STEPHEN A. MCANATHY

ACTION SHOT OF A  
NEW ENGLAND LIFE  
AGENT

## Big moment for "Buck" Hubbard and Eriez as insured pension plan is launched

The Eriez Manufacturing Company of Erie, Pennsylvania, world-wide suppliers of magnetic equipment, now has a top-notch retirement program. It is one of New England Life's insured pension plans which provide liberal benefits at low net cost.

Buckley Hubbard (*Pennsylvania, '46*) developed the plan and sold its advantages to Eriez executives. The moment pictured above typifies the year-round satisfaction any New England Life agent gets from helping people make a better life for themselves.

He meets top-level people like President Robert F. Merwin and Controller James K. Brydon of Eriez (*l. to r. above*). His service and ideas have recognized value to his clients. He is rewarded by a steadily growing business. This company's pension plan, for example, is expected to expand considerably.

There's room in the New England Life picture for other ambitious college men who meet our requirements. You get comprehensive training. You get income while you're learning. You can work almost anywhere in the U. S. A. Your future is full of sizable rewards.

You can get more information about this career opportunity by writing Vice President L. M. Huppeler, 501 Boylston Street, Boston 17, Mass.

# Renee Reifel

She wants to know what we did with the \$401,518,000

**R**ENE E REIFEL is a secretary in the marketing department of Union Oil. She is also—through our Employees' Incentive Plan—one of our 5,906 employees who hold shares in the firm.

This entitles her (along with over 65,000 other people who own shares in Union Oil) to a report on the 66th year of business of the 47th largest industrial company in the country.

In 1956 our customers paid us \$401,518,000—a new record.

#### How we spent it

We spent 72.1% of this—or \$289,481,000—with over sixteen thousand other companies and individuals with whom we do business.

The more than 1000 tax collecting agencies took another 3.7%, or \$14,830,000. This does *not* include the \$74,120,000 we collected from our customers as fuel taxes and turned over to governmental agencies.

Wages and other benefits for our workers and their families amounted to 15.7%, or \$62,966,000 of our income.

This left 8.5%—or \$34,241,000—as net profit. Slightly more than half of these earnings—\$18,261,315—were paid in cash dividends to Renee Reifel and our other 65,000 share owners.

The balance of our net earnings—equal to 4.0% of our customers' dollars—we reinvested in the company in order to stay in business.

#### The new ownership

It seems to us this report does more than give an account of our stewardship to Renee Reifel and our other owners.

It points up the broader base of ownership of American business. In the last four years, for example, the shareholders of all companies listed on the New York Stock Exchange increased by 33%. Union Oil did even better—41%.

This could happen only in a freely competitive economy that encourages and rewards individual effort.

## *The growing importance of* **DIGITAL TECHNIQUES**

As recently as ten years ago it was just becoming evident that digital techniques in electronics were destined to create a new and rapidly growing field. Today, incorporated in electronic computers and other equipment, they constitute one of the most significant developments in scientific computation, in electronic data processing for business and industry, and in electronic control systems for the military. In the near future they are expected to become a major new factor in industrial process control systems.

The digital computer for scientific computation is becoming commonplace in research and development laboratories. Such machines range from small specialized units costing a few thousand dollars, to large general purpose computers costing over a million dollars. One of these large computers is a part of the Ramo-Wooldridge Computing Center, and a second such unit will be installed the latter part of this year. The digital computer has not only lightened the computation load for scientists and engineers, but has made possible many calculations which previously were impracticable. Such computers have played a major role in the modern systems engineering approach to complex problems.

Electronic data processing for business and industry is now well under way, based on earlier developments in electronic computers. Data processors have much

in common with computers, including the utilization of digital techniques. In this field, teams of Ramo-Wooldridge specialists are providing consulting services to a variety of clients on the application of data processing equipment to their problems.

The use of digital techniques in military control systems is an accomplished fact. Modern interceptor aircraft, for example, use digital fire control systems. A number of Ramo-Wooldridge scientists and engineers have pioneered in this field, and the photograph above shows a part of an R-W-developed airborne digital computer.

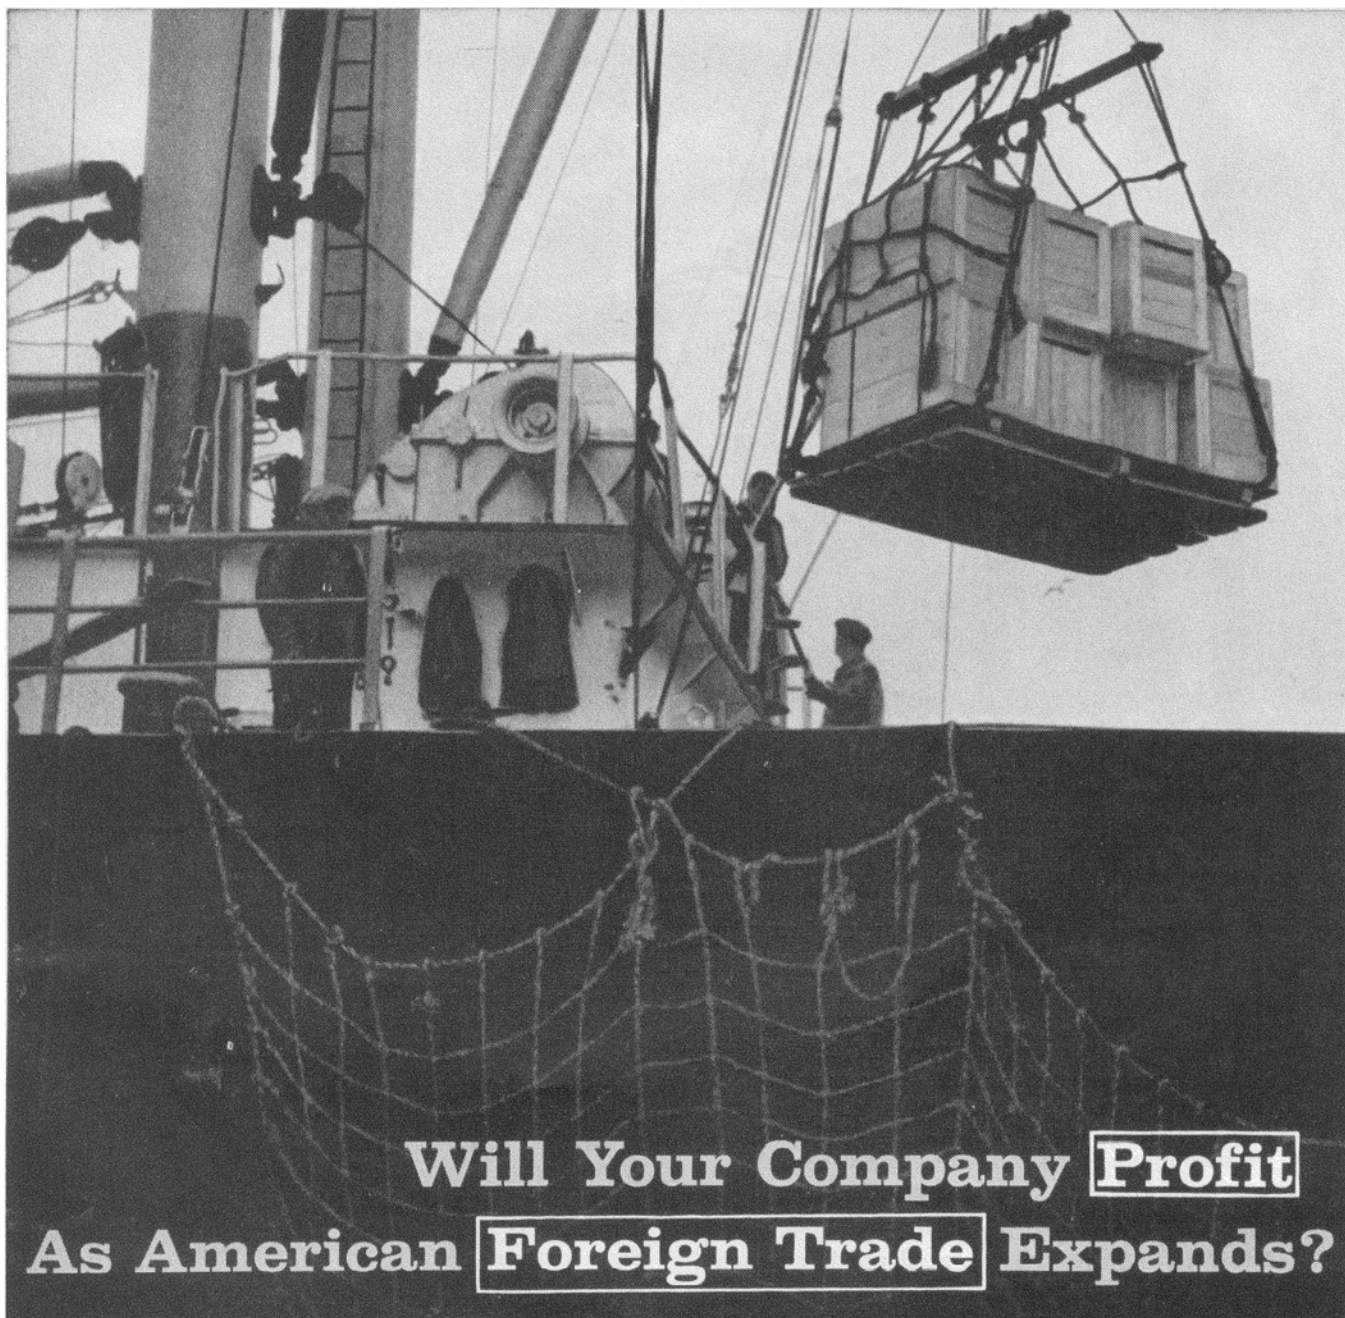

*These, then, are some of the aspects of the rapid growth which is taking place in the field of digital techniques. Scientists and engineers with experience in this field are invited to explore openings at The Ramo-Wooldridge Corporation in:*

- Automation and Data Processing
- Digital Computers and Control Systems
- Airborne Electronic and Control Systems
- Guided Missile Research and Development
- Electronic Instrumentation and Test Equipment
- Communication Systems

## **The Ramo-Wooldridge Corporation**

## Will Your Company **Profit** As American **Foreign Trade** Expands?

**Shipments** of goods to and from the United States are establishing new records. Compared to the previous history-making year, 1955, imports last year rose by 10% to nearly \$13 billion. Exports were up more than 20%, to \$19 billion. Authoritative forecasters see still greater rises ahead.

But the commodities moving in and

out of America's ports are subject to changes in world demand. Profitable dealings abroad depend on up-to-the-minute knowledge of foreign markets and sources of supply.

More than ever before, they depend on a banking connection that helps secure that knowledge and provides able, on-the-scene cooperation.

**Such a connection is available at The Bank of New York.** Engaged in foreign commerce since the days of the clipper ship, this Bank has long-established connections abroad. Through correspondents strategically located around the world, the experienced Foreign Department of The Bank of New York can give you exceptional service wherever business opportunities beckon.

## For Renewing Days of Youth

### Class Reunions To Bring Many Alumni

MEN AND WOMEN of "2" and "7" Classes from '92 to '52 and of the three-year Class of '54 are making plans for gala Reunions on the Campus, June 7 & 8. Slogans are burgeoning, such as the Fifty-year Class's invention, "Baseball, Track, Crew, Eleven—Cornell I Yell 1907," "Be Sure You're Seen With '17," "Hi-Ho Silver, Whooper-Do for '32," and the "Talkative Twentieth" of '37 women. The Class of '12 will bring its traditional fire-engine, '17 will have a band of twenty-four players, others will bring assorted music for their Reunion tents on Alumni Field and to play at luncheons both days in Barton Hall, and wierd and colorful Reunion costumes will blossom.

#### Panels Commemorate Founders

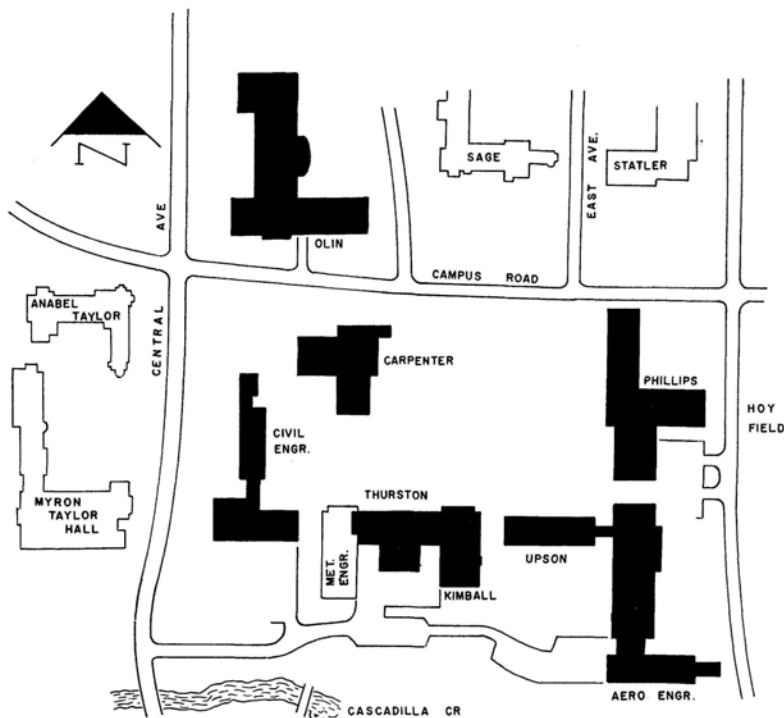

Marking this year the 150th anniversary of Ezra Cornell's birth and the 125th anniversary of Andrew D. White, there will be panel discussions both afternoons on "The Practical Use of Education as the Founders Saw It and As We See It Today." Friday's session will be devoted to "Education Within the Curriculum" with the speakers Deans William I. Myers '14, Agriculture, and C. Stewart Sheppard, Business & Public Administration, Professor Alpheus W. Smith '19, Industrial & Labor Relations, and Alumni Trustee William Littlewood '20. Saturday afternoon, a panel headed by Professor William R. Keast, English, will consider "Extra-curricular Experience" in the same context. Speakers will include an alumnus and two Seniors, one of whom is Joann Eastburn of Birmingham, Mich., holder of a National Scholarship and retiring president of Women's Self-government Association.

For alumni to see the many new buildings and the far-flung University as it is today, Campus Caravan bus tours with guides will leave Barton Hall on regular schedules both afternoons for an hour's trip of sightseeing. At the annual meeting of the Alumni Association and Cornell Fund at 10:30 Saturday

**Statler Hall Addition**—Steel goes into place for the \$1,500,000 Alice Statler Auditorium wing being added to the south end of Statler Hall. Like the original building given in 1950 at cost of \$2,350,000 for the School of Hotel Administration, this is also the gift of the Statler Foundation established by the late hotelman, Ellsworth M. Statler. It will have a completely equipped theater and auditorium with 900 seats, with entrance toward Barton Hall, and will also contain the School library, classrooms, and offices.

Nye '57

**New Engineering Buildings**—With bids soon to be taken for the Civil Engineering Building, the new quadrangle of the College of Engineering on the former Sage Green will be completed except for a projected Metallurgical Engineering wing on Thurston Hall. Carpenter Hall for the College administrative offices and library will be occupied this summer; Upson Hall of Mechanical Engineering is being erected; and bids will be taken shortly for construction of the Aeronautical Engineering wing. *Cornell Engineer*

morning in Statler Hall, President Deane W. Malott will make his "Annual Report to Alumni" and results of the Alumni Trustee election will be announced. Saturday afternoon in Willard Straight Hall will be the annual reception for Faculty members and alumni.

Official Reunion registration for all Classes will be in Barton Hall all day Friday and until 3 Saturday afternoon. Only those who register here will be counted for the Class attendance awards given by the Association of Class Secretaries. The Big Red Barn on the knoll back of the White Art Museum will be open to alumni of all Classes throughout the week end, except when in use for Class dinners Friday and Saturday evenings. Special Reunion exhibits are planned by the Museum and University Library.

Classes will hold their separate dinners and picnics all around the Campus and vicinity both days. Friday evening, alumni and Senior singing on the portico of Goldwin Smith Hall will be led by Richard S. Miller '57 and the Concert Band will participate, directed by Professor William A. Campbell, Music. Later, the Glee Club will give its Senior Week concert in Bailey Hall and that week end the Dramatic Club will give nightly performances of Patterson Greene's comedy, "Papa Is All," in the

Willard Straight Theater.

All alumnae will gather for the traditional Saturday morning women's Reunion breakfast at 7:30 in Willard Straight Memorial Room, arranged by the Cornell Women's Club of Ithaca under chairmanship of Mrs. Whiton Powell (Jeanette Gardiner) '26. Architecture, Civil Engineering, Electrical Engineering, Industrial & Labor Relations, and other Colleges and Schools

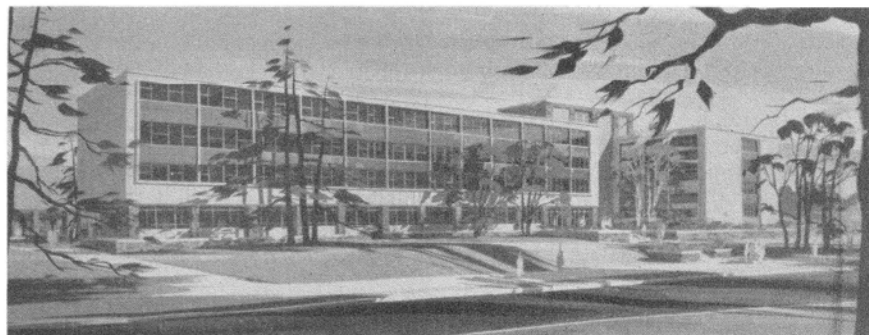

will have breakfasts and coffee hours for their alumni. After luncheon in Barton Hall Saturday, Classes of both men and women will parade with their bands to stands at Hoy Field to have Class pictures taken and for the Varsity baseball game with Colgate.

From their dinners Saturday night, all Classes will go to the closing Reunion Rally in Barton Hall, with Harry V. Wade '26 as master of ceremonies. The Glee Club will sing, the Concert Band will play, and trophies will be awarded to the winning Classes by the Association of Class Secretaries for the largest number and percentage of members registered.

Class Reunion chairmen are Charles H. Werner '92, Walter Kelsey '97, John H. Bosshart '02, and for the men's and women's Classes: '07, C. Benson Wigton and Alice E. Rowe; '12, Walter R. Kuhn and Mrs. W. Denning Stewart (Margaret Thorp); '17, Howard J. Ludington and Eleanor Poole; '22, T. Donald McAllister and Mrs. Louis A. Winkelman (Helen Kinney); '27, Norman L. Davidson and Mrs. Kenneth A. Reeve (Grace Hanson); '32, Robert A. Eyer- man and Helen Maly; '37, Stewart Waring, Jr. and Mrs. Earl W. Ohlinger (Merle Elliott); '42, P. Richard Thomas and Mary G. Agnew; '47, Barry S. Cohen and Elizabeth S. Miller; '52, John F. Craver and Jane M. Gilmartin; '54, Peter H. Plamondon and Mrs. Robert A. Michals (Diane Peterson).

## Extension Leaders Here

NATIONAL EXTENSION Training Conference, sponsored by the Association of Land Grant Colleges & State Universities, came to Cornell this year, April 23-26. About fifty deans, directors, State Extension leaders, and training officers from forty States were here to discuss training for Extension workers.

**Civil Engineering Building**—Newest unit of the College of Engineering will be erected along Central Avenue south from Campus Road, extending over the site of the Old Armory, now being razed. It is the gift of Spencer T. Olin '21 in memory of his father, the late Franklin W. Olin '85. The north-south portion of the T-shaped building along Central Avenue will have classrooms and offices, and laboratories will occupy the top of the T to the south. Architects are the firm of Lawrence B. Perkins '30 and Philip Will, Jr. '28.

# Class Committees Work Intensively To Reach Goals for Annual Giving

WITH SEVEN WEEKS to reach this year's objective of \$650,000 by June 15, alumni annual giving for the University's unrestricted use totalled \$420,320 from 9585 contributors by April 29.

Campaign chairman Norman R. Steinmetz '26 said that 1500 alumni in men's and women's Class committees all over the country are hard at work soliciting their Classmates both to continue and start annual gifts commensurate with their ability, before this fiscal year ends. Special attention is being concentrated in the New York metropolitan area and New Jersey, where most Classes have about one-quarter of their members. In three cities outside this region, as an experiment this year, committees of alumnae are telephoning all Cornellians who have not given, in an effort to increase the number of con-

tributors. These committees are headed by Mrs. Henry H. Peterson (Edna Strong) '32 in Elmira, Mrs. Wilfred S. Martin (Elizabeth Myers) '35 in Cincinnati, Ohio, and Mrs. Donald Fluke (Margaret Dutcher) '51 of Berkeley, Cal., for the San Francisco area.

Steinmetz points out that "leadership gifts" of larger amounts solicited by special committees in sixty areas last fall under chairmanship of Alfred M. Saperston '19 came from some 750 contributors for 40 per cent of the total amount given thus far.

Class results of the 1956-57 alumni annual giving campaign to April 29 are tabulated herewith. Eight of this year's men's Reunion Classes under chairmanship of Charles C. Colman '12 adopted quotas for their Reunion year totalling \$150,000. The tabulation shows that

**President's Portrait**—This portrait of President Deane W. Malott was presented to the University by Trustee Maxwell M. Upson '99. It was painted in oil by Thomas E. Stephens of New York City, who also did the one of Upson which hangs in Upson Hall and painted portraits of Deans Liberty Hyde Bailey, William I. Myers '14, and Dexter S. Kimball for the University. The President's portrait hangs in the entrance hall of the newly remodelled Board of Trustees room on the third floor of Edmund Ezra Day Hall. *Nye '57*

these Classes had collected \$86,162 by April 20. '17 men, with Donald L. Mallory as Class representative, led with \$34,638 collected of its \$40,000 goal. '52 men, led by John T. Rogers, are the first to exceed their Reunion goal with \$2063 for 103.1 per cent and their 217 contributors are the largest number of any Class.

## Nine Groups Exceed Quotas

Five men's Classes and four women's Classes had exceeded their year's goals for amount by April 29. For the men, they are '07, led by C. Benson Wigton, with 131 per cent from 59.3 per cent of their quota of donors; '35, headed by Bo Adlerbert, with 128.9 per cent of amount from 42.7 per cent of donor goal; '12, led by Colman, with 127.7 per cent of amount and 69.6 per cent of donor goal; '09, headed by Newton C. Farr, with 114.8 per cent of amount and 77.9 per cent of donors; and the '52 Class. Women's Classes topping their quotas are '37, led by Helen E. Fry, with 147.3 per cent of amount and 67.4 per cent of donor goal; '07, headed by Gertrude C. Hemingway, with 111.2 per cent of amount and 78.1 per cent of donors; '27, led by Marjorie MacBain, with 107.7 per cent of amount and 66.6 per cent of donors; and '41, led by Mrs. Grace Moak Meisel, with 104.3 per cent of amount and 58.4 per cent of donor objective.

## US Steel Continues Aid

UNITED STATES STEEL Foundation for the third successive year has sent the University an unrestricted gift for operating expenses of \$2000. The Foundation this year announced that it is expanding its aid to education to total nearly \$1,800,000 "to extend aid in some form to almost every voluntarily-supported institution of higher learning which has clearly demonstrated both its desire and ability to help itself through the crisis presently facing higher education."

The Foundation has also given a United States Steel Fellowship here for graduate work in Electrical Engineering. It is worth \$3000 a year for two years, carrying an annual stipend of \$1500 to the recipient, tuition and fees, and \$400 a year for University and College use.

## Parents Visit University

IN A BUSY PROGRAM arranged by a Student Council committee, more than 1500 parents absorbed the many facets of University life at Freshman Parents' Week End, April 26-28. Some fraternities and sororities held their own "parents' week end" for those of all members.

