SPRING DAY DELIGHTS Wind Prevents Regatta

A wind that came scuttling down from Lake Erie to fan Cayuga into high and white-capped waves prevented the crew races which were to have ended a 1935 Spring Day replete with Navy Day Ball, baseball game, polo game, clambake, and otherwise perfect weather. Abandonment of the Carnegie Cup regatta provided the worst fiasco Ithaca weather has furnished in many years. It left thousands of men, women, children, and House Party Queens shivering on the east bank of Cayuga; it left about sixteen hundred more glumly roosted upon the observation train with nothing more to look upon than the Lackawanna freight yards. Many disappointed alumni were among those who whiled away the time singing and throwing pennies to crowds of ragged youngsters.

Otherwise, it was an excellent Spring Day. The Dramatic Club presented its annual revue Friday and Saturday evenings; Glen Gray paraded his Casa Loma orchestra before admiring dancers in the Drill Hall later Friday night, and with Bob Causer's Collegians provided the music for a Navy Day Ball as successful as was the Paul Whiteman affair last year. A not-too-substantial-looking lighthouse in the middle of the floor sent colored revolving beams around the Hall, and pictures of four Gargantuan crew men leered from the walls.

That part of Cornell which did not go to upper Alumni Field to watch the polo team lose to Princeton Saturday morning, and which did not stay in bed, trekked to Monkey Run on Fall Creek for the clambake sponsored by Red Key for the unrequested benefit of the Athletic Association, as a substitute for the circus which this year was not held. The Clambake was a little bewildering.

Monkey Run—it was a popular swimming hole until the Sackett bequest gave Cornell a Beebe Lake pool—lent itself well to the occasion; the clams were boiled, not baked, and water was handy. The program and clams began at eleven; during the morning two people were injured in the fraternity barrow race, three in the Sun-Widow ball game, one in a tug-of-war between the Architects and Engineers, and several more in the Mummy-Majura-Kappa Beta Phi fracas. Beard champions of the clambake were members of the Delta Phi fraternity, which received the Harry Gordon ('15) Trophy. The Sun claimed the ball game.

Under a perfect baseball sky, 3,000 watched the Cornell baseball team, and more particularly Philip Pross '35, win a

4-3 ball game from the Yale team that last week defeated Dartmouth, league-leaders. The victory put Cornell a single game behind Dartmouth and the 3,000 fans in a happy frame of mind, indeed.

Cayuga was rough from early morning until evening; the train did not leave Buffalo street until 7:50 p.m., and definite announcement of the abandonment of the races did not come until after eight o'clock. The referee, George H. Thurston of Syracuse, then decided to call off the regatta rather than risk accident. His decision was concurred in later by the coaches, and the three member colleges found it impossible to hold the races at any other time or place. Two Cornell shells provided the only race of the day, headed home.

Several fraternities held house parties over the week-end. They included: Alpha Epsilon Pi, Alpha Gamma Rho, Alpha Sigma Phi, Alpha Zeta, Alpha Chi Rho, Alpha Tau Omega, Beta Theta Pi, Chi Phi, Delta Sigma Phi, Kappa Delta Rho, Kappa Sigma, Lambda Chi Alpha, Pi Kappa Phi, Phi Kappa Sigma, Phi Kappa Tau, Phi Kappa Tau, Phi Beta Delta, Phi Gamma Delta, Pi Kappa Alpha, Pi Lambda Phi, Phi Epsilon Pi, Scorpion, Seal and Serpent, Sigma Phi Sigma, Sigma Pi, Tau Delta Phi, Theta Chi, and Theta Xi.

DIEDERICHS IN ELMIRA

The Cornell Club of Elmira held its annual meeting on the evening of May 16 with Professor Herman Diederichs '97 as the guest speaker. Walter R. Rollo '23, president of the Club, presided.

LADDS MEET ALUMNI

Dean Carl E. Ladd '12 of the Colleges of Agriculture and Home Economics and Mrs. Ladd have been guests of honor at several Cornell meetings in the West during the last few weeks. Alumni in New Orleans, La. met informally on April 10. In San Diego on April 19 the alumni met for dinner under the leadership of J. William Fisher '05, president of the Club. That noon Dean Ladd spoke at the luncheon of the University Club of San Diego.

The Cornell Club of Southern California held its annual dinner on April 23 with Dean Ladd as the guest of honor and principal speaker. Officers for the year were elected. LeRoy N. French '96 succeeds Robert D. Abbott '17 as president; Burleigh A. Lum '13 succeeds W. Hubert Tappan '12 as secretary.

