Salary Adjustments for Professional Staff

as of September 1, 1961

New York State College of Agriculture
at Cornell University

During fiscal 1961-62 the salaries of professional staff members were subject to adjustments on three separate occasions - April 1, 1961, May 1, 1961, and September 1, 1961. The adjustment at April 1, 1961, provided for the normal annual increases through merit increments and reclassifications in terms of the adopted salary schedules. The adjustment at May 1, 1961, provided for a 7.5% increase for all staff members. The total of these adjustments for individual employees have been reported previously, and are as shown in the budget for 1961-62. We are showing below, the annual salaries of all professional staff members that were adjusted as of September 1, 1961. By reference to the college and departmental pages in the detailed budget for 1961-62 a determination can be made of the improvement for an individual employee.

During fiscal 1961-62 the salaries of professional staff members were subject to adjustment on three separate occasions - April 1, 1961, May 1, 1961, and September 1, 1961. The adjustment at April 1, 1961, provided for the normal annual increases through merit increments and reclassifications in terms of the adopted salary schedules. The adjustment at May 1, 1961, provided for a 7.5% increase for all staff members. The total of these adjustments for individual employees have been reported previously, and are as shown in the budget for 1961-62. We are showing below, the annual salaries of all professional staff members that were adjusted as of September 1, 1961. By reference to the college and departmental pages in the detailed budget for 1961-62 a determination can be made of the improvement for an individual employee.