After registering in Willard Straight Hall, where an information center had been set up, many parents chose to be whisked away on tours of the Campus conducted by undergraduates trained as guides. Students took their fathers and mothers to classes Saturday morning to meet their teachers. Every College put on some special event and doors to Faculty offices were open in welcome. Agriculture had a panel of students who discussed undergraduate life on the upper Campus; Architecture, student exhibits; Arts & Sciences, a lecture on the meaning of a liberal arts education by Professor Andrew Hacker, Government; Engineering, exhibits, demonstrations, and tours; Home Economics, a tea and panel discussion; Hotel Administration, a coffee hour and guided tours by Ye Hosts members; Industrial & Labor Relations, a coffee hour. Again this year, Professor Herbert F. Newhall, PhD '42, entertained with dramatic demonstrations of elementary physics principles.

After their busy morning, some 800 parents and students enjoyed a chicken barbecue on Schoellkopf Field. This most successful event put on by the Freshman Class Council was new this year. After the barbecue, there were CURW, Teagle Hall, and Freshman dormitories open houses and free athletic events to go to.

President Deane W. Malott, Dean of Men Frank C. Baldwin '22, and Dean

of Women. Dorothy V. N. Brooks welcomed the parents at a convocation in Bailey Hall, Saturday night, and explained their relationship to the student. Willard Straight Hall "Carnival" open house, afterwards, was as popular as in previous years. Students and Faculty members put on a show in the Memorial Room and the cafeteria was transformed into a "gambling casino." Festival of Contemporary Arts events also attracted the visitors. Cornell Savoyards presented "The Pirates of Penzance" in Bailey Hall. The beautiful weather for the week end was marred only by a thunderstorm, late Saturday night, but probably few parents heard it: they were too tired.

The fourteen-member Student Council committee that engineered another successful Freshman Parents' Week End, with advice from the Deans' Office, was headed by John A. Copland '59 of Montclair, N.J. and Peggy A. Flynn '59 of White Plains.

## Entertain Buffalo Firms

REPRESENTATIVES of thirty-five business and industrial concerns in and around Buffalo attended a dinner at the Aeronautical Laboratory there, April 22, as guests of the University. It was arranged by local members of the University Associates to let other firms know about the Associates program and what it offers to members.

Director Ira G. Ross took the guests on a brief tour of the Aeronautical Laboratory and, after dinner, told them about its work as a wholly-owned subsidiary of the University. Professor J. Milton Cowan spoke on the Division of Modern Languages that he heads. Toastmaster was R. Wolcott Hooker '21, vice-president of Hooker Electrochemical Co., which is a member of the Associates. Others in the area are Bell Aircraft Corp., Bethlehem Steel Co., Buffalo Forge Co., National Gypsum Co., Niagara Machine & Tool Works, and the Aeronautical Laboratory.

Alumni officials of these companies and other Buffalo Cornellians arranged the meeting, which was attended also by William V. Nixon, Director of Development, Weyland Pfeiffer '16 of the University office in New York City, and Robert A. Saunders '36, director of corporation projects in the Development Office. Hooker headed the committee and its other members were Edgar F. Wendt '11, Alan V. Parker '13, Herbert R. Johnston '17, George A. Newbury '17, Alfred M. Saperston '19, Trustee Paul E. Kitzpatrick '20, John Pennington, Jr. '24, and Paul A. Schoellkopf, Jr. '41.

Corporations that are Associates make annual contributions to the University and are offered services that include counseling with Faculty members,

notices of special courses and conferences, and publications from the University. The program, started in 1952, now has 136 companies as Associates. Recently added are Hercules Powder Co., Wilmington, Del.; Kaiser Aluminum & Chemical Corp., Oakland, Cal.; and Ramo-Wooldridge Corp., Los Angeles, Cal.

## Trustee Kimball '27 Dies

ALUMNI TRUSTEE Dexter S. Kimball, Jr. '27 (above) died April 28 in Cleveland, Ohio. He was vice-president and general manager of Bendix-Westinghouse Automotive Air Brake Co. in Elyria, Ohio, where he lived at 668 Washington Avenue.

Kimball was elected an Alumni Trustee for the term from July 1, 1954, to June 30, 1959. He was a member of the audit committee of the Board of Trustees and of the Council of the School of Industrial & Labor Relations and Willard Straight Hall Board of Governors.

Son of the late Professor Dexter S. Kimball, first Dean of the College of Engineering, Kimball entered Stanford in 1922 and transferred to Cornell in 1923. He received the ME in 1927 and the MME in 1928. He was elected to the Savage Club, Atmos, Quill & Dagger, and was president of the Glee Club. He was a member of Kappa Sigma and Tau Beta Pi.

In 1928, Kimball joined General Motors as a machine operator and advanced to supervisor. He returned to the University in 1931 as assistant professor of Industrial Engineering. In 1934, he went to North American Aviation Corp. as production engineer and later to B. F. Goodrich Co. as planning supervisor. He was production manager for General Household Utilities Co. of Chicago in 1937-38. He joined Ansco Division of General Aniline & Film Corp. in Binghamton, where, during the war,

he was plant manager in charge of instrument production for armed services. He became factory manager at Bendix-Westinghouse in 1945, general manager in 1952, vice-president and a director in 1953.

With his father, he was co-author of Principles of Industrial Organization. He wrote several texts for International Correspondence School and developed various training programs for industry during World War II. He was on the advisory board of the International Accountants Society; a member of the American Society of Mechanical Engineers, Society of Automotive Engineers, and Cornell Club of New York. In Elyria, he had been a director of Memorial Hospital, YMCA, and Community Chest, a trustee of the library and the Congregational Church, president of the Chamber of Commerce and Kiwanis, and vice-president of Firelands Council.

Kimball is survived by Mrs. Kimball (Myrtle Pullen) '30; two sons, Dexter S. Kimball III '58 and James W. Kimball; a sister, Mrs. Wilson E. Cramer (Isabel Kimball), Grad '26-'27; and a brother, George N. Kimball '31.

Under the Charter of the University, his term as Alumni Trustee will be filled by election by alumni next year.

## Quadrangle to Change

PLANS are being made for use of the present buildings of the College of Engineering when the College moves to its new site at the south end of the Campus. A tentative program is outlined by Lloyd H. Elliott, executive assistant to President Malott.

Sibley Hall and the Mechanical Laboratories will be vacated when the administrative offices and College Library are moved into Carpenter Hall this summer and the School of Mechanical Engineering goes to Upson Hall sometime next year. It is planned to move Architecture from Franklin and White Halls into Sibley, with the East Mechanical Laboratory remodelled for studios. Then the Graduate School of Business & Public Administration will move from McGraw Hall into Franklin Hall. It is hoped that renovations can be completed in time for these moves to be accomplished by the spring of 1958. Departments of Arts & Sciences will occupy the parts of McGraw and White Halls that are vacated, after renovation, perhaps by the fall of 1958.

When the new Civil Engineering building is completed, the School will move there and leave Lincoln Hall to be reconditioned to accommodate other Arts & Sciences Departments; perhaps the Department of Speech & Drama, now partly in Rand Hall, and the De-

partment of Music, now headquartered in the former Scorpion house at 320 Wait Avenue.

When funds are in hand to start the new Library facilities and removal of

Boardman Hall, it is planned to provide quarters for the History and Government Departments in White Hall, with additional classrooms to be built in Lincoln and Sibley.

## Graduates Evaluate College Experience

"WHAT THEY THINK of Their Higher Education" is an interesting report of a survey made by General Electric Co. of its employees who are college graduates. Questionnaires were sent to all employees who held degrees and had been with General Electric for at least a year. Usable replies were received from 13,586 employees and these are analyzed in detail in an Information Bulletin published by General Electric Educational Relations Service, Schenectady.

Questions were asked to get evaluations of the college experience as it affected not only success in business but also a satisfying and rewarding use of leisure time. The report notes, however, that "The development of this information within the General Electric organization does not signify that it is the complete or all-inclusive sampling necessary to pass judgment on all college programs of study. The nature of the corporate business is such that personnel selected from colleges must have specific educational qualifications and should not be considered, therefore, as a complete cross-section of all college graduates. Moreover, the highly developed interest of the General Electric Co. in scientific research and engineering progress undoubtedly places more emphasis on the fields of science than might be found in industrial organizations of different character. Nonetheless, the college-graduate personnel of the General Electric Co. does express a high degree of interest in things academic and has an abiding enthusiasm for the continued growth and improvement of the American system of higher education. Thus, the collective opinions and individual comments of this group may be of value to business management and educators alike."

The Bulletin gives detailed analyses of the replies to nine questions asked. Findings of the survey are summarized as follows:

"Four subject areas in the college curriculum were considered to be extremely valuable, regardless of the academic background or type of employment of the respondent, in contributing to career success. English communication, both written and oral, was reported high on the list. Non-engineering respondents placed this subject area first, while engineers rated it second only to Mathematics, which is also a communication tool. Other subject areas reported as important for career success by both groups

of respondents included Physics, Economics, and Mathematics.

"The least valuable subject areas, judged from a career standpoint alone, were felt to be History, Foreign Language, miscellaneous sciences (Biology, Botany, Geology, etc.) and certain social sciences (principally Government and Economics). Some indication was offered that techniques of teaching certain courses left much to be desired, particularly in the social science area, where, it was felt, attention was often directed to theory at the expense of practical applications.

"It is interesting to note as well that engineers often reported certain engineering courses as 'least valuable,' particularly if such courses were not in line with interests and occupations. It should be borne in mind that these subject areas were reported as least valuable from the career standpoint only, there being no indication of their over-all value to the educated man.

### Prefer Liberal Education

"This last qualification is brought home even more dramatically by the fact that some of these same courses ranked among the most important from the standpoint of value in leisure time. Both engineers and non-engineers reported English Literature as the most valuable course from the leisure-time point of view. Other courses noted by both groups as valuable in this respect included History, Science and Engineering, Economics, Physics, Mathematics, and Philosophy. As might be expected, the liberal-arts graduates tended to indicate a greater breadth of 'value courses' in the non-science areas.

"When asked to name the program of studies most recommended for success in a business career, respondents gave almost equal emphasis to the four major study areas (Sciences, Social Sciences, Humanities, and Business). Except for differences in ranking as to importance, survey respondents indicated that a good collegiate program for business management training should include basic work in English, Science and Engineering, Mathematics, Economics, and General Business. Liberal-arts graduates also stressed the fundamental value of work in Psychology and the Humanities. All of this can be interpreted as a strong vote of confidence for a broad liberal education.

"Engineers indicated that they partic-

ipated quite heavily in extra-curricular activities, even more so than the liberal-arts graduates. The figures were 93.05 and 88.01 per cent, respectively. Those who did not so participate were prevented generally by financial problems demanding a heavy outside work load, full-time employment causing attendance at night school, or early marriage and its attendant responsibilities. Athletics, social groups, and professional associations were the most important types of outside activity enjoyed. As to the value of such pursuits in building a later life career, 70.94 per cent of the engineers felt that certain benefits were realized as compared to 65.39 per cent of the liberal-arts graduates. Particular mention was made of activities such as offices held in social fraternities and professional organizations.

"Respondents found it difficult to decide whether teaching personality or subject matter had been of more lasting influence. Subject matter was judged the most influential by a slight majority of both engineering and non-engineering personnel.

"Approximately 90 per cent of the respondents earned some portion of their collegiate expenses; over two-thirds of these earned at least half. Just over a quarter signified that they received scholarship aid. With this personal background, the respondents were overwhelmingly in favor of students with financial problems earning their own way. Approximately one-fifth of the liberal-arts graduates and one-third of the engineers suggested that such students might borrow the needed funds, but well over half of these replies suggested that borrowing be combined with earning; with the borrowing kept to the barest minimum and the students earning as much as possible. Less than one-half of one per cent suggested that the student should drop out of college, and most of these said it should be the last desperate resort, and only for a period long enough to earn sufficient funds to return to college.

### Most Would Choose Same College

"The general satisfaction of most alumni with their alma maters is dramatically indicated by the results of this study. Three-quarters of the liberal-arts graduates would choose the same college if they had the opportunity of college choice again. Engineers were even more satisfied, with almost 85 per cent indicating the same choice would be made again.

"On the other hand, more dissatisfaction seemed evident with the course program selected by the non-engineering group. Only 54 per cent of this group would choose the same course of study again, whereas three-quarters of the engineers would follow substantially the same program pursued before. It is very

evident that dissatisfaction with the college chosen arose primarily because of the impact of financial considerations on the selection process. Those who attended evening programs or colleges near home for living-cost reasons would probably not make the same selection if they could afford something else.

"In general, the respondents seemed to value the broad liberal-arts background for personal and career development, with specialization, if essential, occurring at the graduate level. Any program of real benefit for industrial responsibility must include developing a high measure of communicative skill and human understanding."

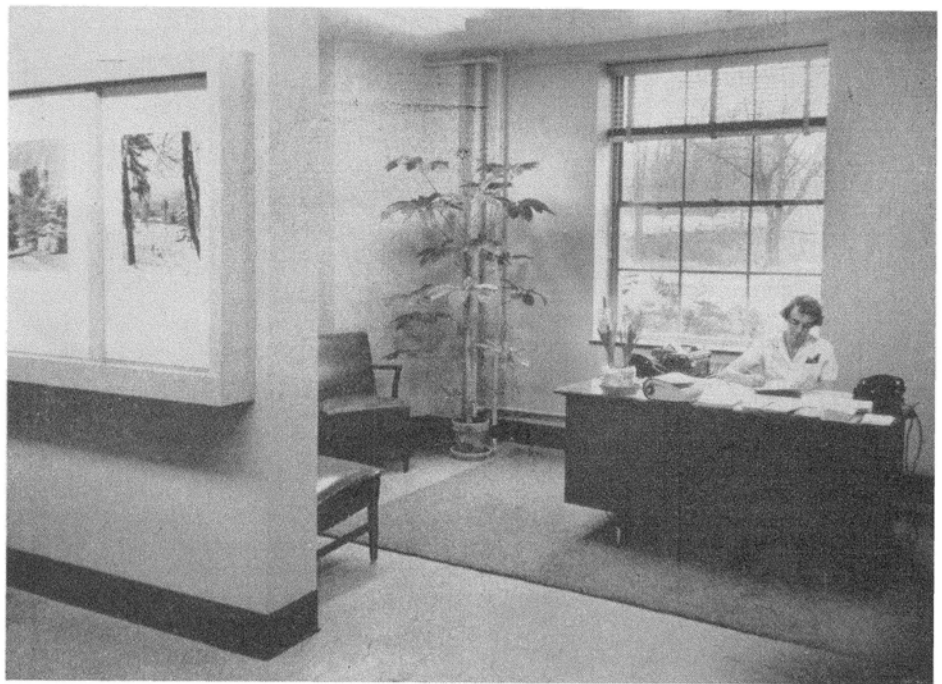

## Alumni Structure Changes

AMENDMENTS to the By-Laws of the Cornell Alumni Association will be presented to be voted upon at the annual meeting of the Association at 10:30 Saturday morning, June 8, during Class Reunions. All alumni are members of the Association and are entitled to vote in person at the annual meeting.

The present organization of the University gives supervision of the Alumni Office and Alumni Association activities, except the ALUMNI NEWS, to the University Vice President in charge of development and fund-raising, James L. Zwingle, PhD '42. For the most part, the proposed amendments are designed to make the Alumni Association By-laws conform to this change in University organization; and also to bring nomenclature into line with last June's change of the Alumni Fund organization to the Cornell Fund committee of the University Council. Thus the amendments will change the By-laws to refer throughout to the chairman of the Cornell Fund committee where the president of the Alumni Fund was formerly named. The Alumni Secretary of the University is also secretary-treasurer of the Alumni Association; new wording of the Association By-laws with respect to him is proposed as follows:

As provided in the University By-laws, the Alumni Secretary shall be elected by the Board of Trustees of the University upon recommendation of the President of the University after consultation with the Alumni Board [directors of the Alumni Association], and he may be removed by the Board of Trustees.

**Duties of Secretary Treasurer:** The University By-laws provide that the General Alumni Secretary shall have charge of the Alumni Office of the University and shall administer all appropriations made by the University for the operations of the Alumni Office and of the Cornell Alumni Association, all under the general supervision of the Vice President (Development) of the University, and also that he shall serve as secretary-treasurer of the Cornell Alumni Association, subject to the requirements of the By-law. Subject to the aforesaid By-law insofar as it pertains to him in his capacity as General Alumni Secretary for the University, and except as otherwise

**Reception Room for Visitors**—The East Avenue foyer of Edmund Ezra Day Hall has been remodelled to make an attractive entrance and information center for University visitors. Receptionist pictured at the information desk in the lobby just opposite the elevator is Mrs. Arthur J. Pratt (Terrace Morgan) '31. Nye '57

expressly provided in these By-laws, the secretary-treasurer shall, subject to the direction of the president, supervise all activities of the Association. He shall be ex-officio a non-voting member of all standing committees except the Committee on Nominations. As secretary, he shall (1) keep the records and documents of the Association; (2) give notice of all meetings of the Association, Alumni Board, and Executive Committee; (3) notify directors, officers, and committeemen of their election or appointment; (4) act as secretary of the Alumni Board and Executive Committee; (5) assist the Executive Committee in preparing the budget; (6) inform the officers of the Association and of the various alumni component organizations and committees of their responsibilities under the Association By-laws and of the affairs and operations pertinent to their respective functions; (7) assist the Association in enlisting the services of alumni in the work of the Association; and (8) perform such other duties as pertain to his office or are assigned to him by the Alumni Board, the Executive Committee, or the president. As treasurer, he shall (1) have charge of and administer the funds of the Association other than funds under the jurisdiction of the Alumni Publications Committee pursuant to By-law VI, Section 1, and (2) administer the funds appropriated by the University for the use of the Association or its agencies; in each case in accordance with the approved budget therefor, subject to By-law VIII and the control of the Alumni Board within its jurisdiction. He shall cause accurate accounts to be kept of all receipts and disbursements under his jurisdiction and make reports thereof to the Association, the Alumni Board, and the Executive Committee at their regular meetings and otherwise whenever requested.

Article VIII as amended will read:

**Section 1. Budget:** The fiscal year shall commence July 1 in each calendar year. The Executive Committee and Alumni Secretary shall annually prepare a combined budget for the Association and the Alumni Office for the ensuing fiscal year in accordance with the University By-laws and in collaboration with the Vice President (Development) of the

University. The budget shall include estimates of income wherever practicable and expenditures for the Alumni Office and the authorized alumni activities conducted by or under the supervision of the Alumni Board. The budget, together with supporting data and reasons for the proposed appropriations, shall be presented to the President of the University through the Vice President (Development) and the budget as approved by the University Board of Trustees and President shall be the budget of the Alumni Office and the Association for the ensuing year. Purchases and disbursements shall be made out of funds appropriated by the University in accordance with procedures established from time to time under the University By-laws.

Some organic changes in the Alumni Association are also proposed. These include enlarging the Alumni Board (of directors) by adding to its membership the chairman of the Alumni Placement Committee, chairman or another representative of the Committee on Alumni Trustee Nominations, a vice-chairman (in addition to the chairman) of the University Council, and the immediate or another past-president of the Association.

The executive committee of the Board is enlarged to thirteen members by adding the chairman of the Alumni Placement Committee and the chairman of the Committee on Alumni Trustee Nominations. Besides the present Association officers of president, two vice-presidents, and secretary-treasurer, it is proposed to allow "such other officers as the Alumni Board may find necessary for the proper functioning of the Association."

A representative of the University Council is substituted for that of the Alumni Fund on the Committee on

Alumni Trustee Nominations. It is proposed that instead of seven members the Committee on Alumni Placement shall consist of "not less than seven members nor more than twelve members as determined by the Alumni Board, at least two of whom shall be women."

Another amendment adds a male vice-chairman for the Committee on Secondary Schools and details the duties of the committee, as follows:

Committee on Secondary Schools consisting of five members to be appointed annually by the Alumni Board. The Committee shall have a chairman and two vice-chairmen, one to be a man and the other a woman, each to be designated by the Alumni Board. The Committee shall have the duty of assisting the University Admissions Office in procuring for the University a student body of high quality; in promoting good relations with secondary schools; in developing, mobilizing, and training an adequate alumni field organization for such purposes in collaboration with the Federated Clubs and their constituent Clubs; in coordinating the activities of such alumni field organizations with the work of the Admissions Office and other agencies of the University engaged in such activities; and conducting such other activities as may be assigned to the Committee by the Alumni Board in furtherance of the above-stated purpose. The chairman shall be the executive officer of the Committee and as such have supervision of the work of the Committee.

Text of the proposed amendments and the present By-laws of the Alumni Association may be obtained by any alumnus on request to the Alumni Secretary, Hunt Bradley '26, 541 Day Hall, Ithaca. The amendments were drafted by a special committee of the Alumni Association of which Trustee Francis H. Scheetz '16 is chairman. The other members are William H. Hill '22, John F. P. Farrar '25, Mrs. Henry Gichner (Isabelle Saloman) '29, and Mrs. Thomas T. Mackie (Helen Holme) '29.

## Phi Beta Kappa Elects

PHI BETA KAPPA chapter at the University initiated seventy-three members, May 7. They include Professors Damon Boynton '31, Pomology, Milton R. Konvitz, PhD '33, Industrial & Labor Relations, and Harold E. Shadick, Chinese Literature, Vice-president James L. Zwingle, PhD '42, fifty Seniors and nineteen Juniors in the College of Arts & Sciences. Following tradition, the president of the chapter, Dean John W. McConnell of the Graduate School, gave the address at the banquet, held in Willard Straight Terrace Room. His topic was "Mountains in the Mist." John C. Mineka '58, son of Dean Francis E. Mineka of the College of Arts & Sciences, responded for the new members.

It was announced that president of the chapter for the next academic year would be Professor William G. Moulton, Modern Languages, and vice-president, Dean Mineka. Fatanitza L. Schmidt '26, University Editor, contin-

**Spring Refurbishing in Day Hall**—When the Board of Trustees met, April 13, the members found an enlarged and redecorated Board room on the third floor of Edmund Ezra Day Hall. A partition was removed to add fourteen feet to the length of the room; indirect cove lighting was installed on both sides of three ceiling cross members, with new recessed fixtures added; walls are painted a light rose color to go with the window drapes and the floor is covered wall to wall with spruce-green carpeting. A small entrance hall has coat closets with folding doors and the adjoining offices, formerly used by the Dean of the Faculty and Director of the Unclassified Division, are remodelled for use of Robert B. Meigs '26, Secretary of the Corporation and University Counsel, and his assistant, Neal R. Stamp '40. This remodeling and that of the Day Hall entrance and visitor information center were planned by Chauncey A. Thompson '25, Architect for the Department of Buildings & Grounds. Nye '57

ues as treasurer and Professor George H. Healey, PhD '47, English & Bibliography, as secretary. New undergraduate members are:

CLASS OF '57: Lila L. Abramson, Mt. Vernon; Arthur M. Auerbach, Brooklyn; Angelo Bardasis, New York City; Theodore V. Boronian, Troy; Emita M. Brady, Baltimore, Md.; Marc P. Cherno, Hewlett Harbor; James D. Cockcroft, Delmar, son of the late Donald G. Cockcroft '19; Suzanne D. DeRosay, Wynne-wood, Pa.; Charles O. Doe, Dannemora; Marilyn R. duVigneaud, daughter of Professor Vincent duVigneaud, Biochemistry, Medical College; Joanne Eastburn, Birmingham, Mich.; Lois E. Ernstoff, Forest Hills; Laurence S. Farer, New York City; Elvin M. Fowell, Westwood, Mass.; Amy M. Freedman, Passaic, N.J.; William S. Gilbert, New York City; Dorothy R. Ginsburg, Mamaroneck; David B. Goldey, Brooklyn; Eda Green, New York City; Diana G. Hadgis, New York City; Sheldon W. Halpern, New York City; Mrs. Gwenith Barrera Hart, New York City; Robert F. Krieheder, Buffalo; Alexander Lande, New York City; Mrs. Louise Sarkin Leaf, White Plains; Deborah K. Lecraw, Plainfield, N.J.; Mark R. Levy, Albany; Robert I. Levy, New York City; Carole S. Lewis, Brooklyn; Theresa Lighton, New York City; Mrs. Dorothy Eiseman Litwin, Williamsport, Pa.; Mrs. Janet Slater Lobsenz, Paterson, N.J.; Naomi E. Lohr, Lakewood, Ohio; Robert K. Mac- hover, Brooklyn; Julie Maller, Delmar; Mildred M. McCormick, daughter of Mrs. Francis P. McCormick (Mildred Aeschbach) '22; Jarmila J. Neuman, Schenectady; Robert F. Pasternack, Brooklyn; Bernard I. Reis, Brooklyn; Joan E. Rothstein, Brooklyn; Richard L. Scheffel, Montgomery; Douglas J.