On May 9 the Cornell Club of Colorado held a dinner meeting at the Hotel Edelweiss in Denver.

APPROVE INSTITUTE Alumni Show Interest

The committee in charge of preparations for Cornell's first Alumni Institute, to be held in Ithaca from Monday afternoon, June 17, to Thursday, June 20, is receiving expressions of interest from alumni in all sections of the country and of all ages. Some of the "students" are planning to come back just for the days of the Institute, some are staying through after the class reunions, June 14 to 16, and the Commencement exercises the morning of June 17.

The committee calls attention to the facts that all Cornell men and women, and members of their families and friends are eligible; that provision for housing the visitors will be made in the University dormitories—men in the Baker group, women alumni with husbands or wives and families in Prudence Risley; that railroad rates are a fare-and-a-third if a "convention certificate" is procured with the purchase of the ticket to Ithaca; and that one payment, of fifteen dollars, will include Institute fee, room in the dormitory, and meals in Willard Straight Hall.

Since the first tentative announcement of the Institute, many alumni have commented on the idea and some have already made their plans to come. Not a few Cornell Clubs have taken official notice. Some extracts from letters follow:

Mrs. Ralph H. Ross (Dorothy Ashley) '18: "I would thoroughly enjoy a period of systematic study which would give an impetus and direction to further study during the year. The social life gives promise of suggesting new patterns for our individual and community recreation. Perhaps the most important thing that I would expect to get out of it would be contacts with others who are enough interested to expend some real effort toward understanding and solving some of our problems."

Anita Sadler Weiss '29 and Harry B. Weiss '28: "... should be a stimulating and illuminating experience for thinking Cornellians. . . . those who lead the classes must be able to correlate and guide the minds of the very heterogeneous group which will gather, having only the University as common ground. . . . The limitation of the cost will be an important factor in attracting Cornellians to this exciting intellectual holiday."

A. M. Dersheimer '04: "... delighted with this proposal."

Eric Ruckelshaus '28: "An expression of approval from the Cornell Club of Newark was made at our meeting of February 8, 1935."

L. G. Merritt '89: "... appeals to me and I would expect to attend whenever possible."

Mrs. Willard Beahan (Bessie DeWitt) '78: "... shall be there, if nothing prevents. . . . am especially interested in your proposed topics for discussion."

Edgar Williams '14: "... provides something more than reminiscences—something living—to re-awaken and keep alive friendships which long have lain dormant."

Judge Harry L. Taylor '88: "... idea ... excellent ... cannot be absolutely certain, but hope to be on hand myself to participate again as a student."

Anna B. Genung '09: "... have often thought there should be opportunity for something more than social life when the alumni come back after their years of experience, and have a chance to think about and discuss what's happening in the world around them."

Alan V. Parker '13: "... will attend if not prevented by circumstances not known to me now."

Milton C. Miller '99: "I would be very much interested in such a program."

Carroll Trego '13: "... a splendid idea and should at least be tried for one year and if successful continued by all means. ... will make every effort to avail myself of such an opportunity."

James P. Costello, Jr. '24: "... hope to join the group meeting in June."

Raymond P. Morse '03: "... its particular appeal to me is an excuse for a prolonged visit to the Campus; and after all, perhaps that is primarily the best purpose it would serve."

John W. deForest '17: "... some such plan represents a decided forward step and one of great potential value."

Robert A. Hentz '11: "... enthusiastically in favor. ... The pleasure of my four years in the University was so great that now, twenty-three years after graduation, I still find myself wishing I could spend a few days as a student. I do not doubt but many others of the alumni feel the same. The proposed plan fills this need, and while no doubt established primarily for the educational value, which the four days of lectures and discussions would bring out, I think that there would also be a big satisfaction in being able to live over again, even in a miniature way, the time that we spent at the University."

The program of the Institute, covering Constitutional problems, National planning, natural sciences and the social order, changes in Federal banking legislation, gold and prices, the future of industrial combinations, and entertainment features, was published in the ALUMNI NEWS of May 9. A folder containing it is available on application to Foster M. Coffin '12, Alumni Representative, with whom reservations should also be made.

ENTERTAIN HOTELMEN

The Philadelphia-Atlantic City branch of the Cornell Society of Hotelmen entertained members of the New Jersey State Hotel Association at a smoker held in the Binnacle Room of the Hotel Claridge, Atlantic City, N. J., May 8.

