroad spike mill of Inland Steel Co. at East Chicago, Ind. He is engaged to marry Jeanne Gibson, July 7. His address is 711 South Oak Street, Hinsdale, Ill.

'48 AB—First Lieutenant **Calvin T. ★ Hunt** is an Air Force pilot with the 1117th Special Air Mission Squadron, Hamilton Air Force Base, Cal.

'48 AB—Mrs. Edward T. Kernick (**Elizabeth Campbell**) has a daughter, Patricia Kernick, born April 1. She lives at 2715 Hampden Court, Chicago 14, Ill.

'48 AB—Mrs. Calvin L. Kort (**Jacqueline Van Hassell**) has a son, Arthur, born April 26. Kort is a salesman for Otis Elevator Co.

Class of '49 Sets Two-year Reunion Record

Photo Science

They live at 286 Hamilton Avenue, Glen Rock, N.J.

'48 BS—Lieutenant **Richard W. Mather**, ★ **er**, formerly restaurant department manager of Joskes of Texas, has been recalled to active duty in the Air Force and is in charge of the officers' mess at Lackland Air Force Base, San Antonio, Tex. Mather, Mrs. Mather (**Jacqueline Rogers**) '46, and their son live in their newly-built home at 522 General Krueger Boulevard, in San Antonio.

'48 BSME—**Andrew Roman** is a plant engineer in the Chevrolet-Cleveland division of General Motors. He lives at 3403 Cypress Avenue, Cleveland 9, Ohio.

'48 BS—**Frederick Rufe** is manager of Linn Lake Lodge in the Pocono Mountains. During the winter he is catering manager of the Monte Carlo Hotel in Miami Beach, Fla. He lives at 348 South Main Street, Phillipsburg, N.J.

'48 BEE—**Robert B. Seidel** of 26550 Parklawn Drive, Apartment 4, Euclid 17, Ohio, has a son, Duncan Carr Seidel, born February 14. Seidel is a development engineer with Lincoln Electric Co. in Cleveland, Ohio.

'48 AB—**Herbert Wohl** has completed his first year at the College of Physicians & Surgeons, Columbia University, where he was previously a graduate student in bacteriology. He lives at 225 East Moshulu Parkway, New York City 67.

'49 Women's Reunion—One hundred and forty-nine red-capped '49ers came back to Cornell this year to smash the attendance record for a Two-year Reunion. Box score was forty-eight women and 101 men, all costumed in bright red hats with the white '49 on the crown. These same red hats were typical of the close cooperation of the Men's and Women's Classes, which joined forces to make this first Reunion the spark for wonderful Class spirit in the future.

First meeting place for the '49 Women

was their registration table in Barton Hall, outstanding by virtue of a red and white awning, the green and white Class donkey, and hundreds of balloons, which attracted the small fry of the week end like the Pied Piper of Hamelin. Friday evening, twenty gathered at Joe's for pizza and lots of talk and then went up to sit in the '49 block at the Glee Club concert. Then down the Slope to the bulging '49 tent where the party competed successfully with the best of them all week end.

The '49 Women held a midnight meeting in Clara Dickson, combining with it a shower for Lila MacLeod, President of the Class, who is flying to Australia to be married August 11. Twenty-three were there to consume the chocolate sundaes and yard-square rose-bedecked cake.

Martha Coler was elected new president of the Class, with the other officers as follows: Secretary, Betsy Dunker Becker; Treasurer, Dot Taylor Ives; Reunion Chairman, Dorothy Rynalski; ALUMNI NEWS correspondent, Lois Ann Bergen Abbott.

Since the red hat made such a big hit, the Class voted to make it a permanent part of its Reunion costume. Not to be outdone by the elaborate costumes, marching bands, skirling bagpipers of the older, more indoctrinated Reunion-goers, the '49ers tied balloons to their red hats and marched single file to Hoy Field. It's speculated that at least half of the faces of the Class were obliterated by balloons during the '49 picture-taking.

At five o'clock Saturday, the Men and Women of the Class gathered at the Delta Kappa Epsilon house for cocktails, and then went on to Clara Dickson for their joint banquet. The highly enthusiastic mood of the whole Reunion was climaxed at the banquet, with 121 assembled. Emcee was Jack Sheinkmann, who introduced the two Class presidents, Lila MacLeod and Dick Keegan. As a footnote, we might add that John and Joyce Mellor topped the show of hands on children with a record of three.

The fine Class spirit was further evidenced by the Class turnout at the Alumni Rally at Barton where their attendance record was announced and cheered. Saturday night, the tent was again in top form, and was one of the most-frequented places for singing, greeting, and drinking. Then the rains came.

Large prints of the Class picture, reproduced on this page, may be ordered directly from Photo Science Service, Sage Hall, Ithaca, N.Y., at \$1 each.—Barbara Way