CLASS OF '58 (besides Mineka): Howard R. Abel, New York City; Dorothy Baden, New York City; Stanley Bernold, Flushing; Marian Chow, Baltimore, Md.; Anthony A. D'Amato, Cambria Heights; William B. DeLong, Evanston, Ill.; Michael D. Gershon, New York City; Mina S. Goldman, Great Neck; William R. Hazzard, Lemoyne, Pa., son of Albert S. Hazzard '24 and the former Florence Woolsey, PhD '29; Stanley Kaplan, Brooklyn; Muriel King, Tuckahoe; Jane D. Lang, New York City, daughter of the late Bernard D. Lang '23; Herbert Y. Meltzer, Brooklyn; Jerome B. Minkus, Brooklyn; Ancil N. Payne, Jr., Gainesville, Fla.; Carl L. Schildkraut, Woodmere; Howard N. Stern, Farmingdale; and Warren D. Widmann, Brooklyn. Miss Chow and Hazzard are National Scholars.

## Plant Breeders Gather

SYNOPSIS CLUB, composed of graduate students and Faculty members in Plant Breeding and related fields, celebrated the fiftieth anniversary of its founding here, April 25. Most of the day was devoted to a symposium featuring talks on gene studies, corn breeding, cotton improvement, and a report on research. Speakers were Milesav Demerec, PhD

'23, of the Carnegie Institution department of genetics at Cold Spring Harbor; Professor George F. Sprague, PhD '30, agronomist at Iowa State College and for the US Department of Agriculture; J. Winston Neely, PhD '35, vice-president and director of plant breeding, Coker's Pedigreed Seed Co., Hartsville, S.C.; and Professor Paul Grun, PhD '49, a geneticist at Pennsylvania State University. At a banquet in Willard Straight Hall, the principal speaker was Professor Harry H. Love, PhD '09, Plant Breeding, Emeritus, who talked on plant breeding work in the foreign service. James E. Wright, Jr., PhD '50, of Penn State was master of ceremonies.

## Wins Bache Award

BACHE FELLOWSHIP in Finance will go for the first time to Richard W. Stanley of Scarsdale, first-year student in the Graduate School of Business & Public Administration. Stanley will receive \$2500 for next year and will have an opportunity for practical training with Bache & Co., the brokerage and investment banking firm headed by Harold L. Bache '16. The firm made a grant of \$15,000 for an annual Fellowship for a student in the School who is majoring in finance and who indicates interest in a career in the securities business.

Stanley graduated in 1953 at Dartmouth, where he was in the Naval ROTC, played freshman lacrosse, was dormitory chairman for two years, and was a member of Delta Tau Delta. After graduation, he served in the Navy until 1956. Mrs. Stanley is the daughter of Stuart A. Read '18 and sister of Charles S. Read '49 and Donald E. Read '50.

## Lectures on Britain

TELLURIDE LECTURER David E. Butler, research fellow of Nuffield College, Oxford, and former assistant to the British Ambassador to Washington, discussed "The Role of Britain in the Contemporary World" in two lectures and a panel discussion. A political analyst for the British Broadcasting Co., he has written three books, concerning the British general elections of 1951 and 1955 and The British Electoral System, 1918-51. He was visiting professor of Government for the 1952 Summer Session. He spoke on "The Social Revolution," April 30, and on "The International Revolution," May 1. In a panel discussion, May 2, he was joined by Professors Mario Einaudi, Government, Edward W. Fox, History, and Alfred E. Kahn, Economics.

Telluride Association started the Lectureship in 1953 "to promote consideration and discussion in the Cornell University community of those problems upon whose successful resolution de-

pends the continued progress of a society based upon freedom and directed by intelligence." Historian Henry Steele Commager opened the series and other lecturers have been Harrison Salisbury, former Moscow correspondent for The New York Times, and biophysicist Ernest C. Pollard of Yale.

## To Start Hebrew Studies

PROFESSORSHIP in Biblical and Hebrew Studies has been established in the Classics Department of the College of Arts & Sciences with support from the Hebrew Culture Foundation. Isaac Rabinowitz (above), Lamed Professor and director of Hebrew studies at Wayne University, Detroit, Mich., has been named to the post, effective July 1. The Hebrew Culture Foundation was established to help establish chairs of this sort at American universities. Professor Milton R. Konvitz, PhD '33, was recently named to the Foundation's academic council.

With this move, the University re-enters a field in which it won world-wide renown early in the century, especially through the work of the late Professor Nathaniel Schmidt. Professor Schmidt came to the University in 1896 as professor of Semitic Languages & Literatures, from Colgate, where he had taught since 1888. In 1920 the University set up a Department of Semitic Languages & Literatures, and Oriental History, in his person, and it was discontinued when he retired in 1932. He was known universally as one of the foremost scholars and teachers of languages, literatures, religion, ethics, and history.

Courses under the new professorship will concern the Bible and related works in their historical, literary, and cultural aspects, as well as post-Biblical literature and thought. The University plans to survey and enlarge its library collection

in this area. Next year, Professor Rabinowitz will teach courses on "Elementary Classical Hebrew" and "The Literature of the Old Testament." The latter will use readings in translation from the Old Testament, including related Apocryphal literature and the Dead Sea Scrolls, and will cover material from the earliest times to the end of the second Jewish commonwealth in 70 A.D.

For two years before joining Wayne University faculty in 1955, Professor Rabinowitz was visiting lecturer in Aramaic at Hebrew Union College-Jewish Institute of Religion. He has written a number of scholarly articles interpreting the Dead Sea Scrolls. He was graduated from University of California in 1929, received the PhD at Yale in 1932, and in 1934-35 held a research fellowship of the American Council of Learned Societies. He was executive director of the East New York YM and YW HA in Brooklyn from 1946-55 and before that directed B'nai B'rith Hillel Foundations in several universities.

## Winners Come Here

TWO OF TEN winners of Ralston Purina Fellowships for 1957-58 will use their grants at Cornell. Lloyd E. Christie of East Lansing, Mich., a graduate of Kansas State College, received an award in dairy husbandry; Earle E. Lister of Macdonald College, Quebec, Canada, in animal husbandry. An alternate, Corlette C. Calvert from Purdue, also plans to study at Cornell.

Established nine years ago by the Ralston Purina Co., feed manufacturers, the fellowships are to help train outstanding college students for leadership in the science of livestock and poultry production. Each is worth \$1620.

# BOOKS

## Animal Legends

INDIAN ANIMAL STORIES FOR CHILDREN. By William A. Hilton '99. Vantage Press, New York City. 1956. 71 pages, \$2.50.

Here are thirty-three Indian tales about animals, brief and simply told, suitable for children from five to ten years old. Many of them are illustrated with the author's drawings, that also should appeal to children.

Professor Hilton taught Histology here from 1901-03 (he received the PhD in 1902) and again from 1908-11. Since 1912 he has been at Pomona College in Claremont, Cal.; is now professor of zoology, emeritus. He has adapted these stories from the legends of Eastern Indians; most of them of Iroquoian origin.

# On the Sporting Side - By "Sideliner"

## Glory Must Come Afloat

THE SPRING SEASON appears to be proceeding in precise conformity with the unhappy pace set in the fall and winter. Baseball, track, tennis, and lacrosse have demonstrated a tendency toward mediocrity. Golf is somewhat more sprightly, but shows only fair promise. The heavy-weight crews hold the brightest promise and the Varsity boat must carry the torch of glory if it is to be carried at all. Coach R. Harrison Sanford made a change in the veteran all-Senior alignment of his Varsity shell by testing Glenn C. Light '58 in the No. 4 seat in place of Todd Simpson '57 just before the Goes Cup Regatta at Syracuse, May 4.

## Hard Luck in Baseball League

Baseball fortunes have been evenly divided, but unfortunately, the losses have been to League opponents. The best playing has been in non-League games, so despite the fact that the team has looked good enough in its winning games to win the others too, there have been three losses in the League and three wins outside it. Clarkson, Syracuse, and Pittsburgh were the victims and Harvard, Navy, and Dartmouth were the winners.

Clarkson came to Ithaca, April 18, and pitcher Theodore A. Thelander III '58 allowed no hits at all as the Red team won, 9-0. The game had to be called at the end of the sixth because of rain. Thelander permitted only two bases on balls and was powerfully effective in the foreshortened contest. He struck out two. He had good support from his teammates, who got twelve hits. Leftfielder F. Norman Juvonen '59, shortstop Robert J. Verstandig '57, and catcher James W. Suiter '57 got two hits apiece and Thelander got one himself.

Two days later, though, Harvard gave the Red nine a 15-5 lacing in Cambridge and four pitchers tried in vain to stem the tide. Promising Sophomore Robert M. List started on the mound and just could not seem to find the plate. He walked seven in three and two-thirds innings and was relieved by Thelander, but his magic of the Clarkson game was left behind in Ithaca. He was touched for five hits and three walks in one inning and was replaced by Louis R. Jordan '59, who did no better. In two and two-thirds innings he gave up three hits, two walks, and a wild pitch. Eugene Mirrer '59 finished it out, gave up three walks, no hits. In all, the Cornell pitchers allowed fifteen walks. Although the losers made eleven hits to the winners'

twelve, the profligacy of the Cornell servers-up was too much to overcome. Captain Richard A. Shigekane '57, first base, made three hits, including a double. Centerfielder B. Edward Tibbits '58 also had three hits.

Just when things looked desolate, the Syracuse team came to Ithaca, April 24, and the pitching of Bob List and Ted Thelander combined with the remarkable hitting of Ed Tibbits were sufficient to produce an 8-1 thumping. List started for Cornell and was effective in holding the Orange to five scattered hits, struck out eight, and walked none. Thelander took up where List left off and gave up only two hits in four frames. Tibbits had four hits in four tries and two of them were tremendous triples. Dick Shigekane had three hits and the team made a total of eleven.

April 26, Pittsburgh was beaten, 6-3, on Hoy Field. Tibbits continued his hot hitting streak and got two for two, one of which was a double. The Pitt strategy called for caution with him after that. He was walked his last two times at bat as he was averaging .714 at the plate, ten hits in fourteen at-bats. Game was called for darkness in the last half of the eighth. Joel S. Birnbaum '59 started in the pitcher's box and did fairly well. He gave four hits and three runs in five and one-third innings and List came in to save him from threatened trouble. List easily disposed of the Pitt side the rest of the game, allowing but one hit and no runs. The team hit well with eleven solid blows.

But Eastern Intercollegiate League teams seemed to have the jinx on this seemingly well-endowed unit.

Navy squeaked out a 3-2 triumph, April 27, on Hoy Field because of an over-throw by Robert J. Flynn '58, shortstop from Ithaca. This gave the Navy a run in the sixth to put them ahead, 2-1, and also permitted the visitors a "life" when an accurate throw would have retired the side. This allowed another score that turned out to be the winning one. The Navy pitcher, Ben Montaya, had the Cornellians bending their backs on his slider. Cornell got only five hits. Tibbits went 0-2 and the team average went from .360 to .316. Thelander did well on the mound, but was disturbed by the unfortunate sixth inning and List took over. He had little trouble. He gave up one hit and no runs in three and two-thirds innings. Rain interrupted the game twice.

The big bat of Tibbits and the sound arm of List were neither big enough nor sound enough against Dartmouth, May

1, in a long, tedious game on Hoy Field that ended 6-5. Cornell had its chances, but it muffed them. As in the Navy game, the team hit the ball, but they hit it "where they was instead of where they wasn't," in the words of Bill Spicer, ancient peanut, popcorn, and cracker-jack vendor.

Dartmouth got eleven hits and six runs off Bob List in seven innings and was able to stop a couple of Cornell rallies for its victory. Thelander pitched the eighth and ninth innings and did not give up a hit. Again it was a Bob Flynn error that gave the opponents the upper hand. In the fourth, the score was 4-4 when Flynn fumbled an easy grounder that would have made the third out and retired the side and then he threw wide to Shigekane. Dave Marshall then hit a double to score 2 runs. The contest took three hours and twenty minutes.

## Other Sports

TRACK TEAM took an easy 100-40 victory over Colgate, April 20, on Schoelkopf Field. Gerald T. Knapp '58, 1957 football captain, Arthur L. Boland '57, 1956 football captain, and John S. Ingley '58 were tops for Cornell. Knapp won the high and broad jumps, took second in the discus and third in the javelin. Boland was beaten by less than a foot in the 100 by another footballer, Irvin S. Roberson '58 in 0:09.9 and won the 220 in the sparkling time of 0:21.2. Ingley just paddled through a 0:49.4 quarter-mile and won his first attempt at the low hurdles in 0:24.4. Sergio E. Betancourt '57 made his best throw, 174 feet 3 inches, to win the hammer-throw and beat the old record of Albert W. Hall '56. The summary:

Hammer-throw—1, Sergio Betancourt, Cornell, 174 feet, 3 inches 2. Paul Boguski, Cornell, 148 feet, 1 inch; 3. David Bassett Colgate, 140 feet, 3¾ inches. (New meet record. Old record of 173 feet 10¾ inches set by Al Hall of Cornell in 1955.)

Mile run—1, Kirk McCreary, Cornell; 2, Frank Schuerholz, Colgate; 3. David Eckel, Cornell. Time—4:25.9.

440 yard run—1, John Ingley, Cornell; 2, Doug Ammon, Colgate; 3, Barry Tharp, Cornell. Time—49.4.

100-yard dash—1, Irvin Roberson, Cornell; 2, Arthur Boland, Cornell; 3. Ted Boccuzzi, Colgate. Time—09.9.

120-yard high hurdles—1, Dick Abell, Cornell; 2, Arthur Nordby, Cornell; 3. Art Skeels, Colgate. Time—15.4.

Shot put—1, Dick Allman, Cornell, 50 feet 9½ inches; 2, Roger Garrett, 46 feet 10¼ inches; 3. Bob Endries, Cornell, 45 feet 1¼ inches. (Allman breaks own meet record of 48 feet 5 inches set in 1955.)

880-yard run—1, Schuerholz, Colgate; 2, Charles Hill, Cornell; 3, Dick Cheshire, Colgate. Time—1:57.

220-yard dash—1, Art Boland, Cornell; 2, Boccuzzi; 3, Harvey Weissbard. Time—21.2.

High Jump—1, Gerry Knapp, Cornell, 5 feet 10 inches; 2, John King, Cornell, 5 feet 8 inches; 3, Bob Lewis, Colgate, 5 feet.

Two mile run—1, McCreary; 2, Nathaniel Cravener, Cornell; 3, Bob Haskell, Colgate. Time—10:08.3.

Javelin throw—1, Boccuzzi, 188 feet 10 inches; 2, Frank Wyskiel, Cornell, 161 feet 9 inches; 3, Knapp, 157 feet 4 inches.

Broad jump—1, Knapp, 22 feet 4¼ inches; 2, Lewis, 20 feet 2 inches; 3, Dick Driscoll, Colgate, 18 feet 9¾ inches.

220-yard low hurdles—1, Ingley; 2, Abell; 3, Alden Welch. Time—24.4.

Pole vault—1, Bill Williams, Colgate, 12 feet; 2, Jim Tallman, Cornell, 11 feet 6 inches; 3, John Ash, Cornell, 11 feet.

Mile relay—1, Colgate (Boccuzzi, Carlton Brownell, Bill Donahue and Schuerholz). Time—3:29.9.

Discus throw—1, Endries, Cornell, 129 feet 11¼ inches; 2, Knapp, 124 feet 11¼ inches; 3, Gerald Barnes, Cornell, 124 feet 3½ inches.

Without the services of Earl S. McHugh '58, indoor Heptagonal sprint champion, who decided not to come out for track this spring, and Irv Roberson, who hurt his leg slightly in the Colgate meet, the Penn Relay championship 880-yard relay team did not repeat. The other two members, Ingley and Boland, combined with hurdler Richard S. Abell '57 and sprinter Harvey Weissbard '59 to try, but did not qualify. This was on Friday, April 26, at Franklin Field in Philadelphia. Sergio Betancourt took fourth in the hammer with a toss of 153 feet 7 inches. Saturday, Richard M. Allman '57 placed fifth in the shotput with a 50 foot-5½ inch toss.

#### Lacrosse Team Stays Ahead

In five games, the Varsity lacrosse team is still ahead with three wins and two losses. After the initial win over Union, April 13, Harvard succumbed, 10-5, April 20 on Upper Alumni Field, and April 24 at Geneva, Hobart gave in by a 10-2 count. Yale gave the Red a sound 12-5 licking at New Haven, April 27. This was expected; but not expected was the 8-7 loss to Colgate at Ithaca, May 1.

Captain Robert W. Black '57 of Baltimore, Md. was outstanding for the Red team in all the games. He scored 3 against Harvard, tied Richard H. Murphy '58 of Acton, Mass. with 2 in the Hobart game, and scored 2 in the Yale and Colgate losses. In the Colgate game the Red dissipated a 3-0 lead with careless play. At the half, Cornell surprised the strong Yale team by holding it at a deadlock, 5-5. That was it, though. The Elis showed their real strength by making 7 in the second half while holding the Cornellians scoreless.

The Varsity tennis team is not immune from the misfortune that seems to be plaguing all Cornell teams this year. Its star and captain, Craig W. Fanning '57, is lost for the season due to a siege of mononucleosis. Fanning was also captain of soccer and squash this year, the only three-way captain in Cornell history.

Ineffable Yale carried on its winning

ways in tennis with a 9-0 victory over Coach Dick Lewis's team, April 20. But the Cornellians came back to defeat Columbia, 5-3, April 27. Both matches were on the Cascadilla courts. One doubles match was called off because of darkness. The singles matches were evenly divided. Floyd L. Downs '58 and William J. Meyer '58 won the No. 1 doubles match, 6-4, 6-3, over Silbiger and Menches and then Nelson T. Joyner '59 and William H. Pope '59 won handily over Schiffman and Brewer, 6-4, 6-0.

A rare commodity in this year is an undefeated team, at any stage of the season. The Varsity golf team after two matches had that distinction. It defeated Harvard and St. Lawrence. April 20 at Cambridge, the Red golfers beat Harvard, 4-3. A twenty-foot putt on the twenty-first hole by F. Lynn Alexander '59 won the victory. James Lynah Sherrill '58 of Atlanta, Ga. was medalist with a 74. St. Lawrence was no match for the well-balanced Red team on the University course, May 1. The score was 9-0.

The Varsity lightweight crew lost a close one to Princeton, April 27, on Carnegie Lake. For the Henley distance of a mile and five-sixteenths, the Princetonians finished ahead by about a quarter of a length in a fast race. Time was 6:33.0 for the winners; 6:34.4 for Cornell. Princeton also won the jayvee race and the Cornellians took the freshman event. It was the twenty-second victory in a row for the Princeton varsity. The race was close throughout, with no open water showing at any time. Princeton never appeared to be behind, however, after taking an early lead.

#### Freshman Teams Active

Manlius and Syracuse freshmen were beaten by the Freshman baseball team on their own grounds, April 24 & 26. Manlius was trimmed, 5-4, and the Orange cubs, 5-3. Winning pitcher in both games was Harry L. Fuller of Park Forest, Ill. The Manlius game was scheduled for seven innings, but was tied at that time. Fuller won his own game in the eighth by hitting a single and taking second on the throw-in. He stole third and came in on Richard C. Goldstein's second single of the game. Footballer Philip G. Taylor of Brooklyn stole home in the eighth inning against Syracuse to put Cornell ahead, 4-3, and an insurance run by Timothy J. Keliher in the ninth made it 5-3. Ralph E. Maglisceau of Tonawanda, catcher, had tied the score in the eighth just before Taylor's steal. Fuller pitched one-hit ball for six innings after relieving Jack S. Klinge of Tenaflly, N.J. in the fourth.

Freshman tennis team won over Hamilton junior varsity, April 26 at Clinton, by a 9-0 count in the first match of the season.

Syracuse freshman lacrossers were

beaten by the Red yearlings, 17-14, at Syracuse, April 26.

## Announce Chamber Music

UNIVERSITY chamber music series for 1957-58 will open December 3 with a concert by the Alfred Deller Trio, consisting of Alfred Deller, counter-tenor, Desmond Dupre, performer on lute and viola da gamba, and Robert Conant, harpsichordist. The Budapest String Quartet will return January 21 for its twelfth appearance at the University. The Koeckert Quartet will play here February 18. Members of the Quartet, all natives of Bohemia, were educated at Prague Conservatory in Czechoslovakia and now make their home in Germany. They have toured Europe and the Far East. The Walden String Quartet, which was at the University from 1946-48 and is now in residence at University of Illinois, will close the series, April 22.

## LETTERS

### Berry '04 Interpreted Cornell

EDITOR: Bob Kane gave beautifully and simply the thoughts of an insider, looking out, on Rym's passing. Here are the thoughts of an outsider looking in on the same subject.

Once a month, as regularly as clockwork for the last ten years, has arrived a fat letter labelled Romeyn Berry, Stoneposts, Jacksonville, N.Y. One is just coming due and won't arrive; all there is is a dull ache and the sad sense of something familiar missing. We had common grounds of friendship: Rym left Pasadena in 1899 or so for Ithaca, and I took the opposite trail thirty-eight years later. The trails of our families had met in Canaan, along the Hudson. Cementing our friendship was a great mutual love of Cornell. Here was a personal pipeline into Ithaca which I appreciated all the more because of the great man who was writing. To have his private views on Cornell, its Faculty, the students, athletics, and student happenings was a privilege given to few other than those who read "Now In My Time!"

Rym was truly great. He could give the lightest of touches and pathos to the doings of Mr. MacPherson in Dirt Roads to Stoneposts and in the classic ending of Frank Sheehan's obituary in Behind the Ivy. I knew him as a writer on Cornell: the subject dearest to his heart. His recollection of events was profound; I have never seen such a memory. His last "Now In My Time!" was the equal of any he wrote.

His passing was peaceful; his tired

heart just quit in his sleep. And so passed a man who was the equal of any as a writer, athletic director, lawyer, or what have you. I am waiting for that letter from Rym that will never come.

—FREDERICK R. HIRSH, JR. '26

Lange, Staten Island; Robert L. Laufer, Flushing; Robert Lefeort, Quebec, Canada; Joel E. Marsh, Mt. Vernon; Jay M. Pidto, Brooklyn; Harvey Rhein, Jackson Heights; Victor R. Romley, Scarsdale; Peter R. Saltzman, Passaic, N.J.; Gilbert M. Seymann, New York City; Peter A. Silverstein, Brooklyn; Leslie W. Stern, Woodmere; Philip G. Taylor, Brooklyn.