James R. Knipe '31 and Joseph P. Binns '28, manager of the Claridge, who were in charge, had arranged an excellent program and an appetizing buffet. They were assisted in greeting the hotelmen by twenty-odd Hotel alumni, including a delegation from New York City headed by Albert E. Koehl '28, one from Philadelphia headed by Kenneth W. Baker '29, and one from Harrisburg headed by John M. Crandall '25; and by a party of undergraduates who drove down with Professor Howard B. Meek.

Bloomfield Hulick, president of the State Association, speaking for his colleagues, was most gracious in acknowledging the Cornell hospitality.

REUNIONS START JUNE 14 Announce Program Details

Including five of the earliest, twenty-seven classes are preparing for reunions in June. As usual, the reunion program is scheduled for the Friday, Saturday, and Sunday before Commencement—June 14, 15, and 16—with Commencement on Monday, June 17. This year, however, many old grads and their families will make a week of it, staying in Ithaca for the inauguration of the first Alumni Institute of the University. The Institute will have its first session Monday afternoon, and will continue through Thursday, June 20.

The reunion schedule this year calls for the following classes to return: Under the Dix Plan, '69, '70, '71, '72, '88, '89, '90, '91, '07, '08, '09, '10, '26, '27, '28, and '29; the old quinquennial plan will bring '75, '80, '85, '95, '00, '05, '15, '20, '25, and '30. '33 will come back, as do all classes two years out. '85 and '10, celebrating their half-and quarter-centuries, are making special preparations, and most of the other classes will be well represented.

The railroads are offering the usual reduced rates of fare-and-a-third, the dates this year being extended to include the Alumni Institute as well as the reunions and Commencement. The rate applies to alumni and to members of their families and friends. A "convention certificate" should be secured with the ticket to Ithaca. For that ticket full fare is paid, but on the validation of the certificate at the temporary railroad office in the Drill Hall, the return ticket may be purchased at one-third the usual price.

Alumni who have not heard from their class secretaries or reunion chairmen should communicate with them or with Foster M. Coffin '12, Alumni Representative of the University.

This year the College of Architecture, following the custom inaugurated some years ago by Civil Engineering, invites all former students and their families to be its guests at a buffet breakfast on Saturday morning. From 9 to 10:30 breakfast will be served in the main exhibition room at White Hall, and members of the Faculty will be on hand to welcome the guests. The thesis drawings in Architecture will be exhibited in White Hall at this time, and the work of Fine Arts Faculty and students will be on exhibition in Morse Hall.

ALUMNI FUND MOUNTS

Through May 15 the Alumni Fund, in the fiscal year since July 1, 1934, had reached \$56,630.82 from 3,630 contributors, according to Archie M. Palmer '18, executive secretary of The Cornellian Council.

In amount subscribed the Class of '00 continues its gain of last week, displacing '90 for ninth place by 50 cents, with \$1458.50. '10 still leads with \$3214.10, followed by '94 with \$2421.75, '26 with \$1974.99, '23 with \$1664.84, '22 with \$1651.51, '24 with \$1591.84, '21 with \$1505.68, and '08 with \$1488.50.

This week '13, which last year was fifth in number of contributors, comes up from sixth to a quadruple tie for third at 130 with '22, '24, and '26. '34 and '16 still hold first and second places, with 146 and 136, respectively. Seventh place is still held by '12 with 121, and eighth by '32 with 116, but '09 comes into ninth with 113, displacing '18, which has 112, and crowding '23 out of the first ten. Fourteen classes now have 100 or more contributors to the Fund, '11 being the latest to reach that number.

In percentage of members contributing, '84 resumes its previous supremacy over '85, gaining second place with 14.07, to 13.33 for '85. '70 still leads this classification, with 16.67. The seven other classes of the first ten rank as last week: '09 fourth with 12.49, '00 fifth with 11.22, '13 sixth with 10.66, '12 seventh with 10 percent, '16 eighth with 9.78, '11 ninth with 9.75, and '34 tenth with 9.48.

The Cornellian Council has announced as its goal 10,000 active members by June 30, the end of the fiscal year.

ABANDON DAWN BARRAGE

Alumni who have looked forward each year to the "dawn barrage" inaugurated several years ago by members of the Class of 1912 are to be disappointed this year, according to Ross W. Kellogg, secretary of the Class. The barrage has become almost a tradition of reunions.