**PSI UPSILON:** Richard C. Bachman, Jr., Pittsburgh, Pa.; Walter W. Buckley, Wynnewood, Pa.; Van C. Campbell, Coudersport, Pa.; Phillips K. Champion, Jr., Dayton, Ohio; Edward D. Cliggott, Winchester, Mass.; Butler S. Cox, Rochester; John T. Detwiler, Williamsport, Pa.; Christopher S. Demtrak, Binghamton; Albert J. Dando, Glenside, Pa.; Myron M. Eicher, Jr., Pittsburgh, Pa.; John M. Furlong, Lockport; Nathaniel Grew, Dover, Mass.; Robert G. Grieves, Chevy Chase, Md.; Albert G. Harrison, Lancaster, Pa.; John P. Hoban, Glencoe, Ill.; Richard A. Kneen, Hillsdale, Mich.; John M. Manning, Hinsdale, Ill.; Bruce K. Miller, Pennington, N.J.; James C. Morgan, Cayuga, Ind.; F. Ward Patton, Waterford; Richard K. Rainier, New Castle, Pa.; Scott D. Robertson, Youngstown, Ohio; Joseph Scallan, Cincinnati, Ohio; John H. Sharrod, Gladwyne, Pa.; John C. Waterfall, Bronxville; William G. Waring, Shawnee, Pa.

(Continued next issue)

## Coming Events

### Friday, May 17

Ithaca: Conference of women's secondary school committee chairmen  
Tennis, Army, Cascadilla Courts, 3  
White Museum exhibits, "Dutch & Flemish Little Masters" & paintings by Professor John A. Hartell '24, Architecture, to May 30; "UPA: Form in the Animated Cartoon," to June 5  
New York City: Class of '11 men's annual spring dinner, Cornell Club, 5:30

### Saturday, May 18

Ithaca: Conference of women's secondary school committee chairmen  
Golf, Bucknell, University Course, 1  
Tennis, Dartmouth, Cascadilla Courts, 2  
Baseball, Princeton, Hoy Field, 2:30  
Lacrosse Penn State, Upper Alumni Field, 2:30  
Freshman lacrosse, Syracuse, Upper Alumni Field, 2:30  
Annapolis, Md.: 150-pound rowing, EARC  
New Haven, Conn.: Track, Heptagonals  
Princeton, N.J.: Rowing, EARC

### Sunday, May 19

Ithaca: Sage Chapel preacher, Dean Douglas Horton, Harvard Divinity School, Cambridge, Mass., 11  
Concert, combined University Bands, Library Slope, 2:30

### Monday, May 20

New York City: '98 men's luncheon, Cornell Club, 12:30

### Wednesday, May 22

Ithaca: Varsity & Freshman golf, Colgate, University Course, 1  
Baseball, Quantico, Hoy Field, 4:15  
Lacrosse, Princeton, Upper Alumni Field, 4:15  
Hamilton: Varsity & Freshman tennis, Freshman baseball & lacrosse, Colgate  
West Orange, N.J.: Alumni Trustee William Littlewood '20 at Cornell Club of Essex County annual dinner, Mayfair Farms

### Thursday, May 23

Armonk: Cornell Club golf afternoon & dinner with Alumni Trustee William Littlewood '20 as speaker, Whippoorwill Country Club

### Friday, May 24

Ithaca: Freshman baseball, Manlius, Hoy Field, 4:15  
New York City: Track Intercollegiates  
Hanover, N.H.: Lacrosse, Dartmouth  
West Point: Baseball, Army

### Saturday, May 25

Ithaca: Spring term instruction ends  
Golf, Army, University Course, 1  
Freshman baseball, Ithaca College, Hoy Field, 2:30  
Rowing, Pennsylvania, Cayuga Lake, 4:30  
New York City: Track Intercollegiates  
Philadelphia, Pa.: Baseball, Pennsylvania  
Princeton, N.J.: Tennis, Princeton

### Sunday, May 26

Ithaca: Sage Chapel preacher, The Rev. John O. Nelson, Yale Divinity School, New Haven, Conn. 11

### Monday, May 27

Ithaca: Final examinations begin

### Tuesday, June 4

Ithaca: Final examinations end

# An Undergraduate Observes

By David L. Hye '57

## The Pace Quickens

IT HAS BEEN a busy two weeks since our last issue, and the next and final two weeks before exams will be even busier. Parents Week End, April 26-28, brought visitors flooding the Campus. Sigma Phi and Sigma Phi Epsilon fraternities and Chi Gamma (formerly Sigma Kappa) sorority won the Interfraternity Council song contest, held this year in Statler Hall ballroom. The Willard Straight Spring Open House was well attended, though many parents left early to miss a violent but short-lived thundershower that had been breeding all evening and finally hit about 11:30.

The State Parent Teachers Association held its convention here Tuesday, April 30. We took four bus loads of their members on tours of the Campus, including everything from the Fuertes Observatory to the Suspension Bridge. They were properly impressed by the size and beauty of Cornell in its spring garb. Incidentally, speaking of spring, though we half expect it to snow tomorrow (and there has been some talk of frost) we have been experiencing more continuously warm, clear weather than we have seen here for many months.

On the new Engineering Quadrangle, Carpenter Hall (administration building and library) is nearing completion and the Mechanical Engineering building's concrete framework seems to be completed. The Old Armory is in the process of being torn down. Nearby, the new Gannett Medical Clinic (south of Willard Straight on the old Clinic site) is approaching occupancy. Landscaping is being hurried: one day, raw dirt; the next, a new tree and topsoil; the third, a sodded front lawn!

Up Central Avenue at Willard Straight Hall, the annual International Exhibition and Fashion Show was bigger and better than ever. Displays from seventeen countries were set up in the Memorial Room. Flags of thirty-eight nations were flown over the steps to the Straight. A minor international incident was prevented when a secretary, a native of Holland, managed to pacify an irate Indonesian exhibitor whose country's flag could not be found and thus was not displayed. Later in the week, eight companies in the air industry and the US Air Force shipped exhibits and equipment to the Straight for an aviation program sponsored by the men's activities committee. A three-ton jet en-

gine was on display in the testing bay of Thurston Hall, as a part of the program.

The Cornellian of 1957 held its banquet and examined the first book out. This year, four full-page color pictures add to the attractiveness of the publication.

Elsewhere on Campus, ROTC units practiced on the Alumni Fields in preparation for the annual President's Review with the bordering lilacs already showing promise of bloom.

**University Orchestra** in a concert in Bailey Hall, May 5, played the "Air" from Bach's "Suite No. 3 in D Major" in memory of Jerome A. Fried '10. Fried was 'cellist in the Orchestra from the time he came to the University in 1908 until he died last February. The Orchestra also included in its program "Pastoral Morning," by Gilbert M. Weeks '25 of Ithaca.

**Fraternity initiations** of many houses were scheduled for the week ends of April 27, May 4, or May 18. Exams start May 27. Deferred rushing has forced some groups to shorten their normal pledge-training programs so as to be sure to start the fall term at full strength.

**Military Ball Queen** Carolyn A. Carlson '60 of Oceanside was chosen by members of the brigade staff. Army, Navy, and Air Force ROTC students attended the dance. Major-general Raymond E. Bell, chief of the New York Military District of the US Army, was a special guest.

**Ivy League** debate representatives met here to discuss scheduling, topics, and debates for next year. Brown, Princeton, Harvard, and Columbia participated in the conference. In debates held during the conference, Cornell lost to Harvard and beat Brown. The debates were on economic aid to foreign countries.

**Discriminatory clauses** exist in the constitutions of only eight of our social fraternities, an Interfraternity Council committee reports. In each one, definite progress towards the abolition of such clauses has been made. Although the IFC opposes discriminatory clauses with respect to race, religion, or national origin, it recognizes that a policy of consultation, investigation, and advising is preferable to trying to legislate

democracy into fraternities. Present powers of the IFC permit it to place any house that has not tried sincerely to remove a discriminatory clause on probation up to one year and then expel it from IFC membership.

**Law Quarterly** co-editors for the coming year are Stanley Kamaroff '56 of Port Chester and Philip J. Loree of Honnell. Both will be Seniors in the Law School next year. Kamaroff is a member of Phi Delta Phi legal fraternity. Loree, a Fordham graduate, won the Phi Alpha Delta Trophy in the first-year moot court competition.

**Five Seniors** in Arts & Sciences will receive Woodrow Wilson Fellowships for graduate study next year to prepare for teaching. Alan A. Altshuler of Brooklyn will study political science at University of Chicago. Evelyn J. Katz of Rockaway Beach will study economics. Barbara M. Odell of Brooklyn will study history at Brandeis. Bernard I. Reis and Nina Zippin of Brooklyn will study English at Harvard and Radcliffe.

**Phi Alpha Delta** legal fraternity sponsored its second Stevens Lectureship in April. Established in 1956 in honor of Professor Robert S. Stevens, retired Dean of the Law School, the inaugural program brought Judge Samuel S. Leibowitz '15 to the Campus. This year's speaker was David W. Peck, presiding justice of the State Supreme Court.

**Kappa Alpha Theta** won first place in women's bowling. Living units and sororities participating included Prudence Risley, Chi Omega, Delta Delta Delta, Delta Gamma, and Pi Beta Phi.

**Midshipmen** Herschel H. Loomis, Jr. '56 of Wilmington, Del. and Charles R. Tevebaugh '57 of Glens Falls have been awarded gold medals by the Society of American Military Engineers. The Society gave thirty medals for excellence to engineering students in Naval ROTC units throughout the country. Loomis is in the fifth year of Electrical Engineering; Tevebaugh is in the fourth year of Chemical Engineering.

**New Cornell songs** are being collected in a contest managed by the Willard Straight Hall music committee. A first prize of \$25 is offered.

**Herman Mark**, a student in the Graduate School of Aeronautical Engineering, won first prize in the graduate division of a contest sponsored by the Northeastern Student Conference of the Institute of Aeronautical Sciences. Both his PhD thesis and the winning paper are based on research supported by the Office of Naval Research and the Office of Scientific Research of the Air Force.

# THE FACULTY

President **Deane W. Malott** was guest speaker at a luncheon of the Dutch Treat Club in New York City, April 16. He was introduced by the Club treasurer, John T. McGovern '00, and seated also on the dais were Dutch Treaters Jansen Noyes '10; **John S. Knight '18**, Trustee and president of Knight Newspapers; Alan J. Gould '21, executive editor of the Associated Press; and Howard Taubman '29, music critic of The New York Times. McGovern reports that "at the conclusion of his address, the members by acclamation had the president of the Club, John Chapman, place the Club's Red Ribbon around Malott's neck and impose the Distinguished Guest Plaque on his chest. Afterwards, various men from the press and others congratulated him."

Trustee **Horace C. Flanigan '12** is general chairman of the 1957 campaign of United Cerebral Palsy fund of New York City. He is chairman of the board of Manufacturers Trust Co.

Trustee **Arthur H. Dean '19** is one of seven American sponsors of a new, privately-owned magazine named *Western World*. It aims to become a medium of discussion by Americans and Europeans on problems affecting the Atlantic community. *Western World* will be published monthly in both American and European editions, both printed in Utrecht, The Netherlands.

Biographical sketch of "a distinguished alumnus," the late Professor **Liberty Hyde Bailey**, Agriculture, appears in the March issue of The Michigan State University Magazine. The five-page article by Madison Kuhn, MSU historian, is illustrated with photographs of Bailey as a young man and of the MSU campus as it looked about the time Bailey graduated in 1882. Kuhn acknowledges that he relied heavily on Liberty Hyde Bailey: *An Informal Biography*, by Philip Dorf '24 for much of the information in his article and says of Dorf's biography: "His book will have many readers because of its color, its anecdote and, above all, because it moves zestfully forward."

Mildred A. Moakley '18, daughter of the late **John F. Moakley**, track and cross country coach from 1899-1945, has received the following citation from the National Collegiate Athletic Association: "For his faithful service to his institution and higher education; his valuable contributions to intercollegiate athletics, and his wholesome influence upon the lives of young men: Be it known that the membership of the National Collegiate Athletic Association, assembled in annual convention, resolved that this memorial be inscribed in honor and fond remembrance of John F. Moakley."

Professor **Robert E. McGarrah, PhD '51**, Industrial & Engineering Administration, has given two talks based on a paper on production programming which was published last December in the *Journal of Industrial Engineering*. March 30, he spoke at a conference on "Management and Science

in Action" sponsored by the Rochester chapter of American Institute of Industrial Engineers. April 3, he spoke in New York City in an American Management Association seminar on "Application of Operations Research Techniques to Production Scheduling."

Report on pesticide research at the College of Agriculture was presented last month by Professor **Wesley W. Gunkel**, Agricultural Engineering, at a meeting in Washington, D.C. of the National Canners Association's technical advisory committee and US Department of Agriculture scientists.

Professor **Lawrence S. Hamilton**, Forestry, has been awarded a fellowship for graduate study in natural resources at University of Michigan. He and his family will spend next year in Ann Arbor.

**Charles V. Hayden**, custodian at Balch Hall since it opened in 1929, is featured in the May issue of *Guideposts*, edited by Norman Vincent Peale. The magazine describes in its regular section, "The Quiet People," Hayden's success in combatting juvenile delinquency by organizing and heading for twenty-seven years the Forest City Drum & Bugle Corps in Ithaca. He was suggested for the recognition by **Vera R. Thompson** of Plant City, Fla., who worked at Balch for twenty years before her retirement a number of years ago.

The late Professor **Charles E. Bennett**, Latin, former president of the Classical Association of the Atlantic States, was among those honored at an April 27 luncheon at Columbia University, during the Association's golden anniversary meeting. Tribute was paid to the former presidents and editors of the Association.

New chairman of the State Public Health & Education Committee is Dr. **Norman S. Moore '23**, Clinical & Preventive Medicine. Dr. Moore has also been reappointed by Governor Harriman to a second six-year term on the State Public Health Council.

Professor **Harold E. Moore, Jr.**, Botany, specialist on naming and identification of palms in the Bailey Hortorium, has been made editor of *Principes*, the journal of the Palm Society. Last year, he studied classical palm collections in Europe, especially in Brussels, Florence, and London.

Dr. **Louis L. Nangeroni '51**, Veterinary Physiology, has been awarded a fellowship by the National Institute of Health. He will attend a summer workshop in the new laboratory of physiology at Baylor University College of Medicine in Houston, Tex.

## Sorority Pledges

*(Concluded from last issue)*

SIGMA DELTA TAU: Anita M. Albert, New Rochelle; Gloria L. Appel '59, Ossining; Francine Brownstein, East Rockaway; Sandra P. Epstein, Kingston, Pa.; Janet L. Feuerstein, Maplewood, N.J.; Nancy R. Green '59, Cleveland, Ohio; Marilyn E. Gross, Brooklyn; Letitia C. Heller, Forest Hills; Abigail J. Herzfeld, Brooklyn; Barbara M. Jacobs, Brooklyn; Susan Katlowitz, New York City; Linda J. Kitay, Canton; Louise S. Klein, New York City; Abby G. Lippman, Brooklyn;

Naomi B. Meltzer '59, Worcester, Mass.; Madeline F. Munstak, Staten Island; Elaine M. Platt '59, Brooklyn; Deanne B. Porchenick, Mt. Vernon; Judith H. Ravinett, Mt. Vernon; Martha L. Ronald, Flushing; Rachel J. Rosenfarb, New York City; Esther M. Schiller '59, Brooklyn; Marion S. Schneider, Lynbrook; Rita N. Schwartz, Flushing; Barbara L. Spelman, Great Neck; Carolyn S. Warnow, Mamaroneck; Ruth J. Westerman '59, Red Bank, N.J.; Gail H. Wolff '59, Flushing; Sandra F. Yasser, Mt. Vernon.

## Labor Fund Makes Grant

SIDNEY HILLMAN Foundation has awarded \$3000 to the School of Industrial & Labor Relations. Of the grant, \$2000 is for scholarships and the remaining \$1000 is for the Hillman Lectures, established at the University three years ago to honor the memory of the late president of the Amalgamated Clothing Workers. Seventeen institutions of higher learning shared in this year's grants of \$33,500.

The 1957 Sidney Hillman Lectures were presented in April by Joel Seidman, associate professor of social sciences at University of Chicago and former member of the National Labor Relations Board. He discussed in successive lectures under the general title "Democracy in the Labor Movement" the problem of union democracy, factors affecting union democracy, and the conditions of union democracy.

## Former Teacher Dies

PROFESSOR JOSHUA E. SWEET, Experimental Surgery, Emeritus, a member of the Medical College Faculty since 1926, died April 8 in Bainbridge. Since his retirement in 1941, he had been living on his farm in Unadilla. He was eighty years old.

Dr. Sweet received the AB and MA at Hamilton, received a Doctor's degree at University of Giessen, Germany, and did postgraduate work at Pasteur Institute in Paris and University of Pennsylvania. From 1902-06, he was with the Rockefeller Institute in New York and for the next ten years was assistant professor of surgical research and after that, professor, at Pennsylvania. During World War I, as a lieutenant colonel, he was consultant in surgical research to the American Expeditionary Force. He became the first chairman of the board of the hospital in Sidney in 1943 and had been honorary chairman since 1953. He was a fellow of the American College of Surgeons and American Association for the Advancement of Science and a member of many professional societies. He had lectured about the gall bladder and written many papers.

Mrs. Sweet and a daughter, Mrs. George H. Kittell (Ruth Sweet) '33, survive.

# News of the Alumni

Addresses which appear in these pages are in New York State unless otherwise designated. Class columns headed by Class numerals and the names and addresses of the correspondents who write them are principally those of Classes which have purchased group subscriptions to the News for all members. Personal items, newspaper clippings, or other notes about Cornellians of all Classes are welcomed for publication.

**'98 Men**—The members of the Class of '98 will meet for luncheon at the Cornell Club of New York on Monday, May 20, at 12:30 p.m. All who reside in the metropolitan district and others are urged to attend. Among those expected to be present are **Wilton Bentley, Andy MacElroy, Andy Tuck, Jeremiah Maguire, John Kuhn, William McA. Smith, Madame Kazimir Zarem-ba**, and, we hope, others.—A.J.M.

**'08 Men**—The Class of '08 had a Reunion dinner at the Lotos Club, 5 East Sixty-sixth Street, New York City, the evening of April 23. Present were **William Mennen, Herbert Trube, J. Wright Taussig, Edward A. Jes-ser, George Brown, O. Howard Simonds, Philip B. Hoge, J. Edgar Davidson, Seth Shoemaker, and Herbert E. Mitler**.

The next dinner will be in October. Any-one who has not had a notice of these din-ners and would like to be placed on the list should communicate with **Herbert E. Mit-ler**, 505 Fifth Avenue, New York City 17.

—H.E.M.

**'10** Roy Taylor  
Old Fort Road  
Bernardsville, N.J.

From **Edward H. (Baron) Leggett** (above), erstwhile morale builder of the 1910 Civil Engineers, come the following sage comments: "It's quite a remarkable Class and I hesitate to write you. As far as I can see, everyone except me has retired as 'chairman of the board,' and winters in Florida, in ease and luxury, and brags about his numerous grandchildren. I don't come under any of these headings. I'm still in the insurance business. I endure winters up

North, even enjoy them at times, as I still do a little skiing, and as I'm still an old bachelor, I don't have any grandchildren I can brag about. In spite of that, life has its compensations, as bachelors are useful in a limited sort of way. You get an occasional free meal and sometimes I think I've de-tected an envious glint in the eyes of some of my married friends. Had a wonderful time at our 45th Reunion and hope to get back several times before our 50th rolls around, with the hope of seeing some 1910-ers. My address is 12 Danker Avenue, Albany." **Warner Brooks'** address in Denver, Colo. is now 1331 Cook St. **Stan Cook** has left Maryland and now lives well out on Cape Cod at Rock Harbor Rd., Orleans, Mass.

**Arthur P. Woods** sends along the follow-ing news of his activities since leaving Sib-ley in June, 1910: "In the late summer after graduation became student apprentice at the East Pittsburg plant of the then Westing-house Machine Co., staying with them until well into 1914. In the early summer of 1915 became an experimental engineer at the then Timken-Detroit Axle Plant, at De-troit, Mich. Sometime later specialized in gear design, worm gears in particular, along with various technical studies and calcula-tions in the engineering department. In 1952, reached the age of retirement and am now living in Concord, N.H. Some of my time is taken up with genealogical research and early New England town history, as a hobby. My home is at 36 Penacook Street."

**'11** Howard A. Lincoln  
80 Bennington Street  
Springfield 8, Mass.

**William P. Rose** (pen and editorial name, Will Rose), AB, was elected president of the board of trustees of Edinboro (Pa.) State Teachers College, March 11 this year. He was reappointed to the board by Governor Leader for a six-year term, and confirmed by the Pennsylvania Senate, Jan. 2, 1957.

Dean S. C. Hollister of the College of Engineering and his wife were entertained recently at luncheon at the Gondola Inn at Fort Myers, Fla. by several Cornellians. Those in the party were **Prof. E. Leslie Lord '08, Geo. (Ted) Frank '11, Guy Morris '12** and his wife; also **Ed Wheelan '11**.

**Frank H. Branin**, CE, who has done some extensive traveling in connection with his work, is now in South America (Cali Valle, Colombia) on an engineering job. **Leon R. Brown** reports he has just returned from

Florida into northern snow, and it was not too hot there. **Leon** lives at 260 Hillside Ave., Rochester.

**Alfred M. (Bun) Tilden** (above and be-low), who has been active in growing or-anges for many years at Winter Haven, Fla., finds time still to follow his favorite sport of hunting all kinds of birds which fly in and about his plantation. He is always glad to see any and all his old friends or Class-mates. He expects to be in Ithaca again in 1961, if not before. If you are in Florida, be sure to look him up before he starts on his annual summer trip to Canada.

**Gene Bennett** was seen in Bridgetown, Barbados, B.W.I., masquerading as a traffic cop. My, that boy certainly gets around!

In a letter of appreciation to **Frank Aime** for his Reunion services, **Melita H. Skillen**, 4423 N. Paulina St., Chicago 40, Ill., wrote, "Wish I could have known more of you '11 lads better through the years." Melita, the boys will be looking for you whenever you Reune again.

**'13** Harry E. Southard  
3102 Miami Road  
South Bend 14, Ind.

Received a nice note from **Red (William A.) More** a few weeks ago. Red is still run-ning a family business that celebrates its one hundredth year in 1957, the G.E. More Co., Apparel for Men, 11 West Eagle St., Buffalo 2. Also, there are more Mores in-volved: Red's son **Howard '46**, a daughter, **Smith '50**, and two grandsons (sons of Howard). Also a nephew, **George More '38**, is associated with him in business. Red confesses that his hair, what is left, is all white. Maybe I should call him Whitey. Anyway, Red, or Whitey, and his wife left

## CLASS REUNIONS IN ITHACA, JUNE 7 & 8

'97, '02, '07, '12, '17, '22, '27, '32, '37, '42, '47, '52, '54

# \$15,000 PROTECTION

FOR ONLY \$23.60\* PER MONTH

Yes, Mr. Cornellian, if you are age 35 you can provide your family this protection at that unbelievable low premium. In fact, our Gold Standard is the lowest premium ordinary life policy issued by any United States life insurance company. And too, its settlement option terms are the most liberal available anywhere. With a minimum cash outlay, you can close the gap that inflation has caused in your once adequate life insurance program. Have your life insurance counselor write us for full details.

\*Premcheck Plan

572

in March for a Volkswagen tour of western Europe, mostly Spain and Portugal. He frequently sees Shoe (Edward M.) Scheu, and I trust each will bring the other to our 45th Reunion next year.

**Sterling W. Mudge**, or Mudgie as he used to be known, has retired after 33 years with Socony Mobil, although he still has a desk in their New York office, 120 East 42d St., where he can prepare the speeches which he continues to make under the sponsorship of the company. Just before his retirement, Socony Mobil sent him on a training mission to Yugoslavia with stopovers in Portugal, Spain, Italy, and France. Mudgie lives in Glen Cove, L.I., where he has served as president of the Nassau County Council, Boy Scouts of America, for the last three years. Also, he may be a candidate for mayor of the City of Glen Cove this fall. (Those speeches must be pretty good!) Luck to you, Mayor-to-be- Sterling.

**Spider (C. Reid) Johnson**, 922 Glorietta Blvd, Coronado, Cal., is a retired (since 1951) captain, US Navy, after 33½ years of active duty in the Civil Engineer Corps, USN. However, as a civilian, he immediately became very active in public relations and in industrial relations. Finally he retired last September and is now enjoying leisure and relaxation in northern California, one of his "leisures" being president of the Cornell Club of San Diego for the last two years. It's hard to keep a good man idle.

**Mike (Benjamin F.) Bardo**, 177 South New Road, Mt. Carmel, Conn., is again working hard for the success of the Cornell Fund as regional chairman for the New England area. And once again he has busted out all over in verse, dunning the brethren with poetical prods, to wit:

Dear Thirteener:

One picture's worth a thousand words, is a proverb tried and true

The one herewith is in this class and is meant for none but you

To remind you please of the dear old days, and what you can do today

To lighten the load of those now there, who are following in your way.

"GIVE TO THE CORNELL FUND"

The picture was of the Library Tower. This was his first broadside this year, but he has more to come if they don't donate. (They had better pay up, just to protect themselves.)

And speaking of things financial, I heard through the grapevine that our Class dues are past due for many of our members. Like Old Mother Hubbard, "the cupboard was bare" when **Don Beardsley**, our Class treasurer, looked for funds. I'm sure it's just a case of not doing it now. So if you have not paid your '13 dues for this year, send your \$5 check now to Donald P. Beardsley, Treasurer, c/o Drexel & Co., 1500 Walnut St., Philadelphia 1, Pa.

Any downhearted person is pretty bad, but a downhearted treasurer is just terrible. So let's cheer him up. Mail your check!

'15 Daniel K. Wallingford  
521 Cathcart Street  
Orlando, Fla.

**Clayton W. (Duck) Cousens**, 149 Hill Park Avenue, Great Neck: "For six years I have been producing motion pictures for industry and TV advertisers under the firm name of Cousens Productions, Inc. Have

Cornell Alumni News

just installed a new studio with greatly expanded equipment and facilities at 1600 Broadway in the heart of Times Square. My son, **John K. '45**, is vice-president of the company and keeps us posted on the 'young viewpoint,' if you know what I mean. I expect John will take over completely in a short time so I can look up some of those Cornellians in Florida and Hawaii."

**Philip H. Stevens**, Box 13, Preble, writes: "On the first of January, I became a retired government employee and am now engaged in the time consuming occupation of becoming another village character. As an avocation I have my vegetable and flower gardens and a woodworking shop. I also hope to do some reading, a little fishing, and a bit of traveling. For the last twenty-five years, I have been with the US Weather Bureau; during the last fifteen of that service, the immediate direction of the Bureau's climatological program in New York State was my responsibility. I was located at its Albany office. Preble is in the general proximity of the area where I grew up, about twenty-five miles south of Syracuse and thirty miles from Ithaca."

**J. G. Malone**, 14719 Clifton Boulevard, Lakewood 7, Ohio: "I am still in the cutting tool business as tool engineer. Occasionally see **Chick Benton** who is in the paint business." **Samuel L. Ross**, 170 E. Hartsdale Avenue, Hartsdale: "Since 1946, I have specialized in the investment trust field and am now regional director and chairman of the executive committee of Renyx, Field & Co. (one of the older firms in the field) who are underwriters and sponsors of three national trust funds—located at 250 Park Avenue, New York City 17."

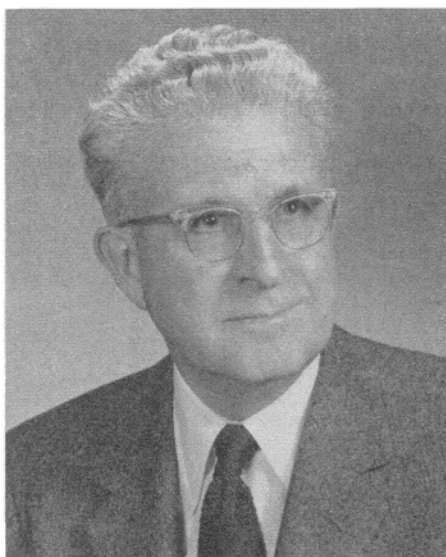

**Ross L. Hoag**, 1007 Catherine Avenue, Endicott, retired April, 1956 from IBM Corp. and was in Florida, near Sarasota, until April 1. **Braton R. Gardner**, 7400 SW 70 Terrace, Miami, Fla., has retired to Florida and will be happy to see any of the Class who get down that way. **Jack W. Ufland**, 2320 East 70th Place, Chicago 49, Ill., has moved from New York to Chicago, where he is district sales manager for Gessler Manufacturing Corp.

**George A. Spamer**, 6632 Sedgwick Place, Brooklyn 20: "After thirty-odd years with Bemis Brothers Bag Co., Brooklyn plant, I finally reached the point of 'no return,' retirement. Four months of relaxing convinced me that this was not yet for me. So I am now working for the State of New York, Division of Employment Mass Audit Unit, out of Counsel's Office, 500 Eighth Avenue, New York. I noticed in one of your recent issues that Classmate **Franklin R. Fielding**, USN, is stationed at the Pentagon. My son-in-law **William H. Munson '36** is also at the Pentagon. I hope that he has an opportunity to meet Frank."

**Meyer Drechsler**, 163 West 17th Street, New York City, is busily engaged in a large construction program with the Corps of Engineers, US Army. He says (with apologies to **Walt Priester**) that he now has four grandchildren.

**'16** Harry F. Byrne  
141 Broadway  
New York 6, N.Y.

**Dean F. Smiley**, AB '16, MD '19, (above), now residing at 830 Lincoln Street, Evanston, Ill., interned at The New York Hos-

pital in 1910-20 and then returned to the Ithaca Campus in 1920. He went through the various ranks and was made Professor of Hygiene & Preventive Medicine. He continued as a professor on the Cornell Campus until 1942, when he went into military service as a commander in the Medical Corps of the Navy. When he returned to civilian status in 1946, he first became a consultant in physical fitness to the American Medical Association. In 1948 he entered the service of the Association of American Medical Colleges and was made its secretary in 1949. He has performed outstanding service in his work with this organization, which represents all of our nation's medical colleges and has been a

## ANNUAL ALUMNI MEETINGS

### Cornell Alumni Association

The Annual Meeting of the Cornell Alumni Association will be held Saturday, June 8, 1957, at 10:30 a.m. in the Ballroom of Statler Hall, Ithaca, N.Y. The agenda includes:

1. Announcement of the result of the Alumni Trustee elections
2. President Malott's "Report to the Alumni"
3. Vote on the proposed revisions to the By-laws
4. Such other business as may come before the Association

All Cornell alumni are cordially invited to attend. —HUNT BRADLEY '26  
Secretary-Treasurer

### Cornell Fund

The Annual Meeting of the Cornell Fund will be held in joint session with that of the Cornell Alumni Association Saturday, June 8, 1957, at 10:30 a.m. in the Ballroom of Statler Hall, Ithaca, N.Y. The major items on the agenda will be:

1. Report and review of the 1956-57 Cornell Fund
2. Plans for 1957-58
3. Election of officers and new members of the Cornell Fund Committee

All alumni are cordially invited.  
—W. V. NIXON, Secretary  
Cornell Fund Committee

most potent force in the advances which have been made in this field. He is a diplomate of the American Board of Preventive Medicine. He is president of the American Medical Writer's Association, editor of the *Journal of Medical Education*, and co-author, with A. G. Gould, of two widely used text books, *Your Health and Your Community's Health*.

He married Alice Dimon in 1919 and they have two daughters, Mrs. Parker Hart '42 and Mrs. Henry Borst '43. Quoting Dean, he says his chief interests are: 1. "Girls (I have a wife, a mother, two daughters, and four granddaughters); 2. Golf (I never shot less than 84 and am happy to break 100 nowadays); 3. Writing (I never could have afforded to stay in education if it had not been for my books); 4. Gardening and fishing (my gardening is strictly under the close supervision of my wife, my fishing luck depends entirely on the acumen of my guide). I hope to retire, at least partially, in 1959. Now I've told all."

—Franklin H. Thomas

**'17 Men**—"Be Sure You're Seen With Seventeen, June 7, 8 & 9, 1957." If our annual dinner at the Cornell Club of New York, April 15, was a preview of our Big 40th, the latter is sure to be our "Biggest and Best." Fifty-nine were present, two more than last year. Ten attended a special luncheon on the same day for a few that could not be present that night.

At the dinner, **Howie Ludington**, Reunion chairman, outlined plans for our Big 40th which were received enthusiastically. **John Collyer**, Class president, spoke briefly regarding Class affairs and happenings of interest on the Campus. **Don Mallory**, Class representative on the Cornell Fund, reported that our goal of \$40,000 has already been exceeded with gifts and pledges. Our own **Ernie Acker**, president of the Cornell Fund, stated that gifts for current year were greater than last year for the same period. He was optimistic regarding the Fund in general and especially the record which he expects 1917 to establish. **Al Mitchell**, University Trustee, traveled all the way from New Mexico to be with us. He spoke briefly on Campus changes and on future plans of the Trustees.

**Glen Acheson** again handled all details for the dinner and was "tops" as master of ceremonies. The Rev. **Pete Weigle** gave the invocation and will be in charge of the Memorial Service at the Reunion in June. Guests from other Classes were **Bub Pfeiffer**, '16 Class secretary, **Charlie Eppleur**, '16, **Frank Cuccia**, '12, and **Ho Ballou**, '20, who was the baby of the group. After dinner, **Art Stern**, our official photographer, showed movies and "stills" of past Reunions.

**Bob Hendee** of Colorado Springs planned to attend our Big 40th, but now writes that his son graduates from college that week end. Too bad he didn't choose Cornell then Bob could have killed "two birds" with one trip East. The battle for "greatest grandfather" still wages in the '17 Class. To date **A. A. (Bud) Cushing** seems to have an edge with fourteen grandchildren and another expected before our Big 40th. **Paul Knapp** of Wilmington, Del. should get an award "or something." His record is eight children and fourteen grandchildren! Close behind are **Ted Townsend** of Waterville, and **Emil Kostal** of Upper Montclair, N.J., with thir-

teen each. We reported recently that **Oz Priester** of Davenport, Iowa, had eight, only to receive an indignant report that the total was now twelve! 1917 sure is doing its part for the future of our country. Even **Red Atwood** of St. Cloud, Minn. is in the act. His first grandchild was born recently, but he modestly claims he goes in for quality—not quantity.

It won't be long now until we see you in Ithaca. If you haven't sent us your reservation card, do so at once so you can be with the gang for a grand week end on the Campus and a good old-fashioned get-together with Classmate pals and friends.

—Herb Johnston

'19

**Mahlon H. Beakes**  
6 Howard Street  
Larchmont, N.Y.

**H. A. Stevenson**, 18 East Ave., Ithaca: It was nice to have a note from Steve saying that he has nine grandchildren and a tenth due in May. His four children are all married and all went to Cornell. In addition to which, as we all know, Steve is doing a wonderful job as managing editor of the *ALUMNI NEWS*.

**Charles F. Hendrie**, 232 Forest Ave., Glen Ridge, N.J., reports that he and his wife, who was then recuperating from an operation, spent a week in Point Clear, Ala. and New Orleans, La. in January. Mike's daughter, Marcia (Wells '55) is working in New York and taking night courses at Columbia for the Master's degree in Fine Arts. His other daughter, Betsy, is a freshman at Smith College.

**Donald E. Breckenridge**, 262 Newbury Street, Boston 16, Mass., sent a nice letter which gives little news of himself, but mentions recent contact with **Richard P. (Dick) Dyckman** who is an alderman in Plainfield, N.J. In fact, running against four or five others, Dick won so handily that he is being pressed to stand for re-election. You know New Jersey provides a beautiful colonial home, "Morven," for its Governor, which is now occupied by Gov. Meyner. How about it, Dick? Thanks, Don, for this bit of news.

**Russel R. Drake**, 3687 Ramona Drive, Riverside, Cal., has been with California Electric Power Co. since November 8, 1920 and is now assistant treasurer and assistant secretary and manager of the tax department. Russ married Dorothy Colson in 1923 and has two married daughters. Mrs. Evan P. Ininger lives in Elmhurst, Ill. and has one daughter, Sara Lee, born in 1952. Russ's younger daughter, Mrs. Robert A. Sundholm, lives in Moses Lake, Wash. and also has a daughter, Susan Lynne, born last year.

**Ainsworth L. Smith, MD**, 603 Third Street, Brooklyn: January 1, he became director of surgery at the Brooklyn Hospital, and also associate professor of clinical surgery at the Medical College of the State of New York. Doc says: "Both Cornell daughters and their Cornell husbands are fine. Two grandchildren—prospective Cornellians."

**George H. Strugats**, 1250 Ocean Parkway, Brooklyn 30, reports as follows: "Married, two sons, one is a World War II veteran and the other a Korean War vet. Both married, two granddaughters, one grandson." George is vice-president, I. H. Sparks Co.,

Inc., 222 East 41st Street, New York City 17.

**John C. Leppart**, 60 Sutton Place South, New York City: Just a short note from Jack as follows, "With Olin Mathieson Chemical Corp. Director, on executive committee of the board, executive vice-president. I operate the pharmaceutical division, E. R. Squibb & Sons, located at 745 Fifth Avenue. Glad to see anybody anytime." I know that Jack is a very busy person, but I hope we can count on seeing him at one of our Class luncheon or dinner parties.

'20

**Orville G. Daily**  
604 Melrose Avenue  
Kenilworth, Ill.

I can always tell when it's spring, not especially by the delicate yellows and greens of the jonquils, the forsythia, buttercups and dandelions, or the warblings of the robins, the cardinals or the busy chattering of the wrens and the squirrels, or even by the rumble of roller skates, the click of marbles and the screech of jalopy-like Fords; but finally and compellingly by the refreshing rash of poetry that flows ever so gently and inevitably from the pen of **Bill Whittemore**. It's real good stuff too, not the corny kind of goop we inflict on you in this classy column, but delectable enough to be selected for this year's Anthology of Teachers' Poetry. Uncle Whit is still head of the English Dept. at The Leelanau Schools, Glen Arbor, Mich., and loves the life he lives in the woods with all his pets including Nellie, the white skunk with a black stripe down her belly. Whit says he doesn't have to prove it, because it's right there, black on white.

**Sam Wolkind**, old man Esquire of Niagara Falls, is busy as a bee as co-chairman of a civic committee to put the bee on Governor Harriman to sign a bill authorizing a substantial grant of money to the city to compensate for the loss of taxes when the State Power Authority takes over the rights surrendered by the Niagara Mohawk Power Co. The loss of \$2 million in tax revenues is enough to make old Grandpa Schoellkopf turn over and over.

**Dwight B. Ranno** of Salem, N.J., says he's still at the power plant next to the Delaware Memorial Bridge. Says the bridge is a masterpiece of construction, but he musta been put together cheap as he has had cataracts removed from both eyes. "Sliver" isn't going to miss the fun of standing on the corner, watching all the girls go by. **Al Purdy** who lives at Madison, N.J., has been elected president of the American Council of Independent Laboratories, Inc. Purdy nice, huh?

**Doug Hopkins** of Buffalo, who shared with us a few unforgettable Frosh episodes at Mrs. Tift's Stewart Ave. Emporium, has two sons who can't get enough of Cornell. They're both in Graduate Schools, **Dwight** a freshman in the Law School, and **Richard**, a senior in Business & Public Administration. Smart kids, just like their father! **Maurice F. Smith** who "mozied" all the way from Rome (N.Y. that is) to Freeport, Ill., is vice-president of Western Newell Mfg. Co., manufacturers of drapery hardware. He reports business holding up well. **George W. Lord** who graced the "City of Homes" (Evanston, of course) when he got his CE degree, now resides at 512 Jack-

son St., Jefferson City, Mo. He retired last year after 31 years' service with the Missouri State Highway Dept. and immediately took a busman's holiday for three months over the highways of California and other Western States.

Here we are at mid-May and time to tell you that the last report showed 1920 running 30 per cent behind last year in the number of contributors to the Cornell Fund. It's great to look over the list and see so many familiar faces, but there are some mighty handsome ones missing. A special message from Veep **Dick Edson** says we gotta have heart, we gotta do better, we just gotta! So a coupla hunnert of you grateful guys unchain the check book and live a little, give a little to Cornell, but whatever it is, send it on its way today!

And you there, on the Jersey side, don't forget Wed., May 22, at the Mayfair Farms in West Orange when **Bill Littlewood** will be the speaker at the annual dinner of the Cornell Club of Essex County. You can call **George Stanton** for reservations, Montclair 2-6000.

To make the deadline sure, you bet  
I'll get this on the fastest jet;  
That's why I'm in a terrible sweat  
To finish this—and then I'll set.

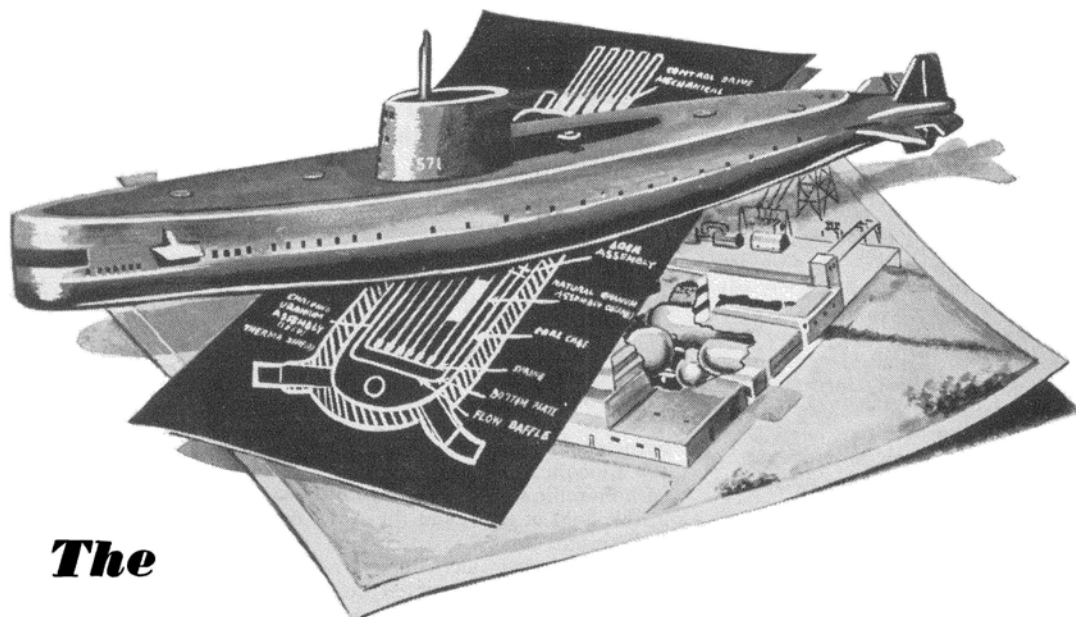

'21

**George A. Boyd**  
80 Maiden Lane  
New York 38, N.Y.

Those of you who were so unfortunate as not to have known a pre-med in college have missed one delightful aspect of university life. There was an *esprit de corps* about the denizens of Stimson Hall not found in Arts or Engineering. Each member, male and female, of the small pre-med classes was a dedicated person; yet for all their serious outlook, they possessed a spirit of fun and frolic unrivaled on the Campus, save, perhaps, by the architects. One outward manifestation of this was the softball games on the improvised diamond back of Stimson, where a passerby might see a co-ed take a lusty swing and knock the ball over the Chapel. When the rest of us scattered to our several occupations in 1921, the medics stayed on for years as a group in New York City, studying books, interning in hospitals, performing operations, and riding ambulance.

Among this group was **Julian M. Freston**, a native of Highland, where Courtney and his crews came every June to sweep the river. Naturally, Julian was attracted to Cornell where he rowed on the crew and, being a doctor's son, entered upon the study of medicine. This was in 1915. The Class of 1921 is able to claim him because of a deep but quiet patriotism which has precipitated him into both World Wars. While in the process of dissecting a leg (not his own) in 1917, he suddenly resolved to go to Canada, where his near-sightedness would be overlooked, and join the RAF. After two years of flying, he returned in 1919 to finish up with our Class. Again in 1943, he could not stay out of the scrap, but became medical officer on an escort carrier, being present at Saipan and at the invasion of the Philippines.

After graduation from Cornell Medical College in 1924, Julian began to build a practice in New York City in the field of internal medicine. Every aspiring doctor

**The  
Present  
And  
YOUR  
FUTURE  
In  
ATOMIC  
POWER**

The USS Nautilus prototype was the first successful application of nuclear power. In 1957 the nation's first full-scale commercial generating plant at Shippingport will have its turbines powered by a Westinghouse reactor. The success of the nuclear power reactor is now an historical milestone . . . but the application of nuclear power is still in the pioneering stages. Much applied research remains to be done before the vast potentialities of nuclear energy can be utilized to the fullest extent.

At Bettis Plant, operated by Westinghouse for the United States Atomic Energy Commission, nuclear power reactors are being designed and developed. Here scientists and engineers are continuing to investigate new areas for progress in all phases of reactor theory, design, and application. Here opportunities for original work in a variety of fields present a creative environment for your professional growth. Bettis Plant offers a challenge to physicists, mathematicians, metallurgists, and mechanical, chemical, or electrical engineers interested in a career with the leader in the nuclear power industry. If you are an outstanding scientist or engineer interested in advanced degree study, send immediately for a descriptive brochure which outlines the details of our unique doctoral fellowship program.

Be sure to specify your specific field.

Please address resumes to: Mr. M. J. Downey,

**Westinghouse  
BETTIS PLANT**

Dept. AM-2, P.O. Box 1468, Pittsburgh 30, Pa.

must associate himself with a hospital, which in Julian's case was Roosevelt. Since 1947, he has been chief of the medical service there, functioning also as associate clinical professor of Columbia's College of Physicians & Surgeons. Being a top man in "P.&S." and in such an outstanding hospital as Roosevelt carries with it obligations and responsibilities as a committee member and executive of medical societies. With it all, Dr. Freston attends to his private practice, which is of no mean proportions. His hobbies are color photography and sailing, aided by summer residence at Prouts Neck, Maine. Two daughters have followed their mother's footsteps through Vassar.

Partly because of his original affiliation with 1919 and partly because of immersion in an exacting profession, Junian never gave much thought to the Class of 1921 as an entity until prodded by a Classmate. Since the Reunion in 1951, he has been an invariable attendant at all Class functions. He is a perfect illustration of what these columns are endeavoring to prove: that our Class is a distinguished one which provides an opportunity for cementing worthwhile and enduring friendships.

'22 Men—**Donald McAllister** took time off from his duties as Reunion chairman to deliver a lecture on business publications, April 24, before Professor Charles C. Russell's class in the Department of Extension Teaching & Information at Cornell. Don, a prominent figure in the trade publications field, is vice-president and chairman of Geyer-McAllister Publications in New York City.

As of late April, 55 Classmates had sent in their Reunion checks, with 18 signifying their desire to participate in the Class golf tournament which precedes the official Reunion. **Jack Maloney** of Meridan Farms, East Lansing, Ithaca, and Professor **George R. Hanselman**, Mechanical Engineering, 16 West Sibley, are in charge of the golf outing. Among those who have put their cash down on the Reunion barrelhead are: **Larry Eddy** of Manchester, Conn.; **A. Stanley Duncan**, New Britain, Conn.; **Bernie Sines**, Houston, Tex.; **Clifford Buck**, Salt Point; **Portus Baxter**, Rapid City, S. Dak.; **Sewell Downs** and **Bob Wasson**, Kalamazoo, Mich.; **Bob Fisher**, Los Altos, Cal.; **Haz Hubbs**, Detroit, Mich.; **Marty Bentley**, Youngstown, Ohio; **Leonard Green** and **George Eidt**, New York City; **George Jackson**, Coral Gables, Fla.; **Tom Bissell**, Westport, Conn.; and **Fred Conklin**, Elizabeth, N.J.