Several years ago a member of the Class of '12 noted that interest in reunion matters waned each Sunday morning just at dawn. He was thinking about the problem while motoring near Buttermilk Falls. His eye was attracted by a sign announcing the sale of fireworks, and that gave him the solution.

That Sunday morning, just as the first rays of the sun fell upon West Hill, the barrage started. Firecrackers of various sizes were used. They were found most effective when thrown into the fireproof hallways of the dormitories. The barrage never made use of skyrockets and Roman candles, although these were considered.

Secretary Kellogg writes that the dawn barrage is not being abandoned because of any weakening on the part of members of the Class.

"We still think it was a good idea at the time," he says. "It injected the needed

punch into reunion activities just at a time when some alumni were forgetting what they came to Ithaca for; that is, to use every hour to renew old friendships. However, the Class of 1912 believes in progress, and plans are being made for something more interesting and less noisy on Sunday morning, June 16. Although not on the calendar for a reunion next month, 1912 will be in Ithaca with Kelly-green sweaters as usual."

HOTELMEN ELECT OFFICERS

The New York City chapter of the Cornell Society of Hotelmen have elected new officers for the ensuing year: Milton C. Smith '32, president; Robert E. Redington '32, treasurer; and Georges C. St. Laurent '33, representative-at-large.

CORNELLIANS' DOGS WIN

Homewood Flirtatious, black and white pointer owned by Henry M. Curry, Jr. '09, won this year's national championship from the dog of another Cornellian, Walter C. Teagle '99, at the National Championship Field Trials which opened February 28 at Grand Junction, Tenn. Her picture and that of her handler, Fred Bevan, illustrate a story of the field trials by Nash Buckingham in May Field and Stream. Homewood Flirtatious and Teagle's dog, Norias Annie, have each now a leg on the coveted Robert Bingham trophy.

1935 CORNELLIAN OUT

Once again the Cornellian appears, this year dedicated to Professor Herman Diederichs '97, with an excellent full-page photograph of "Cornell's Man of the Year."

Bound in green sheepskin with gold stamping and the University seal in gold inlaid on its cover, the 1935 Cornellian includes not only the usual biographies and pictures of University officers, Faculty, Seniors, organizations, and teams; but in addition, ten pages of Campus scenes and undergraduate life beautifully reproduced in gravure. A map of the Campus is printed in gold on its green endpapers. Fourteen additional pages of the book's 496 are devoted to informal snapshot photographs of the everyday life on the Campus, ranging from Dr. Sibley reading his newspaper in the Willard Straight cafeteria over a glass of milk to the lower halves of four "Co-Eds Comparing Calves."

The season in each sport is reviewed briefly in text and pictures; the book contains the usual fraternity and sorority and house pictures, with the names of members; and the various honor societies, publications, and other student organizations are included, as usual. The Concord Traveller announced in his Sun column, "Skittles and Beer," that Frank Anthony Ready, Jr. of New York City has the record of Big Man on the Hill, with

thirteen lines of type among the Seniors.

Albert G. Preston, Jr., of Buffalo was editor-in-chief of this year's book; Stanley R. Stager, Jr., of New York City, business manager; and Robert S. Kitchen of Dayton, O., art editor.

BROOKLYN LAWYERS BUSY

Cornell lawyers of Brooklyn have formed a Brooklyn Scholarship committee of the Law Association, whose eleven members are working to raise an annual scholarship in the Law School as a part of the Pound Memorial Fund.

The committee asks Brooklyn alumni to contribute, through The Cornellian Council, to the Pound Memorial Fund, recommending that \$400 of the Brooklyn contributions be used as a Brooklyn Scholarship for a needy and worthy student of the Law School, beginning next year. It is working with the sixty or more Brooklyn alumni of the Law School with the dual object of raising this annual regional scholarship and of stimulating contributions to the permanent Pound Memorial Fund of \$50,000.

The chairman of the committee is Judge Rowland L. Davis '97; the secretary, Herman Wolkinson '25.

FIND NEW ANTIBODY

The recent isolation for the first time in its pure form of an agglutinin by Professor James B. Sumner of the Medical College at Ithaca and Stacey F. Howell, Grad., is hailed by medical authorities as an important advance in the study of immunization to disease. The new substance is a hemagglutinin, so called because in the blood it causes the red cells to group together. The existence of agglutinins was first announced in 1896 in a German scientific publication, but none have heretofore been isolated in pure form. Now it is hoped that the exact chemical composition of hemagglutinin may be determined, with a view to studying the nature of other antibodies.