**Dick Kaufmann**, Class treasurer and Cornell Fund representative, is disturbed because many Classmates are slow in making this year's contribution to the Cornell Fund. He is especially anxious to increase the number of '22 contributors.

**Ben T. Burton** has been appointed chairman of the nominating committee for 1922 Class officers to serve for the next five years. This committee will submit a slate of nominees at the 35th Reunion of the Class in June. Classmates wishing to make recommendations to the nominating committee are requested to send them to Ben T. Burton, 120 Broadway, New York City.

**George W. Teare** married Mrs. Katherine Connelly Downey, February 19, 1957. After an extended honeymoon in Arizona, the

bride and groom expect to attend our Thirty-five-year Reunion. Their home is at 2596 Gilford Street, Shaker Heights, Cleveland, Ohio.—**Edward K. Kennedy**

'23

Dr. George J. Young  
Chamberlaine, Me.

Former tar baby is now embedded in asphalt. **Avery L. Bullen**, 24 Coolidge Avenue, Glens Falls, owns and operates Defiance Asphalt Corp. of Fort Edward. And to think it all started with Tarvia.

Ol' granpappy Duley is what we call him. Dr. **Wade Duley**, 60 East Ninety-Sixth Street, New York City, grew a long white beard last December 22 when baby girl Karen was born to his daughter, **Dorothy Duley Staller '55**. When asked how he felt being a grandfather, he said, "Don't mind it at all, but there's one thing I object to, and that's being married to a grandmother." Say hello to Sarah for the whole Class, Wade—then duck.

Maybe your spring sniffles are due to airborne mold spores. Dr. **David Merksamer**, 105 Lincoln Road, Brooklyn, recently won an honorable mention award for an exhibit in this field of allergy at the AMA meeting in Chicago.

You can't get that Albany traffic ticket fixed any more. **George Myers**, 100 State Street, Albany, recently retired as judge of the city court after a six-year term. Maybe now he'll have time to take up the old fiddle again.

**Edmond G. Dyett**, 1229 Hinman Avenue, Evanston, Ill., is executive director of the Spiritual Frontiers Fellowship, which was organized to encourage among church people the study of psychic phenomena as related to personal immortality, spiritual healing, and prayer. We sure could have used this society, Ed, back in 1923.

**Arthur B. Treman**, Mendon Road, Pittsford, is president of TKM Electric Corp., 1160 University Avenue, Rochester. If you need midjet electric motors for electronic gadgets, Art's your boy.

There is no need to worry where the next meal is coming from. **Sterling Colby**, RFD 3, Manchester, N.H., helps to operate a 450-acre vegetable farm, and the menu can be checked by **Marvin A. Clark**, Freehold, N.J., who is county agricultural agent of Monmouth County, N.J. And if we need a truck to haul the stuff, we'll just call on **Kenneth L. Fitts**, 1314 Highland Avenue, Plainfield, N.J., who is manager of the off highway sales division of Mack Trucks, Inc. of Plainfield, N.J.

Save an extra nickel out of every dollar and check inflation. **John G. Nesbett**, P.O. Box 517, Chappaqua, as manager of Mutual Fund department for Hornblower & Weeks, 40 Wall Street, New York, will give you all the information, and **Donald McDougall**, 380 Old Tote Road, Mountainside, N.J., will handle all your extra nickels.

You don't have to worry about the health of your children attending Cornell. Dr. **Norman S. Moore** is Clinical Director of the University Infirmary & Clinic and professor of Clinical & Preventive Medicine. And speaking of doctors, Dr. **Francis J. Bean**, 2310 East Hampton Street, Tucson, Ariz., is administrator of Puna County Hospital and also the county physician. But best of all, he is president of the local Cornell Club.

Has anybody got a houseboat for sale? **Charles H. Brumbaugh**, 3509 South Versailles, Dallas, Tex., is looking for one when he retires from the job of area manager for Barber-Greene Co. of Aurora, Ill. The best of luck to you, Charlie, for that newly organized Cornell Club of North Texas.

**Edward V. Gouinlock**, Warsaw, gives us this delectable tidbit: "Last fall, **Eddie Kaw** was elected as the first Cornell player taken into the Football Hall of Fame. Some of the Classmates present were **Dave Munns**, **Swede Hanson**, **Charlie Brayton**, **Bob Brannon**, and **Eddie Gouinlock**. Missing were **Hal Ebersole**, **Charlie Davidson**, **Huck Bosworth**, **Bill Carey**, **Bart Richards**, and **Walt Rollo**. Two 'boys,' **George Pfann '24** and **Sunny Sundstrom '24**, added youth to the occasion."

**Jerold S. Meyer**, RD 1, North Lima, Ohio, is a good and true Cornellian. He married **Rainette Purdy '27**, and his daughter **Jeralyn** is Class of '59.

'24

Fred C. Brokaw  
444 Madison Ave.,  
New York 22, N.Y.

**Edward B. Kirby** (above, right) reports that he has just returned from a vacation trip to Hawaii, where he and Mrs. Kirby had the pleasure of renewing acquaintance with **Charlie Cassidy** (above, left) and his wife. They enjoyed the "real Hawaiian hospitality" dispensed by Charlie. Judging from the above picture, Charlie is indeed "in the pink," as Ed puts it, though it appears to us from the wearing apparel that Ed might be the native and Charlie the tourist.

Along with greetings to the Class, **Edgar F. Bissantz** sent us a reprint of an article of his that was published in the March '57 issue of *The Freeman*. We haven't had time to digest this piece, entitled "Law of the Land in England," but it obviously is a pointed and informed criticism of the consequences of the controlled Agriculture Act of 1947. Apparently Ed's Midwestern farm background is taking precedence over his education and degree in Architecture. We note that reprints of this are available 10 for \$1 and can be had by writing The Foundation for Economic Education, Inc., Irvington-on-Hudson.

**Robert T. Smith**, Agr., heads his own firm, The Robert T. Smith Laboratories, and also Robert T. Smith & Associates, with offices at 310 Chamber of Commerce Building, Scranton, Pa. They are consultants to the ice cream industry. Bob is also president of G. Smith & Sons, Inc. of Seeleyville, Pa. Bob is the author of such treatises as "Taste-Test Evaluation in Ice Cream & Dairy Products," "Consumer

Evaluations of Ice Cream," and "The Guinea Pigs of Ice Cream Merchandising." He is a member of the Amer. Management Assoc. and the Amer. Dairy Science Assoc. His civic activities include Red Cross and Community Chest work and he belongs to the Forest Lake Club of Hawley, Pa. and is a Masonic Shriner. He is also a vestryman of the Epiphany of Glenborn, Pa. Bob is married to the former **Glenavie Cairns '25**. They have one son, Robert T. Smith, Jr.

**Donald W. Baird**, CE, lives at 889 E. 40th St., Brooklyn 10, and is asst. treasurer of Bethlehem Steel Corp., 25 Broadway, New York City 4. He is married and has three children. Gordon W. Baird is at Ohio Wesleyan in the class of '58, Judith Elaine is a senior at U.S.C., and daughter Nancy Ann McSorley has four children. Grandfather Donald is active in Boy Scout work, the YMCA, the Protestant Council, and the Federation of Protestant Men. He also belongs to the Amer. Iron & Steel Inst., the Cornell Club of N.Y., and the Wall St. Club.

'25 ME—**Henry A. Gerken**, 6 Tamara Lane, Cornwall, is chief engineer of Star Expansion Industries Corp. and was recently made their director of research. His "research center" is a converted barn near Mountainville.

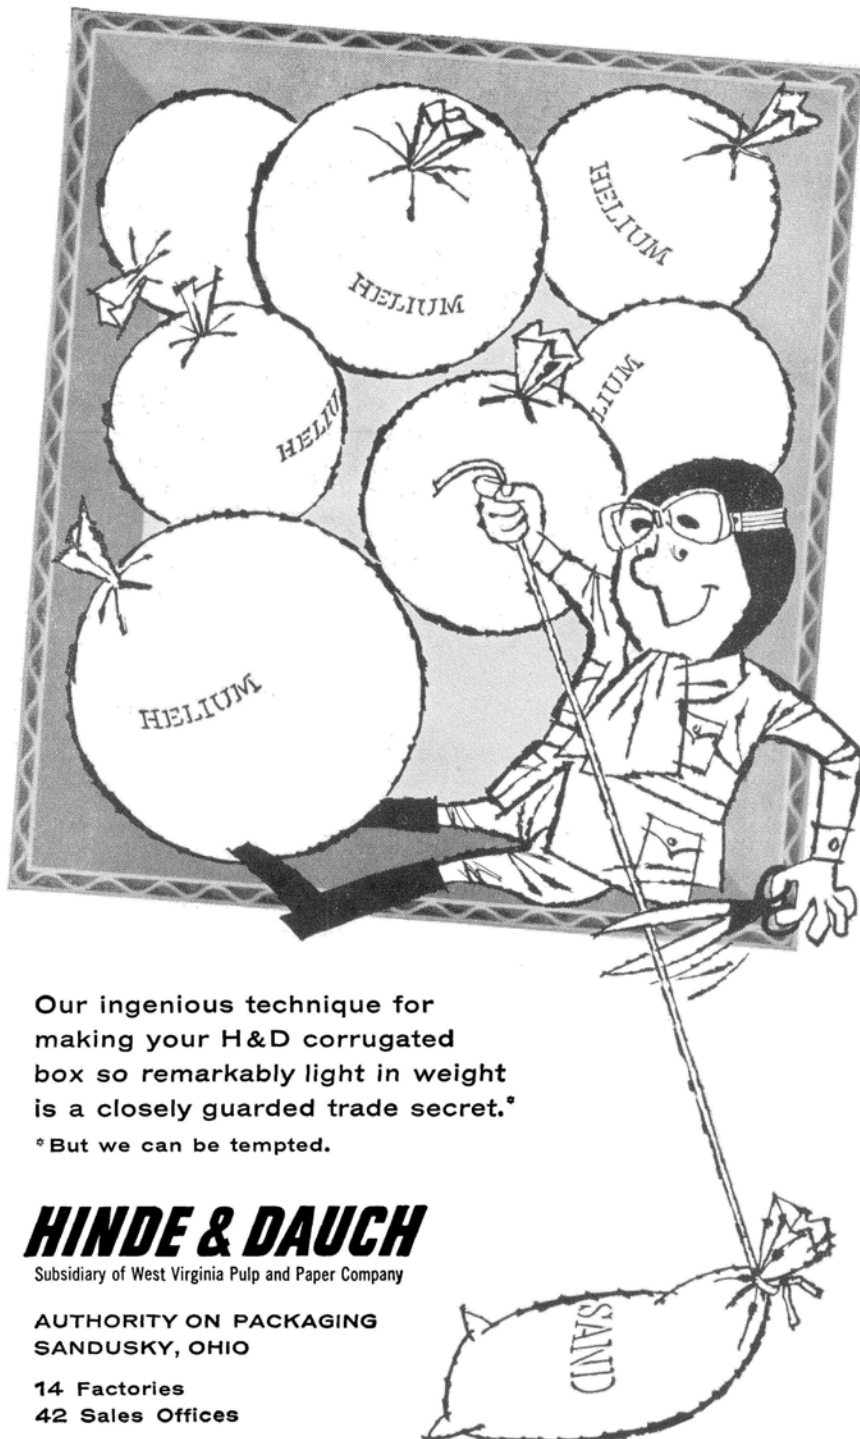

'26 **Hunt Bradley**  
Alumni Office, Day Hall  
Ithaca, N.Y.

**Theodore F. Reusswig** is superintendent of schools in Utica. His son, **Ted, Jr.**, ME '56, is now an ensign, USN, in flight training at Pensacola, Fla., and his daughter, **Judith**, is a Senior in Home Economics at Cornell. Ted, who lives at 19 French Road, Utica, says his only other Cornell prospect is a granddaughter, age 3.

**Joseph C. Mitman** is sales manager of American Creosoting Corp. in Louisville, Ky. His home address is 2012 Northfield Drive, NE, Louisville 7. **Frederick H. C. Dochtermann**, 45 Pinecrest Road, Ho-ho-kus, N.J., writes that his son, **Bob** '53, is back at Cornell in the Graduate School of Business & Public Administration and will get the Master's degree this June.

A note from **Elmer Klein** reports that his oldest son, Paul, is a newly-commissioned ensign. His middle son, **Stephen**, is a Junior at Cornell and his youngest son, David, is in high school. The Kleins reside at 410 Oakland Drive, Highland Park, Ill. It was your correspondent's pleasure to see Elmer at a Cornell Club of Chicago dinner in February.

Now that we are in the midst of the alumni annual giving season, I wholeheartedly urge that each and every one in our Class place his name on this year's Class of 1926 Honor Roll by contributing to the Fund. Your cooperation in this respect will be greatly appreciated by our Class representative, **Steve MacDonald**, and his hardworking committee consisting to date of **Harry Morris**, **Dave Solinger**, **Archie Brause**, **Schuy Tarbell**, **Elmer Fingar**, **Warren Beh**, **Dick Aronson**, **Jim Brooks**, **Joe Engle**, **Frank Edminister**, **Randy Martin**, **Sam Lawrence**, **Max Savitt**, **Walt Buckley**, **Henry Reynolds**, **Gene Kaufmann**, **John Eichleay**, **Sam Shriver**, **Mordelo Vincent**, **Dan Coppin**, **Carv Pope**, **Harry Wade**, **Ferd Hinrichs**, and **Ken Owen**.

Our ingenious technique for making your H&D corrugated box so remarkably light in weight is a closely guarded trade secret.\*

## "THE QUAKER PERSUASION"

a new book by William Wistar Comfort (President, Haverford College, 1917-1940)

"A concise and profound summary of the history, ideals and beliefs of Quakerism."—HUGH BORTON, President-elect, Haverford College.

"Those unfamiliar with Quakerism will be surprised and delighted by this skillfully summarized story. It is a pocket anthology of the stirring qualities that have made the Quakers not merely respected but also truly friendly."—FELIX MORLEY, President, Haverford College, 1940-1945.

Frederick H. Gloeckner, Publisher  
1315 Cherry Street, Philadelphia 7, Pa.  
or from your nearest store, \$2.50

From the Stamford, Conn. Advocate we learn that **James E. Hubbell** (above) has just been appointed 1957 campaign chairman of the United Fund of Stamford. According to John A. Lincoln, president of the Fund, who announced Jim's selection for this important post, "The job of heading this big, all-inclusive drive each year is one of the most challenging jobs in Stamford and it takes a person with big abilities to make it succeed. In Jim Hubbell we again have a man who measures up to the dimensions and responsibilities of this vital task." Jim is vice-president of R. C. Rathbone & Son, Inc., insurance brokers in New York City, a director and member of the governing committee of the National Association of Insurance Brokers, and a past director of the Insurance Brokers' Association of the State of New York.

Community-wise, Jim has a long list of activities to his credit. He is a director of the United Fund and of Stamford Hospital, as well as chairman of the hospital's sustaining patrons committee. He has been active in Fund and Community Chest campaigns for many years and in 1952 he and Mrs. Hubbell served as co-chairmen of the residential division in the Community Chest drive. He has also been active in the development of the Roxbury Community Center and was a director and officer of the Roxbury Community Association. Jim has two children, a daughter, 12, and a son, 10, and resides with his family on West Hill Road in Stamford, where he has lived for 22 years.

At the recent meeting of the Class executive committee it was decided to proceed with a Class directory. Letters and questionnaires to every member of the Class were approved. If you want your name included in the Class directory, be sure to return your questionnaire as soon as you receive it. It was also voted to increase the Class dues to \$6 to take care of the directory and to continue the third year of our Group Subscription Plan for the ALUMNI NEWS.

'29 AB—**Louis A. Kass**, attorney and Bar review lecturer, conducts Kass Problem Analysis Clinics and Kass-Canudo-Thornton Bar review courses to aid law students preparing for New York State Bar Examinations. He recently gave a series of lec-

tures on New York pleading and practice at University of Virginia Law School in Charlottesville. His address is 152 Irwin Street, Brooklyn 35.

'30 ME—**James L. Paxton, Jr.**, 3623 Jackson Street, Omaha 5, Neb., is president of Paxton-Mitchell Co. and board chairman of the Omaha branch of the Federal Reserve Bank of Kansas City. He was also chairman of the 1957 United Fund campaign (held in the fall of 1956), senior warden of All Saints Episcopal Church, and president for 1956-57 of the local Rotary Club.

'31

**Bruce W. Hackstaff**  
27 West Neck Road  
Huntington, N.Y.

We again pick up some rather old news, material we have had filed for some time, but which we think is of interest to all.

**W. Gifford Hoag**, Agr, connected with the US Department of Agriculture, reports that **Elton M. Smith**, Agr, is head of an agricultural project for Inter-American Affairs in Bolivia (c/o American Embassy). Elton tried to make last year's Reunion but was detained. He did get to Washington, D.C. Gifford also saw **Arthur B. Nichols**, Agr, whose big news was the sale of his Buick agency and the building of a new home in Salem, N.J. Peter Hoag, 11, son of Gifford, won four ribbons for his poultry exhibit at the Fairfax County, Va., FFA & 4-H Club Fair. Probably will be a better man than his father.

**Charles L. McGovern, Jr.**, ME, president of Trans Bearing Corp., Syracuse, has a son and two daughters. The boy is a senior at Taft School, Watertown, Conn. The family resides at 205 Maple Road, Syracuse 4. **Richard Spelshouse**, Arts, is now in New York City as merchandising manager of the home furnishings division, City Stores Mercantile Co. Dick was in Texas for the last five years. He lives at 73 Buckingham Road, Upper Montclair, N.J. **Paul Hershon**, Arts, has been in Massachusetts for one year. He was transferred from Western Electric headquarters in New York to a manufacturing location in Lawrence, Mass. Paul has four sons and lives at 44 School Street, Andover, Mass.

**Horace G. Berean, Jr.**, Arts, is regional manager for Diebold, Inc., and lives at 300 Goodwood Gardens, Baltimore 10, Md. "Hod" writes that **Francis Drake**, Arts, is personnel director of Commercial Credit Co. **C. Rollin Allen, Jr.**, CE, is a senior adjuster, General Adjustment Bureau, at 20 Corte Alegre, San Rafael, Cal. He states that large fire losses are his headache this year while last year it was winds and floods to keep him busy. His wife is **Laura Vorhees** '31 and their daughter is a sophomore in high school. **Max J. D. Lassman**, ME, besides being manager of a lace factory and a rayon and cotton dyeing plant, is developing an importing business in foundry equipment and materials. Max, his wife, one daughter, and two sons live at Monte Blanco 1030, Mexico 10, DF, Mexico.

**Frank C. Wallower, Jr.**, ME, resigned as district manager of the truck and coach division of General Motors last year. He is now sales manager of trailer, tank, and refrigeration divisions of Milans GMC, Inc. His address 7409 E. Third Street, Tulsa 12, Okla., is unchanged. Of recent date, we

learn that **Eugene G. Rochow**, professor of inorganic chemistry at Harvard, spoke on the "Relation of Properties to Structure in Some Organo-metallic Compounds," March 19, in Baker Laboratory. The talk was sponsored by the Cornell section of the American Chemical Society.

One of these fine days, if spring ever comes, we will be out of the necessary wherewithal to write these columns. A continuing supply would be most helpful. How about it, all of you?

'33 AB—**Lawrence A. Coleman** has been appointed general counsel of Allied Chemical & Dye Corp. His address is 553 Highbrook Avenue, Pelham.

'33 BS—**Mrs. Eleanor Johnson Hunt** is a substitute teacher, vice-president and trustee of the Ridgewood Adult School, and secretary of the Cornell Women's Club of Bergen County. She lives at 49 Boyce Place, Ridgewood, N.J.

'34, '35 BS—**Raymond W. Williams** has resigned as manager of the Hotel Rumley, La Porte, Ind., to join the Fred Harvey organization as manager of the Alvarado Hotel, Albuquerque, N. Mex. He is married to the former **Kathryn McGuire** '29.

'35 AB, '38 MA—**Frank Genevese**, a specialist in weapons systems, has been appointed manager at Armour Research Foundation of Illinois Institute of Technology in Chicago. He was formerly with the Institute for Defense Analysis, where he did research on present and future weapons systems and their influence on strategy, organization, and tactics. Address: 1175 Elmwood Place, Del Mar Woods, Deerfield, Ill.

'37

**Alan R. Willson**  
State Mutual Life Ins. Co.  
Worcester, Mass.

There'll be only one more column prior to Reunion and we're hoping you won't get to read that one because you'll be on your way to Ithaca when it arrives. This then, is our last chance to urge you laggards who haven't yet made up your minds, to drop a note immediately to Reunion Chairman **Stew Waring** at New York Life Insurance Co., 51 Madison Avenue, New York City 10. Tell him as soon as possible that you had your cowboy hat blocked, your spurs sharpened, and are developing a healthy thirst. **John Kelly** says he is bringing some champagne for prizes. Maybe you'll get a jug for being an early registrant!

Space doesn't permit mentioning all who are coming back June 7, 8, & 9, but here are a few received just before this column went to press: **John Baker**, **Avery Gentle**, **Alan Livingston**, **Clif Loomis**, **Howard Mandeville**, **Chuck Peters**, **John Weidman**, **Jerry Weierbach**, and **Gerry White**.

Your Class committee guarantees perfect weather, a gala program, plenty to eat and drink, Tom Mix and Tony to lead the parade, and short speeches. You have to provide the rest by being there. See you in a couple of weeks.

'38

**Stephen J. deBaun**

New York 22, N.Y.

We now continue filling in the individual portions of our 1938 Class Portrait. Several

ENGINEERS AND PHYSICISTS

# Work-Study Plan for Master's Degree in Chosen Field

sponsored by

Knolls Atomic Power Laboratory

in conjunction with

Rensselaer Polytechnic Institute

## CANDIDATES BEING CHOSEN NOW FOR COURSES BEGINNING IN JUNE AND SEPTEMBER

Knolls, operated by General Electric for the Atomic Energy Commission, is developing a two-reactor system for the new Triton, the world's largest submarine; another new project... to design a reactor for a Navy destroyer power plant system. Qualified young engineers and physicists who join the new WORK-STUDY PLAN can start immediately on some phase of these large-scale programs.

The Plan pays approximately 85% of full salary the first year and 100% the next. The Master's degree can be obtained in 2½ years or less, depending on individual background. The candidate takes his M.S. in the field of his choice, with a minor in nuclear engineering.

If you have a B.S. degree in engineering or physics, you are eligible to apply.

1st SEMESTER:	<i>Half time at R.P.I.—fees and tuition paid; half time on job, half pay.</i>
2nd SEMESTER:	<i>Half time on job, half time off for special nuclear courses at laboratory; full pay; fees and tuition paid.</i>
SUCCEEDING TERMS:	<i>Full time on job—full pay; up to 4 hours off each week to attend classes at R.P.I. Full tuition refund.</i>

### MEMO TO ENGINEERS AND SCIENTISTS AT ALL LEVELS:

Your inquiries are also invited for a number of attractive positions now open—outside of Work-Study Plan.

*If you are interested in this program, send a resume of your education and experience to:*

Mr. A. J. Scipione, 102 EM

The Route of THE BLACK DIAMOND

By Romeyn Berry '04

Preserved from the column

"Now In My Time!"

Enclose \$3.50 payment with order to

**CORNELL ALUMNI ASSOCIATION**  
Merchandise Division

18 East Ave. Ithaca, N.Y.

more have their palettes in hand, their brushes at the ready, and are about to enlighten us on the most exciting things that happened to them in the past year.