Professor Sumner and his colleague extracted hemagglutinin in pure crystalline form from the jack bean, a common fodder crop. In 1926 Professor Sumner isolated the first enzyme, urease, from jack beans; and he and Dr. Howell have been using these beans as the source of pure urease, which physicians use in tests for nephritis and Bright's disease. When other workers reported that urease caused blood agglutination, Sumner and Howell suspected that it was not the urease, but some impurity, which acted on the blood. Their search for the impurity led to their discovery of the crystalline hemagglutinin.

Tests show that the new substance, even when diluted ten million times, causes perceptible agglutination of the red blood cells of the guinea pig, rabbit horse, cat, and dog. The substance has no effect on the blood cells of cattle, sheep, and goats.

STUDENT COUNCIL ELECTS

Photo by Fenner

GODSHALL, BROADJUMPER, PRESIDENT

Henry S. Godshall '36 of Lansdowne, Pa. was the only nominee and unanimously elected president of next year's Student Council. Student in Administrative Engineering, Godshall won his Varsity track C as a broad jumper, and his freshman numerals in track and football. Last summer he went to Oxford with the Cornell-Princeton track team. He is a member of Kappa Sigma, of Quill and Dagger, and Eta Kappa Nu, honorary Engineering society.

Undergraduate balloting elected Charles E. Dykes '36 of Springfield, O. secretary of the Council, and Arthur F. Glasser '36 of Paterson, N. J., treasurer. Dykes made his letter in basketball; Glasser is a crew man and was a Junior representative on the Council this year.

The five Senior representatives elected for next year are Lewis M. Freed of Wilkes-Barre, Pa. and John L. Messersmith of Westfield, N. J., both on the Council this year; Howard T. Heintz of New Rochelle, Herbert A. Hopper of Ithaca, and Walter D. Wood, Jr. of Summit, N. J. Juniors are John M. Batten of Cape May, N. J., Lawrence A. Christensen of North Quincy, Mass., David D. Dugan of Hamburg, Karl L. Landgrebe of Birmingham, Ala., and Griswold Wilson, Jr. of Cleveland, O., now in his second year on the Council.

This year's Student Council, under the presidency of William H. Foote '35 of Miles, Wis., is generally acknowledged, as the Sun said editorially "to have performed its duties with more sincerity of purpose, with more consciousness of the multitude of factions represented in the University, and finally, with more concrete and constructive results, than has any previous Council of recent years."

Following considerable Campus discussion of qualifications for election to the Council, Dwight C. Baum '36 of Riverdale-on-Hudson bought space in the Sun for paid political advertising, in which he set forth his platform of opposition to "machine control of Campus politics and spoils." He advertised that he was running "against the wishes of my fraternity (they tubbed me)." Baum was not elected.

ITHACA WOMEN OFFICERS

The Cornell Women's Club of Ithaca, at its annual meeting and dinner in Willard Straight Hall, May 14, elected Mrs. Arthur A. Allen (Elsa Guerdum) '12 president for the coming year. Ruth C. Gibbs '31 was elected treasurer, and Mrs. G. Eugene Durham (Mary P. Porter) '22 and Guertine Tinker '30 were re-elected secretary and vice-president, respectively. Lillian E. Fasoldt '27, the retiring president, will serve as a director, with Mrs. Robert C. Osborn (Agda Swenson) '20.

The Club paid tribute to Lua Minns '14, who died February 21, and who had been a member for many years. Miss Fasoldt reported on Cornell Day for Women, and R. W. Sailor '07, editor of the ALUMNI NEWS, as guest speaker, outlined the athletic situation.

HINKLEY SCHOLARSHIPS

Eighteen scholarships from the Gerald Hinkley Endowment Fund, equally divided between Seniors and Juniors, have been awarded for service to the University orchestra and to the development of instrumental music on the Campus.

Since the death of Gerald W. Hinkley '15 in 1919, fifteen to eighteen scholarships each year and the professional soloists for the free concerts of the University Orchestra have been made possible by the proceeds of his bequest. A member of the Mandolin Club and greatly interested in the development of music at Cornell, Hinkley, in his Senior year following a half-jesting suggestion made to him by George L. Coleman '95, made provision in his will for a fund of \$20,000 and this came to the University at his death. He graduated in Mechanical Engineering in 1916, the only son of Charles W. Hinkley '79.

The nine Seniors who received awards are George R. Barns and Jean C. Chase of Ithaca, James Erbstein of Beacon, Donald S. Flower of Troy, John A. Franz of Hollis, Maurice Gale of Poughkeepsie, Ruth I. Thompson of Hastings-upon-Hudson, Daniel M. Tolmach of Brooklyn, and Joseph G. Tomascik of Wilkes-Barre, Pa. Juniors are Walter A. Brink of Greenwich, Ruth Fisher of Leonia, N. J., Leon Garfinkel of Stamford, Conn., Philip Goodheim of Gloversville, Saul Hochheiser and Albert Koenig of Brooklyn, Samuel L. Shanaman, Jr. of Phoenixville, Pa., Beryl E. Slocum of Marathon, and Robert C. Winans of Larchmont.

INTELLECTUAL COCKTAIL

The general program of the Alumni Institute to be held June 17 to 20 has been announced. Some interesting comments have come from interested alumni. It is clear that it is to be a success from the point of view of quality. Quantitatively, of course, there is no standard to judge from, and it is too early now to predict the size of the enrollment.

There has been little attempt on the part of Cornell, or, on the whole, of any other American college, to retain the intellectual interest of their non-professional alumni. It is true that the staff has always courteously consented to help alumni who have asked for intellectual guidance, but Cornell has never, we believe, offered organized instruction or guidance in the current subjects that are related solely to the "students'" interests as a citizen and without reference to his vocation.

This intellectual cocktail has been recognized as valuable by a few of our leading alumni, and it is expected that these few dozens will eventually grow to a few hundreds. It is not inconceivable that the cocktail hour will develop an appetite in some instances, and a demand for a dietary for further intensive work.

The opportunity to connect oneself again with the purpose of the University and to utilize some of her finest offerings is offered in a form that is not only beneficial but pleasant and attractive.

HOW ABOUT IT?

June reunions, for which the program is announced this week, and Commencement, bring back happy memories of their own days on the Hill to the minds of most Cornellians. To one who has lately come back to live in Ithaca after an absence of nine years, the remark most often made by visiting friends is, "I wish I could be at Cornell again!"

There is a way by which Cornellians can constantly renew their College days. Each week through the academic year, the ALUMNI NEWS takes to Cornellians all over the world the news of Cornell and of their friends and classmates. In

the past six months, many subscribers have taken the trouble to write us that they think the paper shows improvement. Their interest and support helps not only the paper but the University itself, since the ALUMNI NEWS is the only weekly voice of Cornell to her alumni and former students. The past few years have made it necessary for many to drop their subscriptions. Now able and willing again to keep in touch with Cornell, many have not seen it recently or heard of what is generally called its improvement. With reduced income from subscriptions, the paper is yet unable to tell the Cornell world-at-large of its new lease on life.

Thus we appeal to each present subscriber to help the University through a better ALUMNI NEWS, and to win the gratitude of just one Cornell friend this June anniversary by bringing the NEWS to notice. Beginning with this issue, we shall enclose occasionally a subscription card arranged either for gift subscriptions or for enclosure when you write a Cornell friend. Special rates are offered for your own renewal in combination with one or more gift subscriptions.

If these cards are used, your friends will thank you; and watch us improve!

AWARD FOUR SCHOLARSHIPS

This year's George C. Boldt Scholarships have been awarded to Charles F. Broughton '36 of Silver Springs, John A. Clausen '36 of Passaic, N. J., and Harry S. Kieval '36 of Brooklyn. Sadie Goodman '36 of Ithaca was the winner of the Cornelia Hall Scholarship, announced at the same time.

The Boldt scholarships, created by Mr. Boldt as a memorial to his father, have an annual value of \$500 each and are awarded at the close of the Junior year to the three men students of the College of Arts and Sciences considered most deserving. The Cornelia Hall Scholarship, which has an annual value of \$150, is given, under the terms of the bequest, by preference to a suitable candidate from Tioga, Tompkins, or Chemung County.

About ATHLETICS

NINE WINS TWO GAMES

The baseball team won two games last week; it defeated Syracuse May 15, 11-7, on Hendricks Field in Syracuse, and Saturday returned to its own field to win the Spring Day game from Yale, 4-3. Daniel Lindheimer '35 pitched the first game and Philip Pross '35 the second.

Hafer, the Syracuse pitcher who the previous week held the Varsity to five hits and three runs, was powerless Wednesday against the same bats. He was yanked in the fourth inning after having allowed seven runs and five hits. Kreimer and Switzer each hit twice to help things along for Lindheimer, pitching spotty baseball but also hitting twice.