**Walt McCrone:** "Going into the consulting business and finding that I could still eat." **Hugh Atwood:** "That is a tough question. Still working for GE. After living in Bloomington, Ill., for two years we (wife June, daughters Libby (13) & Cindy (8)) like it here (Normal, Ill.) very much. Finally broke 80 at golf—79 on a par 71 course." **Bill Brown:** "I have just been promoted to division manager of Prudential Insurance in San Jose, Cal. Carol and I have sold our house in Carmel and moved to Los Gatos. Have a swell house with pool and open door for all '38's. My new addresses are 90 Highland St., Los Gatos (home), and Suite 205, 85 W. Santa Clara, San Jose (office). Hope to see you in Ithaca in June '58."

**Bill Griest:** "New home—designed and built by yours truly! Address: 925 Cameron Ave., Lancaster, Pa. Same job—chief architectural designer, Armstrong Cork Co." **Bob Shaw:** "The birth of our third daughter—Linda Ann, Feb. 1. Still with Fort Orange Chemical in Albany. Active in the Air Force Reserve as deputy commander of the 9073d Air Res. Group."

**Al Fry:** "Nelle and I have just returned from a two-month trip to Europe, traveling 18,000 miles by air and private car. Visited eight countries, stayed in 21 hotels, saw many of the world's great cathedrals, museums, etc. Hope to return in another two years." **Henry Gleason:** (written for him) "... together with his wife and children, is spending a sabbatical year at Deccan College in India, where he is continuing his research in linguistics and conducting seminars in the same subject for graduate students. Temporary address (until July 1, 1957), North St., Greenwich, Conn."

**George Hobby:** "Broke up a partnership and went ahead on my own in business of representing manufacturers of epoxy resin and vinyl coatings, masonry waterproofings, bonding agents, and perlite and vermiculite products." **Jack Duttenhoffer:** "Won a trip to England, Switzerland & France with the Hoover Co. Taking over new job Jan. 1, '57—made branch sales mgr., Hoover Co., S. California & Hawaiian Islands. As usual, enjoying three children—Jill, Susan, David (17, 13, 11) also Jean (my wife)." **Bob Reindollar:** "As of January 1, 1957, I will be associated with Rummel, Klepper & Kahl, consulting engineers, 1021 N. Calvert St., Baltimore 2. My home address will be 220 Charmuth Rd., Timonium, Md."

**Dick Williamson:** "I have accepted an appointment as associate professor of accounting at University of Southern California in Los Angeles. We took our time driving out from the Midwest and got in a good bit of sightseeing. Our boys (aged 9 & 13) especially enjoyed it. We are finding L.A. a thrilling place to live." **Phil Schinhan:** "Woke up one morning and realized that I was 40 years old."

**Carl Johnston:** "Next to having reached the parenthood plateau, the most spine-tingling event of 1956 was a change in employment. I am now working for Pomeroy & Associates, consulting engineers, of Pasadena, Cal., who specialize in water supply, sewage disposal, and industrial waste treat-

ment. I continue as chairman of the secondary schools comm. of the Cornell Univ. Alumni Assn. of Southern Calif." **Phil Fontanetta:** "Moved to new home at 121 Chaffee Ave., Albertson, L.I., with wife, son Robert (4½ yrs.) and new addition, Ronald (4 mos.). Certainly an eventful year for us."

Before cleaning the brushes for this issue, don't forget to send your dues to **John Tausig** at Butler, Koehler & Tausig, Investment Bldg., Washington, D.C.

**'39** Aertsen P. Keasbey, Jr.  
141 West 19th Street  
New York 11, N.Y.

Your correspondent would like to take this opportunity to thank the Class for its response in sending "news" in with the dues notices. I think that in this way we can keep up to date and also get something from a greater number of people. Now for some of the news.

**Alan Mock** reports that he has a new son born June 29, 1956 and that his new address is 120 Lutz Lane, Pittsburgh, Pa. **Harry Kappel** moved to 6 Sycamore Street, Holyoke, Mass., last June and had a second daughter born in August, 1956. He states that he has forsaken the fruit growing business in Interlaken for real estate in Holyoke. I quote: "Have recently purchased a 33-unit residential property and a 175,000 square foot business rental property in Holyoke. Management of these properties occupies my time."

**Jim Rutledge** is at 91 Longfellow Road, Mill Valley, Cal., near San Francisco. He has a family of two daughters and one son. His duties as assistant manager of sales training for Crown Zellerbach Corp. allow him to see **Lyn Stevens** when Lyn comes North or Jim goes South. **Pete Moody** says that he expects to return to the United States permanently in June. He has been chasing oil in Mexico for the last couple of years.

**Barry Miller** has news of a daughter, Elizabeth, born February 20. We also note that there are already two sons, five and three. The boys sing Cornell songs each night before they go to bed. **Ed Heckel** says that business is good and that he moved into a new home, in the same town, in October. His address is 1420 South Western Ave., Park Ridge, Ill.

**Jack Tallman** lives at 1701 Bedford Road, Deerhurst, Wilmington 3, Del., with his wife, two daughters, and two sons. He is still active in the Cornell Club of Delaware along with **John Brentlinger**, **John Present**, and **Phil Twitchell**. Dr. **Victor Kaunitz** is living in Kenmore, at 86 Devonshire Rd., and has a daughter and a son. Vic is a practicing thoracic surgeon in Buffalo, North Tonawanda, and Niagara Falls. He graduated from NYU in 1943, had numerous surgical residencies and came to Buffalo in 1949. Vic is a member of the American Association for Thoracic Surgery and a fellow of the American College of Surgeons. Aside from all this, he has time to play golf and ski.

**Bob Cline**, who can be reached c/o Midwest Optical Supply, Box 842, Dayton 1, Ohio, has this to say and I would like to quote: "My partner and I have been completely remodeling and re-equipping every department of our business (wholesale op-

tical prescription lab and supply). Improving layout, etc. from stem to stern to provide every extra inch of space to handle expanding operations. We employ about fifty people and operate nationwide serving eye doctors by mail. **Bill Brown** lives at 155 Grove Street, Wellesley, Mass. with his wife and three sons, seven, five and one. He is on the radiology staff of Mass. General Hospital and is a member of the Harvard Medical School faculty. Your correspondent expects to be in Ithaca over the week end of May 18 at Sigma Phi and over the week end of June 8 for the Association of Class Secretaries meeting and Reunion.

'40

R. Selden Brewer  
308 East Seneca Street  
Ithaca, N.Y.

**Bill Love**, who has been with the data process machine facility at International Business Machines Corp., Poughkeepsie plant, as an attorney since 1954, has been appointed manager of the legal department. He is also an instructor in an "everyday law" course and an "executive speech" course, which are conducted as a part of the IBM general education and management training programs. Extracurricular-wise, Bill is a director of the Dutchess County Cornell Club, a member of the Dutchess County Rotary Club, IBM Country Club, IBM Study Club, and is on the executive board of the Dutchess County Council of Boy Scouts of America. Bill and wife, Maryanna, and their three daughters, Susan, Marianne, and Betsy, reside at Clover Hill Road, Poughkeepsie.

As this is the time of year when we all

think about results of the Cornell Fund and our Class standing, it is only appropriate to list those members of the Class who, under the leadership of **Dean Wallace**, are doing the necessary and thankless leg work. Along the Eastern Seaboard, there are **Curt Alliaume**, 59 Rockledge Road, Bronxville; **Eddy Wardwell**, Chestnut Ridge Road, Glens Falls; **Johnny Collins**, 360 Springfield Ave., Summit, N.J.; **Bill Habicht**, 15 Marshall Street, Windsor, Conn.; **Bud Seeley**, 106 Deboran Lane, Rosemont, Pa.; **Bob Ray**, River Road Farm, Franklin, Va.; and **Mort Sorrell**, associated with Grinnel Co. at 1431 W. Morehead St., Charlotte 8, N.C. The Midwest is represented by **Rus Riley**, 910 So. Lincoln, Salem, Ohio; **Jordie Severinghaus**, 1704 Sunset Blvd., Royal Oak, Mich.; **Fred Jaicks**, 3210 Watling St., E. Chicago, Ind.; and our Class president, **Joe Griesedieck**, 3617 Olive St., St. Louis 8, Mo. The lone operator in the South is **Fred Carlson** at 3881 Dunhaven Road, Dallas, Tex. and in a similar status on the West Coast is **Bill Fisher** at 120 South Spring St., Los Angeles 12, Cal.

If a number of you, like myself, have slipped up in making your annual contribution to Cornell, please help the above listed individuals by sending your check, made out to Cornell University, directly to the one nearest you.

'40 Women—**Marian Goodrich Sunstein** (Mrs. Cass R. '39) lives at 57 Metacomet Road, Waban 68, Mass. in the winter and in Marblehead, Mass. in the summer. Dick and Marian have a son and a daughter who is almost 16 and hopes to enter Home Economics at Cornell. A big black dog named

T. S. Eliot is also a noteworthy part of their family. Marian reports she does the "usual community work," so I am sure she is very active.

Mrs. Douglas B. Whitney (**Elsbeth Pater-son**), 24 Fairlawn Lane, Lexington, Mass., is a medical technologist and works in various hospitals occasionally. Peg's husband is an electrical engineer and works for Laboratory For Electronics in Boston. The Whitneys have three children, ages 11, 9, and 5. Peg manages to keep busy with a Sunday school class of 15 children, Girl Scout, Cub Scout, and PTA activities, plus a little bit of gardening.

My letter from Peg Whitney reports news of **Betty Lewis Mitchell** (Mrs. Wilson S. '40), who lives on a farm at RD 1, Union Springs. The Wilsons have three boys. Betty is a dietitian at Auburn Hospital.

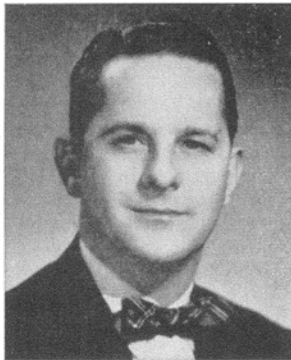

Mrs. Arthur Waldman (**Frances Tolins**), 58 Thorne Place, Roslyn Heights, is our Class representative for the Cornell Fund. Fran enjoyed her work with the Fund last year, so I hope the women of '40 will co-operate even more this year to contribute as much as they can as soon as they can and to make Fran and Cornell even more satisfied by our Class support.

—**Henrietta Hoag Guilfoyle**

'42 Men—Sorry to have missed a few columns, but your correspondent played hookey and visited Nassau for a few weeks. Also, prior to his departure, there were no items to write about. However, since then, our very excellent Reunion chairman, **Dick Thomas**, has forwarded many interesting and newsworthy items.

Almost 100 fellows have signified their

## SPECIAL REPORT

Mr. WAYNE BRENENGEN NEW YORK LIFE AGENT  
at MADISON, WISCONSIN

**BORN:** September 24, 1924.

**EDUCATION:** University of North Carolina, A.B.—1948.  
Harvard School of Bus. Admin., M.B.A.—'50.

**MILITARY:** World War II—Marine Corps Aviation (Radar & Communications).

**PREVIOUS EMPLOYMENT:** Oct. '50 to Jan. '53—  
U.S. Foreign Service, Vice Consul, Munich, Germany.  
Jan. '53 to Oct. '53—Export Company, Asst. to  
President. Fall '53 to Fall '55—Research Org.  
Investor and Executive V.P.

**REMARKS:** Wayne Brenengen joined New York Life in December, 1955, and became an agent at the Company's Capital Office, Madison, Wis. An extremely personable young man with a fine educational and business background, his energetic and sincere approach to his work won him the title of Assistant Manager after only a year with the Company. In 1956, his total sales volume of over 1½ million dollars qualified him for membership in the Company's Top Club. An outstanding success already, Mr. Brenengen's future with New York Life is indeed bright.

*Note*

Wayne Brenengen, after only one year as a New York Life representative, is already well established in a career that can offer security, substantial income, and the deep satisfaction of helping others. If you'd like to know more about

such a career for yourself with one of the world's leading life insurance companies, write:

**NEW YORK LIFE INSURANCE CO.**  
College Relations Dept. A-31  
51 Madison Avenue, New York 10, N.Y.

# Ballantine brews the flavor in beer today...

Pres., Carl W. Badenhausen, Cornell '16 Exec. Vice Pres., Otto A. Badenhausen, Cornell '17

## Enjoy the liveliest taste in town!

It takes more than good brewing to make good beer! It takes Nature's choicest hops and barley, grown in selected fields. Ballantine taps all their natural goodness — with an art handed down through six generations of brewing perfectionists. No wonder this is honest-to-goodness beer! Taste the wonderful difference!

P. BALLANTINE & SONS, NEWARK, N. J.

## Ask the man for Ballantine beer

intention to attend the 15th Reunion, and if you have not already made plans to do so, now is the time to get at it. Our Cornell Fund drive is coming along nicely, although it still has a long way to go. Of the regional chairmen, **Fred Antkies** deserves special praise as leader in both dollars and percentage of goal. Between being vice-president of Geo. R. McKibbin & Sons Co., book publishers and manufacturers, and raising two girls, Fred has been one of our most active Classmates. His address is 270 Fox Meadow Rd., Scarsdale.

**Wm. F. VoECKs**, McKendimen Rd., Medford Lakes, N.J., writes that he is still with Gulf Oil Co. as sales engineer in the Trenton district, and is a director of Mendon Research & Development. In addition to his own private consulting engineering business, **Howard Simpson** of 86 Gerry Rd., Chestnut Hill, Mass., an associate professor of structural engineering at MIT, has just formed the firm of Simpson, Gumpertz & Heger, Consulting Engineers. Howard and his wife Harriet plan to attend the 15th Reunion.

**Robert E. LaCroix**, The Park, Duffield, Derbyshire, England, is now a senior Westinghouse Electric Corp. representative at the engineering office of the Rolls Royce Aero-Engine plant. Bob says he's always glad to have visitors. Dr. **David Mendelsohn, Jr.**, 18580 Parkland Dr., Shaker Heights, Ohio, (physician, anesthesiologist) and **Dick Jones '42** were members of a cardiac surgery team from St. Vincent's Hospital, Cleveland, who were invited to Brazil to perform open heart surgery. Dick invented the heart-lung machine used to bypass the heart and lungs while surgery is

performed inside the heart. David was the anesthesiologist and Dr. Earle B. Kay of Cleveland was the heart surgeon.

**Robert L. Wagner**, 23 Powder Mill Park Rd., Pittsford, is an "inside man" in the Rochester district office of the Master Electric Co., Dayton, Ohio, manufacturers of motors. Bob writes that his occupation is a far cry from his studies in the School of Agriculture, but that's the way the cookie crumbles. **Arthur McTaggart** will not, of course, be able to attend the Reunion as he is in Korea. His address is, U.S.I.S., A.P.O. #59-1, c/o Postmaster, San Francisco, Cal.

**Gus Vollmer** and **Manuel J. (Joe) Galdo**, Central El Palmar, S.A., San Mateo, Estado Aragua, Venezuela, are making plans to be at the Reunion and are trying to contact other members of the Class who are scattered all over Venezuela to make the trip. Manuel, who is a native of Havana, Cuba, has been working with Gus at Central El Palmar which is one of the most modern sugar factories in the world.

**Fred Bird, Jr.** will not be able to attend the "15th" as he claims that when he was at Cornell he spent too much time as night editor on the Sun, and now fifteen years later he still complains that he is spending too much time in the same capacity on The Chicago American.—**Bob Cooper**

'45 Men—**Joseph N. Mayer**, 142 Ridgecrest Road, Ithaca, has been promoted to treasurer of Ithaca College, where he has been employed since 1951. Joe served four years in the Navy during World War II. He and Mrs. Mayer have a 4-year-old son. **Ted Dubin** was elected vice-president and treasurer of Daitch Crystal Dairies,

Inc. Ted has been associated with the 75-store Daitch-Shopwell supermarket chain, located in the Metropolitan New York area, since 1946, with the exception of 1951-52 when he served as head of the food laboratories at Walter Reed Army Medical Center in Washington.

**George Ford**, our Cornell Fund chairman, wrote me a letter a short time ago. George has moved to Boston and has seen **Mason Britton** who, George says, like himself is "still cooking his own breakfast and apparently thriving. When he isn't selling milling machines, he's sailing or getting ready to." George also asked me to list some misplaced persons and see if we can help him with some new addresses. If anybody knows of the whereabouts of any of the following, please write to George at 1 Craigie Street, Cambridge 38, Mass.: **Morton W. Rauff**, **Nicholas J. Markason**, **Frederick A. Hill III**, **William J. Vane**, **Harold B. Meyers**, **Marion E. Hodes**, **Richard J. Weishaar**, **Theodore J. Frasco**, **Creighton A. Lundy**, and **Charles G. Whinfrey, Jr.**

George's comment about boating rekindles my excitement of last week when I became the owner of a Chris-Craft speedboat. I thought I had better get my water skiing out of the way before my bones got too brittle. If any of you are cruising around this summer in Long Island Sound, stop in at the Manhasset Bay Yacht Club and I'll test your agility and nerve on the skis.

Now I have some miscellaneous newsnotes from the Delta Chi newsletter. Some of it may be old hat but here goes: **Ed Strickland** of 6211 S. W. 36th St., Miami, Fla. has a new son born last October and saw the Penn Game on TV last fall "and

thought the Big Red looked pretty big again after a regrettably small season." **Charles A. Sykes** is with GE's atomic power equipment department in San Jose, Cal. **Jim Shaw** is a builder and remodeler associated with Superior Structures in Buffalo. With two associates he's been operating "Craft Kitchen," a kitchen remodeling center which Jim says, "occupies more of my time than new construction." He has two future Cornellians: Bob '75 and James '77. A final news note from a Classmate—**Leo Price, Jr.**, 195 Abbey Road, Manhasset. Leo, surprisingly enough works about a half-mile from my home with British Industries Corp., where he is a sales expeditor. He and Mrs. Price have three children, Ricky, 9, Marie, 6, and Susan, 5.—**Ric Carlson**

'46 Men—It's been a long, dry spell for those of you who look for this column in each issue. I must admit that the drought has not been due to a lack of news, but instead a scarcity of time in my whirlwind schedule. To make up to you, I'll consume the maximum space allowed for such a column.

**Gabriel V. Pesce** was the subject of a feature story, complete with picture, in the Atlanta Journal & Constitution. It seems that he has taken a research engineering job with Lockheed Aircraft Corp. and has moved his family to 1794 S. Gordon Rd., Atlanta 10, Ga., from their previous home in Babylon, L.I. In spite of the long move, Gaby is still attending his New York Air National Guard drill each week end by air hopping back and forth.

**Duncan B. Parsons**, 50 Kathleen Dr., Syosset, has been promoted to the position of engineering section head for tactical analysis in the weapon system engineering department of the special missile systems division, Sperry Engineering Co. Whew, I wonder if the job is as hard as the title is long. **Paul U. Bretschger**, 580 Park Club Lane, Williamsville, is another of our Engineering Classmates with a recent promotion. He is now manager of the Western New York area for the Becco chemical division of Food Machinery & Chemical Corp.

**Myron E. Mendelson** writes that he and his family of three children are now at 924 Francis Harriet Drive, Baton Rouge 6. La. Mike's new job is general sales manager for Goldhill Food Corp., packers of frozen shrimp. It is reported that **Robert Spamer**, 141 Truman Place, Huntington, is a buyer for American Can Co.

More news via the Class dues envelopes: **Peter J. Verna**, 1518 Sterling Rd., Charlotte 9, N.C., has two children, one of each, and he owns his own ready-mix concrete and precast prestressed concrete business; **John R. B. Byers, Jr.**, Box 781, Lovelock, Nev., has a 5-year-old daughter and two younger sons and is a priest in the St. Francis Episcopal Mission; **Herb R. Askew, Jr.**, 765 Vernier, Grosse Pointe, Mich., has two daughters and is an estimator for Harlan Electric Co., where he has worked since 1947; **Donald C. Beaumariage**, 8 Sweetgum Rd., Levittown, Pa., has a 7½-year-old son and 5½-year-old daughter and is working for RCA, airborne systems, defense electronics products manager; **Herbert P. Dechert**, 119 Castle Hill Rd., East Aurora, writes that he has three fine sons, all future Cornellians; **Rodney G. Stieff**, 5409 Springlake

Way, Baltimore 12, is bolstering the distaff side with three daughters; **Charles L. Muller**, 460 South Lamar St., Denver 15, Colo., is farm service director of Radio Station KOA and KOA-TV, which covers a 7-State area, and for home life "Chuck" is married to the former **Judith Collin '48** and has a 3-year-old son.

Sorry, that's all the space allowed so I'll have to continue next time.—**Dave Day**

'47 AB—Mrs. Chadbourne B. Smith (**Vivian Anderson**) has moved from Baltimore, Md. to 1734 West Seventh Street, Freeport, Tex., where her husband has a job with Dow Chemical Co., Texas division.

'48 BS, '52 PhD—**Kenneth Goodwin** lives at 359 Sterling Court, Fremont, Cal. He is a geneticist, specializing in research in poultry breeding, at Kimber Farms, Inc., Niles, Cal.

'48 PhD—**Charles J. Kentler, Jr.** was appointed last March as New York district manager of the meter and valve division of Rockwell Manufacturing Co. His address is 5 Exeter Road, Short Hills, N.J.

'48 BEE—**Donald A. Raunick**, 28 Parkwood Boulevard, Poughkeepsie, is department manager of the product development laboratory, International Business Machines Corp. He has been with IBM since 1952.

'48 AB—**William A. Thompson** is a personnel supervisor for Chas. Pfizer & Co., Inc., Brooklyn pharmaceutical and chemical company. Thompson lives in Brooklyn at 2 Grace Court.

'48 BSinAE, '49 MSinI&LR—**Herbert I. Weinberg** and Mrs. Weinberg announce the birth of a son, Glenn Alan, August 16, 1956. Weinberg is a production foreman with Inland Steel Co. and lives at 8202 Howard Avenue, Munster, Ind.

'48 AB, '49 MNutrSc, '53 MD—A son, Michael Jay, was born, September 18, 1956, to Dr. and Mrs. **Edward A. Wolfson**, 1705 Greenwood Drive, Fairlawn, N.J.

'49 Men—Several companies have been promoting and transferring members of the Class, and news releases have been forwarded to us. Among the most recent is the appointment of **Donald D. Threlkeld** as sales representative in the Chicago office of the industrial chemicals division of Olin Mathieson Chemical Corp. Don was formerly a process engineer at the company's organic chemicals plant at Brandenburg, Ky., for the last five years, and prior to that he was in the company's research laboratories at Niagara Falls. **Richard C. Sharp** has just taken a new job, as engineer with Bogert & Childs, sanitary consulting engineers in New York City. Dick is commuting from his home at 35 Beachview Dr., Stamford, Conn. From Dayton, Ohio, comes the announcement from H. C. Huber Construction Co. of the appointment of **Robert E. Miller** as general manager of the company's new "enterprise plan," which is a package offer to help companies get set up in the home construction business. Bob was through here last fall as the program was beginning to jell, and he was most enthusiastic. He was formerly with Bowser-Morner Testing Laboratories in Dayton, and before that with Procter & Gamble.

From Adelphi College, Garden City, comes a news release announcing the naming of Dr. **Irwin Fand** as instructor in the

biology department. After graduating from Cornell, he received the MS and PhD degrees from New York University, and now, when not teaching at Adelphi, he works on atomic energy problems and biological medicine. His address is 30 Boyd St., Long Beach. Subject of an extensive article in the Youngstown (Ohio) Vindicator some weeks back was **Francis W. Walker**. Frank has apparently done an excellent job of building and running The Advance Plating Co., of which he is the managing officer, into a prominent place in its industry and in its community. He has also found time to become a member of the Tippecanoe Country Club, American Electric Platers' Society, Chamber of Commerce of Youngstown, Elks' Club, Colony Club, and the Poland Presbyterian Church. He and Mrs. Walker live in Poland, Ohio, with their two children, Lynthia and Frank, Jr.