The Yale game brought to Ithaca a team that had won the week before from the League-leading Dartmouth nine; only a big third inning prevented Cornell from joining Dartmouth in defeat. Rankin was taken from the game in that inning, after Jordan, Pross, Kreimer, Froehlich, Captain Dugan, Downer, and Switzer had taken turns at hitting most of his throws into the outfield to score in all, four runs. Pross, except for a bad sixth inning, pitched some of the best baseball of his college career.

The victory from Yale, and Dartmouth's defeat, put Cornell tie with Harvard in second place in the Eastern League, with Dartmouth a game ahead, in the lead.

Jerome K. Pasto of Lockwood, Freshman pitcher, led the '38 nine in a victory against Cook Academy while the Varsity was in Syracuse Wednesday. Cornell won, 3-2.

TRACK TEAM WINS EASILY

The track team won ten events out of fifteen and a 91-44 victory from Pennsylvania at Franklin Field Saturday, to make 16-all the team records of the two schools in the thirty-two meets that have been held. Penn's celebrated Gene Venzke won the half-mile and the one-mile, as scheduled; but Cornell won every other running event except the 100-yard dash and the 120-yard hurdles, and every field event except the javelin throw.

J. Hamilton Hucker '37, the short, slight runner from Buffalo, established himself as one of the most formidable middle-distance runners and hurdlers in the East, winning the 220-yard low hurdles in 0:23.6 to break the meet record, and then winning the quarter-mile in 0:48.2, to equal the meet record. Pennsylvania's Ladendorf, in winning the high hurdles in 0:15, was the only other runner to equal a record, and no other track records were broken. Duke

Wood '36 tossed the shot 48 feet, 9 inches, to pass by 4½ inches a five-year mark; he was winner also in the discus.

Johnny Meaden '37 distinguished himself by being only seconds behind Venzke in both of the star's races; he pushed the Pennsylvanian to a 1:55.2 half. Bruce Kerr '34 was winner of the two-mile run; Scallan '36 of the 220-yard dash. Sawyer, of Pennsylvania, won the 100-yard dash ahead of Bob Linders '36; Captain Walter Merwin '35 followed Ladendorf in the high hurdles. Godshall '36 won the broad jump; McNab '36 the pole vault at 12 feet, 6 inches; and Scott '36 and Godley '36 tied to win the high jump, a quarter-inch below six feet.

The Nittany squad, on Spring Day morning, won all of the nine matches to give the Red its first defeat of the year. The linksmen had previously won from Army. The scores: Cornell 4, Colgate 2; Cornell 6, Lehigh 3; Penn State 9, Cornell 0.

RIDERS LOSE TO PRINCETON

The ROTC polo team, pitted against one of the strongest teams in the East, lost to Princeton on upper Alumni Field Saturday morning, 11-4. Captain William Sullivan of the Tiger four, after taking a bad spill early in the game, re-

mounted after a ten-minute rest to score seven of his team's points. Sullivan is ranked as one of the most promising of college players this year.

Jack Lawrence '36 scored twice for Cornell, his brother Tom '38 once, and John Leslie '35 once. Princeton held the upper hand from the first chukker, after Leslie's score which resulted in Sullivan's fall.

TENNIS TEAM CONTINUES

The tennis team won all six of its matches with McGill University team on the Alumni Field courts Saturday morning, five of them in straight sets. Only Cornell's Steve Hamilton '35, captain and No. 1 man, was forced into three sets; he won from R. D. Murray, the Canadian national indoor champion, in a carefully planned 6-2, 4-6, 6-4 match.

Among the articles in the May number of the Areopagus, "Cornell Journal of Opinion," are "Let the Other Half Live," by Professor Gilmore D. Feinstein '36 of New York City; "For Professors Only," by Eugene E. Doll '36 of Vineland, N. J.; and "Impressions and Hopes," a "parting word on Cornell liberalism," by William H. Foote '35, president of the Student Council.

REPRINT BOOK OF PICTURES

The attractive "Book of Pictures" of the University, prepared by Woodford Patterson '95 for the Faculty committee on relations with secondary schools, of which Professor Riverda H. Jordan is chairman, has just been reprinted.

Its thirty-two pages tell the story in pictures of the Campus and its surroundings, and of students at work and at play. A brief caption under each picture explains it and tells something of its subject's history and Cornell associations. The booklet gives a brief description of the work of each College and its facilities, and a list of the various University publications which contain information for prospective students. Facing the first page is printed the poem "To A Hill-Town," written by the late Thomas S. Jones, Jr. '04.

The booklet is being distributed by the committee to secondary schools and to prospective students. Professor Jordan says it will gladly be sent to alumni who will use it to interest young people in Cornell. Copies may be had by addressing the University Secretary's office.

BOOKS

By Cornellians

GIANT OF THE RENAISSANCE

Michelangelo, the Man. By Donald Lord Finlayson, Professor of Architecture at the University. New York. Thomas Y. Crowell Company. 1935. x + 356 pages. Illustrated with 20 full-page photographs. \$3.50.

Professor Albert C. Phelps, whom we asked to review this beautiful book, said he could do no better than to second wholeheartedly the favorable criticism it received from Royal Cortissoz in the New York Herald Tribune of April 14. Accordingly, we quote from that review:

Cortissoz calls the book "a popular life of Michael Angelo, well written and bringing out his personal characteristics. . . . successful in its essential aim. The history of the works is here, but all the time we are made conscious of the man who made them; the proud, irascible, industrious and everlastingly unique creature who is never more fascinating than when we forget his apocalyptic labors and touch hands with him, realizing what he was from day to day."

The reviewer compliments Professor Finlayson for his sharp delineation of the artist's strained relations with his family, and for clarifying his passion for the city of Florence, saying it is pathetic to observe the effect upon him of the political vicissitudes of the Florentines; and: "I must note, in passing, that the author is admirable in his succinct remarks on those vicissitudes. He well fills in the background of his hero's life."

"He is good, also, in his candid passages on the curious chagrin from which Michael Angelo suffered because of the rivalry of Leonardo, Raphael and Bramante. . . . After all, it must have been maddening for a man of his bitter struggles to see a youngster like Raphael being feted and cosseted, in contrast to his own austere life. Professor Finlayson is perhaps most effective of all in his exposition of just what the struggles meant. . . ."

"The master had invincible courage and energy. There is something awe-inspiring about the spectacle of his work on the Sistine ceiling, carried on single-handed and at phenomenal speed. He suffered, he raged, he sorrowed, but he went on like some volcanic force. He seems, indeed, the demi-god when you think of all this and look beyond it to the sublime results. But it is to Professor Finlayson's credit that he always keeps the human being in the foreground."

"This is a modest, straightforward book, containing none of the purple patches which the subject so easily in-

vites. The author's scholarship does not betray him. He writes simply, for the lay reader, and, I repeat, he writes well."

MAJOR FERRIN TAKES THE JUMPS

Major Charles S. Ferrin, since 1932 in charge of the Artillery unit of the ROTC and this year supervisor of polo, has been detached by the War Department and assigned to duty at Fort Hoyle, Md., beginning September 1.

An ardent horseman, Major Ferrin has been the guiding hand in polo and the ROTC horse shows, and was instrumental, with Robert E. Treman '09, in getting CWA labor to build the new Riding Hall, planned by his predecessor, Major Ralph Hospital. Since its construction, student interest in polo has greatly increased and the teams of both men and women have had a flood of applicants and notable success. Under his direction the Artillery unit of the ROTC has increased until it now comprises two-thirds of the Corps, with seven army officers.

Major Ferrin is a graduate of the University of Vermont, in '15. He entered the Army in 1916, saw service in France, and since the War in the Far East and the Southwest. He says he is a sun-lover, although born in New England, and looks forward to the opportunity his new assignment gives him to play polo outdoors through a longer season. He will join the Sixth Regiment, Field Artillery, one of the five units not yet motorized. He and Mrs. Ferrin have two children, both in private school. Major Ferrin says they are sorry to leave the many good friends they have made in Ithaca, but that any Army officer must expect such changes. He will be succeeded here by Major Charles E. Boyle, "a better polo player," says Major Ferrin, "than I will ever be."

● Or send us his name and address and we'll mail him a sample copy, telling him it comes at your suggestion.

● Better yet, of course, ask us to enter him as a subscriber and send you the bill. It costs only four dollars a year. He'll thank you for your thoughtfulness each week as he reads the news of Cornell. Your request on a postcard will do.

Dr. Henry P. deForest, secretary of the Class of '84, writes us: "At the Cornell Club of New York, of which I am the librarian, the Alumni News has been much more in demand during the past few months than for some years past."