A couple of marriages also broke into print; **Richard (Dick) Fincher** and Gloria DeHaven were married in Miami, Fla. January 19, 1957. Dick is president of Fincher Motors in Miami, and his wife is, of course, the well-known movie actress, **Charles N. Winget** was married, January 12, to the former Gracia Gaynor of Nutley, N.J. Among recent new arrivals is a son, John Frederick, born to **Frederick W. Howell, Jr.** and his wife, **Eleanor Dittman '56**. Young Frederick will accompany his parents on midnight floor-walks at 42 Marie St., Massena.

For those who want to bring the little black books up to date, here are some recent addresses. **Paul E. Gillette**, 271 Williams Ave., Hasbrouck Hgts., N.J.; **Philip H. Haselton**, 50 Montview Ave., Short Hills, N.J.; **Ed Collum**, 110 Orville Dr., Syracuse; **Herbert J. Schwartz**, 315 Ashbourne Rd., Rochester; **James K. Sliger**, 3618 40th Ave. West, Seattle 99, Wash; and **James B. Schryver**, RD 4, Norfield Rd., Weston, Conn.—**Jack Rupert**

'50 Men—We just located a sizeable pile of return mailings that were temporarily mislaid when material for this column was sent from Marcham to Maloney. There's enough on hand to keep us in print, but more is always welcome.

**Wayne Friedrich**, 654 East Greenman Rd. Haddonfield, N.J., is married and has a son. He is production and inventory planning manager of John J. Nesbitt Inc., manufacturers of air conditioning equipment. **David Dingle** is in England for one year with Bowater Scott Ltd., one of Scott Paper's subsidiaries, and can best be reached via 133 Fawn Lane, Haverford, Pa.

**John E. Owens**, Clifton Park, Bldg. 43, Apt. 6, Wilmington 2, Del., is an engineer with the textile fibers department of Dupont. He was married last June to the former Margaret D. Lennon of Wilmington. **Arnold Cohen**, 441 E. 81st St. New York City, is a resident in psychiatry and neurology at Manhattan Veteran's Administration Hospital.

Much has happened to **John Torell** of 70 Woodland Street, Holliston, Mich. He has been transferred from Syracuse to Boston and now to Holliston, all since 1955. He married Jane Sidford in 1953 and they now have a daughter, 1½, and another was due last fall. John has been sales representative for Lufkin Rule Co. for seven years.

**James L. Smith** and Mrs. Smith (**Jackie**

**Fulton**) '50 are in Houston, Tex., and have a son Michael, now about 3½. Cities Service has seen fit to promote my old roommate to district geologist handling marine operations in the Gulf of Mexico. Their address: 3921 Byron, Houston. In Hilton, **Stanley Pogroszewski** runs a dairy farm and has two daughters, age 4 and 2. Address, 2390 Lake Rd. **John W. Chapin**, 877 8th St, Yuma, Ariz., says, "it's hot down here but do we have nice winters." We in Central New York are envious, especially in February. **Richard S. Coffin**, Bradley Brook Drive, North Granby, Conn., announces the arrival of his second daughter and third child last September. He's with H. B. VanZelm, consulting engineers in Hartford, Conn.

Power Magazine has a new associate editor, **Howard P. Kallen** of 538 Suffolk Ave., Massapequa. Son Douglas is now well over a year old now. **David G. Bowen, Jr.**, 62 Washington St, East Orange, N.J., is a chemical engineer with Esso Research & Engineering Co. In Ithaca, **Richard S. Locke**, 114 Heights Court, has a real estate broker's license and is an associate broker with Ithaca Real Estate Agency. **Fredric A. Obstfeld** is still with General Tire and lives at 1675 Wiltshire Rd., Akron 13, Ohio. Classification is now "father of eight month old son."—**John Maloney**

'51 Men—Box score on dues payers is 167. If you haven't yet joined the troops, how about sending your \$3 to **Keith Seegmiller** at 123 W. Main Street, Bennington, Vt.

Upstate New York has a real passel of Class Council members. They include **Al Blumstein**, 269 Royal Parkway E., Buffalo; **Bob Brandt**, 136 Edgewood Road, Rochester, who is on the lookout for your Cornell Fund contribution; **Glen Caffry**, Upper Ridge Street, Glens Falls; **Tom Kalshoven**, 403 Washington St., Watertown; **Jack Ostrom**, 68 Kingsbury Lane, Tonawanda; **Dick Ramin**, Day Hall, Ithaca; **Al Underburg**, 526 Jefferson Ave., Niagara Falls; **Jack Vinson**, 13 Michaels Drive, Schenectady; and **Bruce Widger**, 20 South St., Marcellus.

With General Electric in Schenectady is **Fritz Gloeckner** of Netherlands Village, Apartment 1-11. **Bob Lehren** live on Oriole Way, RFD 1, Huntingdon. Announcing a new son is **Dick Darling**, RD 1, Box 257, Central Square. Dick is with H. B. West Lumber Co.

**Rollin Perry**, 1306 E. State, Ithaca, has been promoted to 1st Lt. in the Army at Carlisle Barracks, Pa. Industrial relations manager of Photocircuits Corp. of Glen Cove is **Burt Pierce**, 144-69 Grand Central Parkway, Jamaica.

Leaving New York State for a final note: **Art Gormley**, formerly with the Dallas (Tex.) Morning News, has been named assistant vice-president for production and industrial relations of the Norfolk, Va., Virginian-Pilot and Ledger-Star.

—**Bill McNeal**

'52 Men: **Thomas A. Martin**  
210 Martine Avenue  
White Plains, N.Y.

Pre-Reunion parties were held during the last few weeks in New York and Philadelphia. I can testify to the success of the one in New York. Despite the heavy rain quite a group attended, many of whom are planning to make the trip in June. An encourag-

ing number of people have already made definite reservations. According to our chairman, who is plagued with budget problems, this can only be done by sending a check. Included in this group are **Don L. Bates, Pete Berla, Neil Van Vliet, Bill Vickroy, Phil Gottling, and Al Rose**. A second mass mailing will be accomplished shortly and Jack asks that you advise him of your plans as soon as possible. The final cost figures have been tabulated and the official price will be single men \$16; with wife \$27 or \$23 depending upon whether or not she too is a member of the Class. In each case add either \$2 or \$4 per night if you intend to use University lodging.

A letter from **Dick Gooley** arrived recently. During his naval tour, he was married to the former **Mary Anne Chittendon** on the Island of Malta. They are now living with their very young daughter at 1116 McAree Road, Waukegan, Ill. Dick is a senior field engineer with Western Electric, serving in the capacity of technical adviser to the Navy's weapons control school at Great Lakes.

**Willis J. Laudon**, assistant manager of the Sears Roebuck store in Rome, reports that the birth of his new son, their third child, prompted him to buy a house at 402 Oakwood St. **David P. Wilton**, 822 South 48th St., Philadelphia, Pa., has received the MBA from Wharton School of Finance and is now employed by Arthur Young & Co.

Via **Ed Weber** we hear that **Phil Fleming** will finish law school at the U. of Michigan this June and plans to take the Maryland Bar exam. Enrolled with Phil were several other members of the Class: **Ed Hanpeter, Chip Shelton, Mike Scott, and Bill Wangaman**. Hanpeter graduated in February and is with the legal department of Ford Motor Co. Last September, he married **Joan Ruby '51**. They live at 825 Beaconsfield, Grosse Pointe Park 30, Mich.

**Tom Cashel**, after receiving the LLB from Cornell last June, was awarded a Fulbright Scholarship to study international law at Cambridge. His address is Downing College, Cambridge, England.

**'52 Women: Mrs. Ralph M. Starke**  
240 Milton Road  
Rye, N.Y.

Mrs. Bertram Thorne (**Carolyn Gerson**) is a busy housewife at 129 South Ellsworth St., W. Lafayette, Ind. and has two sons Christopher, 18 months, and Jason, 4 months. Her husband is working on the PhD at Purdue in speech pathology. Mrs. Ed Kolb (**Nancy Cooney**) has two children but finds time to do a lot at 52 Alton Drive, R.D. 3, Grafton, Ohio. "Ed's finished at Case," she writes, "but still in Cleveland for the time being. Bought a home, finishing the interior ourselves, also added fenced in patio, garage, and a half-acre of landscaping. Also very active in organizing a civic group out of the 450 homes in the development."

The Arthur Youngs (**Nancy Connvery**) have found the way to live on "the story book island of Martha Vineyard" the year around. They have a summer resort business. You can reach them for reservations at Box 709, Edgartown, Mass.

Think of **Dorothy Baczewski Waxman** as you ponder your summer wardrobe. She's a buyer for Ohrbachs' Inc., and lives at 321

W. 11th St., N.Y.C. 14. Mrs. Jacob Krumbein (**Mina Brown**) lives not far away, Apt. 12B, 853 Empire Blvd., Brooklyn 13. She is a teacher and has been writing for Jewish children. One book was published in November '55 and she hopes to have another completed in '57.

**Ricki (Reyes)** and Bill Symons (Clocks Blvd., Amityville, Long Island) are preparing for the summer's fun, by giving their boat the annual spring shape up. Last fall, Bill built, as well as designed, a beach house at Fire Island. They spent a wonderful month in Nicaragua visiting Ricki's family during February. In spite of all this, she signed herself "Loafer of Amityville," since she has semi-retired from modeling with Powers to spend time with her family.

A note from Class President Mrs. Sanford Parish (**Fraeda Aronovitz**), 905 W. Water Street, Elmira, sent her sad regrets that family matters will keep her away from Reunion. But more cheerful news from Elmira, 418 1/2 W. 1st St.: the Edward Hoffmans (**Joy Rees**) were delighted, March 25, by the arrival of Elizabeth Hart, who joined Steve, 17 months. It was also a girl, Linda June, March 22, at the home of the **Jack Cravers (Libby Hunsburger)** 624 Pat Drive, W. Islip, Long Island. Debbie is 2 and Jeff 3 1/2. Jack is Reunion chairman when he finds time off from his duties as operations analyst at the Hotel Roosevelt in New York City.

Not to be forgetting: Reunion; Class dues of \$2 to Mrs. Fred C. Lathrop, 2 Sunnyside Road, Scotia 2; \$\$\$ to the Cornell Fund.

**'53 Men: Samuel D. Licklider**  
Box 247, Cornell Med Col.  
New York 21, N.Y.

Often have I sat—mind reeling from the double pressure of studies and patients, and of bimonthly deadlines—and ground out this column while my heart was not in it. Wondering how much difference it made to report another change of address. Wondering what it was all about that I should relate how a Classmate had gone down in a broken Navy jet.

Tonight I took dinner at a Czech restaurant on 73d St., where the faces of the waiters hold the hollow reflection of a once free and long since downtrodden homeland. I listened later to a former China missionary, whose sincere preaching of Western medical advances may work untold havoc with the precarious balance between food supply and population density in the Far East. Watched a TV astronautics panel gild a schedule for travel into outer space by a certain species, *homo sapiens*, that is not yet master of the planet of its origination. All with an empty echo. I turn now with new content to the writing of this column. For here, in fact, is a story worth telling. Here is a band lit by the enterprising spirit of Ezra Cornell and his "ten, stout-hearted men," who (grounded in the precious lessons of the past) can slough the deep mud of the present with strength enough to catch the true vision of the morrow. Here is a tale that is not yet told.

Five moons ago a son, Gary, came to the house of **Henry (Bud) Rubens**, 224 Edgewood Ave., Rochester. **Gil Small** and **Nate Cohen** are standing by as godfathers. Bud is presently working in the labor relations field.

Lt. **Gerald J. Adler** sends this suggestion for Class activities: "Field trip to Texas." He is located at 12010 Palmway, Genoa, Tex., whence he drives out daily to instruct in navigation at Ellington AFB. Jerry's daughter Sheree is nearly 2 years old.

Retired Class Secretary **Garrie R. Davis** (Wilton, Owings Mills, Md.) has opened a new veterinary office-hospital in suburban Baltimore. The State of Florida engaged Dr. Davis last year in a disease control program in the Everglades.

After having been with us on the Hill for one year, **David B. Bauman** (6 MacDonald Ave., Guelph, Ontario) has served 5 years in Bombay State, India, as an agricultural missionary for the Methodist Church. December, 1955, Dave and Faith Weber of the United Church of Canada were married at Neemuch, Madhya Bharat. They are now on furlough to the Ontario Agriculture College and will return to India in September.

God willing, says **Lawrence Rosler**, he expects the PhD in experimental nuclear physics this June. Address: Sloane Physics Laboratory, Yale.

**Carl O. Preis** is a design engineer with the guided missile division, aerodynamics section of Republic Aviation Corp. He will receive the BME this June from Polytechnic Institute of Brooklyn. Carl's home is at 2248 Charing Cross Road, Baldwin. Another June graduate is **Edmund F. Nolan**, who has been attending Columbia's School of Business along with **Ed Gibson**, **Eli Manchester**, and **Bob Engel**. Along with many others, Ned makes the stalwart suggestion for a '53 get-together in the New York area. Ears up, cousin **Brinkman**!

**'53 Women:** *Mrs. A. B. Boehm, Jr.*  
1601 State Street  
Midland, Mich.

This must be an uneventful time of year for the women of '53. Please let me hear from you.

Congratulations are in order for Mrs. James E. Cobb (**Virginia Wenz**), Apt. C, 723 SW 9th Street, Gainesville, Fla., on the birth of Laurence William Cobb, March 26.

**'54 Women:** *Ellen R. Shapiro*  
44 East 74th Street, Apt. 1B  
New York 21, N.Y.

Hope as many of you as can make it are planning to spend at least part of your vacations in Ithaca for our Baby Reunion. Do try to get your reservation blanks to **Diane Peterson** Michals, our Reunion Chairman, if you haven't mailed them yet! If you've lost, mislaid, or thrown out the letter from Diane, write to her at 626 E. 20th St., Apt. 1E, New York City 9. You can also make arrangements for rooms in the dorms through Diane.

Also, don't forget to send \$2 for Class dues, which is collected only in Reunion years. It is very necessary money, to pay the cost of Class newsletters, mailings, and other administrative expenses.

**Betsy Hynes**, who is busy working on plans for the Saturday night barbecue, lives at 433 E. 33d Street, New York City.

And, a final plea to send contributions for the Cornell Fund. As of April 1, our Class had 51 donors for a total of \$281. Class goal is \$739 and 130 donors. Checks may be sent directly to the Cornell Fund, Ithaca.

**Marlene** (Enie) **Muller Robbins** and her husband, **Sanford H. '53**, are living at 228-B Hillcrest Avenue, Collingswood, N.J. Sandy is with Thatcher Glass. The Robbins have a son, Sandy, Jr., who is 1½.

Had a letter from **Nancy Lee** (**Behrbohm**) Byer with the news that the Byers are civilians again. Nan writes that Al has a wonderful job as assistant manager of the Park Country Club of Buffalo in Williams-ville. They live at 24B Yale Avenue, Buffalo 26 (Eggertsville). Nan wants to know of any Cornellians in the area and would like to hear from anyone living nearby. The Byers have a daughter, Gena, who should be celebrating her first birthday about the time this column is printed.

**'55 Men:** *Richard J. Schaap*  
Q. M. Training School  
Ft. Lee, Va.

Department of Foreign Intrigue: That dashing swordsman, spokesman, and

Frenchman—**Philippe Mocquard**—has finally been trapped by a woman. April 6, Philippe married Maria Vittoria Pavolini in Rome. As somewhat of a personal international monopoly, M. Mocquard is assistant manager of El Mansour Hotel in Casablanca, El Minzah Hotel in Tangier, and Rock Hotel in Gibraltar. He picks up his mail at the first one. Another world traveler, **Jorge Leon**, is studying business in Tegucigalpa, Honduras.

**\* '56 Women:** *Linda J. Hudson*  
153 Hamilton Road  
Ridgewood, N.J.

After several lunches, an overnight trip to Larchmont, a great deal of chatting, and a little bit of work, Class Secretary **Midge Lowenthal** and I finally have the first issue of the Class of '56 newsletter ready to roll off the presses. Much of the time we spent comparing notes on weddings, so to keep you all up to date on some of those I've missed, here we go.

**Sonia Goldfarb** became Mrs. Robert Brodie a while back. March 24, **Anita L. Hurwitch** was married to Joseph Fishman. Other weddings were **Carol Sue Blicker** to Mitchel Gartner and **Carol Solomon** to Morris Gold. Sorry I don't have the address for these gals, but perhaps when they see their names they'll drop a line with their new addresses enclosed.

Also March 2 was the date when **Janet Burgess** became Mrs. Andrew Tuck. On hand for the wedding were **Sue Sylvester** and a delegation from Boston including roommates **Marlene Hazel**, **Betsy Ostrom**, **Ann Finkenauer**, and **Carol Wolfinger**. It was quite a Cornell affair. Oh, by the way, the location was New York City.

**Phyllis Miller** was married April 23 to Henry C. Lee in Manhasset, L.I. Phyl and her husband will soon be leaving for Europe, probably Germany, where he will be stationed with the Army. She promised to send along her new address as soon as she arrives. Judging from the number of letters I've received bearing Paris, Rome, and Frankfort postmarks, I think most of the Eisenhower budget is going to finance honeymoons for '56ers. Nice life!

## MAKE LIFE WORTH LIVING...

The Sun Life of Canada, one of the world's great life insurance companies, offers men of ambition and integrity an outstanding professional career in its expanding United States field force. If you feel that there is room for improvement in your business life, and if you are interested in a dignified career where you are limited only by your own efforts and ability, then Sun Life might provide the answer. There are excellent opportunities for advancement to supervisory and managerial rank.

## OUR CORNELL

Eight distinguished alumni write  
about their University

Mailed postpaid for \$1 from  
Cornell Alumni Association  
Merchandise Div.

18 East Ave.      Ithaca, N.Y.

News from another Burgess. This time it's **Joan Burgess** and she's located at the Northampton School for Girls, Northampton, Mass. Joan is teaching physical education there and working on the MS in physical education at nearby Smith College.

And an item for the correction department. **Diana Scudder** is not in Swarthmore, Pa. as reported in the April 1 issue. She's at 234 Abbey Road, Manhasset, L.I. Diana has completed the training program at Time, Inc. and is now working in the newsstand circulation department of Sports Illustrated. She is Class chairman of the Brooklyn, Manhattan, and Westchester areas for the Cornell Fund drive.

All of which brings me to a final note. According to the totals which **Betsy Jennings** sent out a while back, the Class of '56 women are doing pretty well in the "dollar goal" column, but are looking pretty sad when it comes to the number of contributors. We're off to a good start on the money side, let's keep it up there.

## NECROLOGY

'95 AB—Mrs. Irene Newhouse Noyes, Kenwood, Oneida, August 3, 1956. She was the widow of George W. Noyes '92 and the mother of Mrs. Imogen Noyes Stone '25, Mrs. Charlotte Noyes Sewall '28, and the late Janet W. Noyes '29.

'99 DVM—Dr. Chester Ransom Perkins, 17 Hillside Avenue, Buffalo 10, March 8, 1957. He was for many years a veterinary inspector for the US Department of Agriculture.

'02 AB—Mrs. Frank L. Stiles (Eliza Dorrance Huestis), 268 North Mountain Avenue, Upper Montclair, N.J., March 28, 1957. In 1901, she became the first woman to be elected to the Cornellian board. Sister, Mrs. Edna Huestis Swinnerton '06. Kappa Kappa Gamma.

'07 ME—Louis Nelson Dibrell, 124 Broad Street, Danville, Va., October 9, 1956. He was in the leaf tobacco business; was president of Piedmont Broadcasting Corp.; chairman of Security Bank & Trust Co. and Westbrooks Elevator Co.; and a director of Dibrell Bros., Inc.

'07 AB—Louis White Fehr, lawyer and former newspaperman, March 25, 1957. Before retiring, he practiced law in New York City, where he lived at 100 West Fifty-eighth Street; was secretary of the city park board and acting park commissioner from 1914-17. He was a reporter for the Ithaca Journal in 1906 and later was assistant night city editor of The New York Times and City Hall reporter for the New York American. In 1929 and 1930, he was president of the Newspaper Club of New York.

'11 ME—Gelston Hills Armstrong, November 27, 1956. His address was 2820 Jessup Road, Cincinnati 24, Ohio.

'11 CE—Frederick Ohrt, 2958 Nuuanu Avenue, Honolulu 17, Hawaii, March 13, 1957. He retired in 1952 as manager and chief engineer of the Honolulu Board of

Water Supply; was past president of the Engineering Association of Hawaii, chairman of the Territorial Retirement & Pension Commission from 1946-49, and delegate to the Hawaii State Constitutional Convention in 1950. He was elected an honorary member of the ASCE and was awarded the honorary DSc at University of Hawaii in 1952. Phi Gamma Delta.

'14 BS—Stanley Hedrick Watson, 19901 Van Aken Boulevard, Shaker Heights 22, Ohio, March 21, 1957. In 1954, he joined the Louis Behr Organization of Cleveland, pension and retirement program consultants, after more than thirty years as a salesman in Cleveland for Equitable Life Assurance Society. He was a former president of the Cleveland chapter of the Chartered Life Underwriters Association and a life member of its Million-Dollar Round Table. Beta Theta Pi.

'17 CE—C(harles) Beverley Benson, 44 Highridge Road, Hartsdale, April 2, 1957. He was a consulting engineer on railroad problems for the State Public Service Commission; was responsible for the installation of an electronic speed control system on the Long Island Railroad in 1950 and helped improve railroads in England, France, Spain, Japan, India, and Malaya. From 1919-22, he was instructor in Mechanics at the University and from 1925-27 was professor of civil engineering at Purdue University. Wife, Mrs. Katherine McMurry Benson '18; daughter, Mrs. Barbara Benson Mansell '41; son, Beverley Benson '53; brother, Harold J. Benson '22.

'20, '21 AB—Dr. Theodore McKee Trousdale, April 16, 1957, at his home, 1151 South Orange Avenue, Sarasota, Fla. He received the MD at Johns Hopkins in 1925 and was an eye, ear, nose, and throat specialist in Peekskill until 1942, when he was commissioned a captain in the Army. He was discharged in 1946 as a major and started medical practice in Sarasota. Brothers, James B. Trousdale '22, University Auditor, and Whitney M. Trousdale '25.

'22 AB—William Crockett Wilkes, 149 Oak Ridge Avenue, Summit, N.J., April 1, 1957. He was a partner in the New York City brokerage firm of Kidder, Peabody & Co. Son, Thomas E. Wilkes '58; sister, Harriet E. Wilkes '22; brother, Robert J. Wilkes '28. Kappa Delta Rho.

'23 AB—Elva Rose Donnell, March 4, 1957, at her home, 26 Lake Avenue, Ocean Grove, N.J. Alpha Xi Delta.

'28—Clarence Simon Moyer, 1910 Makefield Road, Yardley, Pa., March 22, 1957.

'31—William Henry Burns, April 6, 1957. He lived on King Street, Croton-on-Hudson.

'50 BS—Charles Heber Adams, March 26, 1957. He operated a farm in Holcomb.

'52 DVM—Dr. Albert Roundy Greenwood, February 4, 1957. His address was Box 380, Los Banos, Cal. Omega Tau Sigma.

'60—Maxfield Lloyd Young, March 27, 1957, as the result of an automobile accident in Keene, N.H., where he lived at 251 Main Street. He was a Freshman in Chemical Engineering; was pledged to Theta Chi.

# *An Executor from your family?*

In many cases a man feels that his wife or son could contribute a good deal to the settlement of his estate, although he realizes that more training and experience than they possess would normally be required.

Often the answer lies in combining the services of the United States Trust Company as Co-Executor, with those of

a member of the family. We welcome such an arrangement and believe that it will prove a harmonious and effective way of carrying out your wishes.

There are of course many factors to consider in choosing an executor—including a few precautions. We should like to explore them with you and your attorney.
